NOSTRADAMUS: We are finding typos and changes on every page going over the sentences. More explanations are needed. After a time, when all explanations are recorded, we can have the final version for you.

NOSTRADAMUS: These are of the 27 quatrains that were destroyed by the Devil's Advocates. The prophecies as seen from that time, they have since changed. Of the teachings themselves, the Second Advent Teachings, that will be of another project.

The system of words is eventually forwarded with the progressive Revelation of the Christ teachings in various time periods such as the 20th and 21st in a convergence of cycles. The Shaven Ones look to these cycles to incarnate, come what may. The system of worlds is furthermore advanced by the Seven Stages of Consciousness steps as given by Saint Germain , Hierarch of the Golden Age, that did not come to pass in the 20th century for the numerous failures for a “stillborn baby”.

TAKEN FROM SEVERAL PRESAGES.

... Only a few would ascend. What can only be said in retrospect from the 1500s is that there was no turning back of the prophecy which was also foretold in Revelation 11 by Jesus Christ. And had it not been for the internet web technology to come forth, right away after this time, the prophecy would have caused the Shaven Ones to not find this same cycle for the 74,000 years. And only a few would have ascended.

The primary difference from the original prophecy and now is that the mantle of the Mother of the Flame was by Karmic Board decree, by Nada, transferred directly to the disciples of Christ. The MLP false hierarchy was in place. The finality of ECP & MLP was instigated for their destruction by this transference of the mantle of the Mother of the Flame to the Shaven Ones of the Second Advent Teachings.

This is however not a victory as also many went to their second death for following the false hierarchies, child abuse, being of darthvators, proselytizing—thus where there is great Light, there is a great great Dark.

The Second Advent Teachings include the: 4 gospels of the New Testament, Revelation, Isaiah, Genesis. Ten Commandments. Ten Perfections of Gautama Buddha. Cosmic Clock 12 lines. 7 Rays. 7 Chakras. Will of God. Co-dependency. Mastery of karma and reincarnation. Mastery of the carnal mind, demons. Commanding waters & demons. Kingdom power where Jesus Christ taught: All power is given to me in heaven and earth. Antahkarana. 7 Stages of Consciousness. Indifference at losses, etc.

Much to the surprise of these who tarried for the 2,000 years since Jesus Christ in Palestine, they take divine government positions for knowing the disciplines and discipleship under Christ and Buddha. They move higher than the Ascended Ones of prior ages. This was a sacrifice for some, that they would forego the ascension and wait to learn the Second Advent Teachings to come forth in the 20th century.

Nothing is fated, the risk he faces is. He is fated by Cosmic Law to ultimately fail as the Third Anti-Christ. The year for the Third Anti-Christ diminishing is 2030 approximately.

However this one is also Brennus before taking this incarnation as world conqueror. Brennus acting up to the time of the second death of Maelus then could be judged before his death as the Third Anti-Christ, on account of the end of the Chief Demon Maelus going to the second death! If that were to take place then, he would most likely go the way of *Brennus* not as the Third Anti-Christ. He would under Elohim go through a makeover operation and go on to finish his years by working on a 12-step program to eradicate the horrors of his childhood.

taking over the world in world takeover when the people have no morals. When they live for commerciality and not for True North Principle as purpose.¹

The change is what is termed the SPP (Suern Persecution Priests) Rebellion. On Suern, over 92,000 years ago, situated on a continent where present India is, the people did not need to cultivate the land for food. From the tending of the altar in purity, they were able to precipitate food, along with the supporting light of the ruler or the Rai. In the golden age, people lived as vestal virgins with regular liturgy as their primary work. They however did not have the Christ teachings.

Those SPP who incarnated into this 21st century Christian culture failed unless they could adhere to strict Christianity. Otherwise, they took up Satanism & witchcraft and necromancy or the garnering of power through the abuse of the procreation fire. The primary religion was one of the abuse of power on the Love Ray in that their morality was set upon choices made from their likes and dislikes and not upon True North Principle based on the suffering and pain replica of Jesus Christ. They not only refused suffering and pain, they would spurn the opportunity to learn from pain. They would seek the marijuana-deathdrug and killabortion instead in their resolution of the lessons of life. The original SPP culture eventually died off under this atheistic bent. The self-destruction, the satiating of one's one self-importance became their detonation as one cannot live solely within oneself. They withdrew from society, they would be SPP turned into "dropouts."

On Suern, almost 99,000 years ago, the SPP rebelled against the Rai in having to discipline their diets, cohabitation rules and this enangered them to rebel. They stopped tending to the altar and was in a rebellious preachment until finally they were required to farm husbandry and growing food.

This further enangered them to make their rebelliousness to expand. However, for the sequence of events leading up to their rebellion, mercy was extended. The dropouts were allowed to have a single final incarnation in the 21st century.

This however turned into a rout, as what the reincarnated Suernis or the dropouts did was to bring a heinous culture called "rock-n-roll, sex and drugs" that would cause the second death of many. It furthermore caused a cessation of going into the Golden Age. What was a Christ culture ready for the Golden Age, was one that could not, was not capable of any longer, going into the Golden Age for the dropouts.

An Atom cannot support dropouts whether they are of the sort of the SPP culture or not. To have a placement in the Atom, it requires participation in having the verve for Light and love. And just as Europe for its atheism and agnosticism will be wiped away, those who preach the *rock-n-roll, sex, drugs* preachment cannot pass the Judgment of Souls Trial nor go into the next 74,000 cycle. In this quatrain, the ability to remove the downward spiraling of the Light in the body temple will determine whether a person raised in this *rock-n-roll, sex, drugs* culture would go to the second death or even for the next 74,000 year cycle, or not begin to disintegrate rapidly.

The cycles of the Mayan Calendar bring a judgment of substantial import. There is a demarcation point in which as if full speed ahead, each person on earth is judged. When that judgment call occurs, there is a rapid deterioration or acceleration on account

¹ There is the ubiquitous banality of evil. These are absent the Martin Luther debate of "What is God?" and "What is the Devil?" What is evil, they do not recognize. Someone can be killing them and they do not cry for help but try to find fault with their own behavior.

of this time cycle ending. Notwithstanding, those who practice necromancy, pedophilia, proselytizing are judged directly. What had been in place as a movement is judged. The call is this demarcation point in time to go into one way or another. And it is as Jesus Christ taught, that it is one of an eternal damnation or of eternal life.

NOSTRADAMUS: This is a horrible condition of a prophecy for atheism in Europe. It is the barrenness of such sickness as atheism and agnosticism.

NOSTRADAMUS: If the U.S. accepts Ron Paul's Constitution, they do not have this fate, however Europe does not get this Ron Paul's Constitution in this prophecy.

NOSTRADAMUS: The derision is partly from the actions of the Catholic Church's Devils Advocates menacing of the populace.

The subsequent implosion of thought upholding through Karl Marx, Leibniz, Voltaire, Rousseau, David Hume further poisoned Europe that it cannot recover but must be wiped out to begin again for its irreligiosity. The infiltration of Arab nations into Germany has shown how their demonization of Church, of Martin Luther, the Catholic Church, the Eastern Church of Christ, the apparitions of Mother Mary, and as in a demonization of Martin Luther was a serious mistake as if they had embraced his teachings of the grace and mercy of God instead, the nation would have become Christian in aspect. But for their continual hostility toward Christ Church and honoring of Karl Marx instead, has been the Gauls' diminution of national and holy identity. Only the identity in Christ and Christ principle survives the ages.

Even the Church bells. These sounds are of such grandeur and purity, and that they would systematically remove Church bells to make commerciality of the emptied churches, leaves their land without the protection of innocence which innocence affords in a life of an Atom under God.

NOSTRADAMUS: This is a horrible condition of a prophecy for atheism and more derision in Europe and the Middle East where they practice great violence. It is the barrenness for such sickness as atheism and apathy towards religion. Atheism is rampant in Germany in the 20th century. Agnosticism no less is rampant throughout Europe. This is not a good sign, as Hierarchy cannot help those who do not help themselves. The Wars of Religion in France is such a manifestation that the wars were to punish the religious the Shaven Ones. Even the East has a better treatment of the Shaven Ones, to show a greater respect.

Pertaining to ECP & MLP foretold in Revelation 11 & for the advent of the Second Advent Teachings.

NOSTRADAMUS: ECP & MLP bring the Second Advent Teachings beginning in 1958. This is also a prophecy of the one not yet reported who is not Lord Maitreya but is to bring the Second Advent Teachings as the second coming of Maitreya Buddha. Lord Maitreya is foretold to work with this individual. He has come and gone for manipulation as of 2016 for this 74,000 year cycle. In that way, this is timeless prophecy.

What can only be said in retrospect from the 1500s is that there was no turning back of the prophecy which was also foretold in Revelation 11 by Jesus Christ. And had it not been for the internet web technology to come forth, right away after this time, the prophecy would have caused the Shaven Ones to not find this same cycle for the 74,000 years. And only a few would have ascended.

The primary difference from the original prophecy and now is that the mantle of the Mother of the Flame was by Karmic Board decree, by Nada, transferred directly to the disciples of Christ. The MLP false hierarchy was in place. The finality of ECP & MLP was instigated for their destruction by this transference of the mantle of the Mother of the Flame to the Shaven Ones of the Second Advent Teachings.

This is however not a victory as also many went to their second death for following the false hierarchies, child abuse, being of darthvators, proselytizing—thus where there is great Light, there is a great great Dark.

68. For the Shaven Ones³ the Chief⁴ will not reach the end,

Pertaining to the development of spiritualism in America in the 19th Century.
Lepers unparalleled, hope of making a bend,
Spiritualism flounders.
Fashioning to prehistoric in Lyon,
A backdrop of significance for superstitions.

New Presage 1556-2

Pertaining to the adoption by the Americans of Relativism and Positivism under a free State which was diabolical from the national identification with science and technology and not thinking through its consequence of this meaning in practicing for its satanism. You for your scientism, of scepticism,¹
To agitate, to cloud over, ink staining.
Proliferating in propaganda all of these problems
A gross and crass morality
Way of being— *atrocious!*

¹ Relativism and Positivism sees no objective truth. He doubts truth in existence. Truth is dependent on his own opinion, so he then has no motivation, inclination to try to discover truth or true science.

NOSTRADAMUS: A foretelling of the atheism in America a Christian country for the scientists in America who promoted the Relativism and Positivism and would not recant as its original founder. The nation America went forward in this wrong thinking of the separation of Church and State in the Atom.

Without a belief in God, you cannot even have a logical argument. You require recognizing the existence of God, the order of the worlds. As you need to have a means to have logical reasoning, it acknowledges the existence of God and order. And theology and the study of ethics, the placement of soul, conscience cannot be proven through science. Yet these are laws which must govern man. And as the authors of *anti*-Positivism, they would later abolish their theory, yet Americans have not.

What they said was that in the realm of science, you speak of measurable units with scientific experimentation. However in the language of games, you do not apply the same modality in your investigation of Truth using one game to describe another game. America is both hampered by its illogical condition to constitute spiritualism to superstition and to take upon its creed as a nation, the false theology of anti-God and anti-Christ of Relativism and anti-Positivism. Both are negative in an anti-ism and are nihilism. Both must be relegated to satanism.
