SIXAINS 1-58

THE FRAGMENTS

April 2016

NOSTRADAMUS:

Though this is on the timeline to see famine, it is not outpicturing as your food is made from other countries under globalization. That however does not mean that karma does not return to you. In this hour of the horrendous revelation of the 22 million castrations, you can see these are horrors unimaginable that even are not found in the writings.
