*To the Second Advent Church  
of My own,*

### **Faith Thinking**

**FATHER MALACHI:** There is a place for defining myths that continue into the future as routine thought-forms.

**Typist:** Two words help identify methodologies of thinking patterns. One is *pragmatism* and the other is *ideology*. *Pragmatism* is solving problems based on what is the problem at hand. It is not able to think as what is faith defined: Faith is things unseen and hoped for.

**NATHAN the Judge:** There are other ways of thinking including judicial thinking judicially

**Nancy of Oregon:** It requires an even higher mindfulness, a higher mentation.

#### **Earlier Excerpts On Pragmatism and Ideology Thinking**

**Typist:** Pragmatic thinkers do not think beyond into the ideological realm. They think of what is before them. They use their mind is to find *experimental opportunism*. Or, "I will try this and see if it works with this problem."

Bill Gates said to me, "You might laugh at the way that I think in what is called the next spy novel chapter unfolding but this is far better than the limited small mindedness."

To me, the carnal-mind is limited to small-mindedness.

The pragmatism-mind is limited to small-mindedness.

**ANDREA SELESTOW:** You see this photo?  
How many of you cringe?

**Nancy of Oregon:** They cringe as they cannot see how ideology can cause becoming happy, healthy, wealthy and wise and blessed.

**STEVEN ECKL:** What they have not learned are the initiations of the cross. You pass through the I AM at the stations of the cross as Christ to use the name of I AM as a God quality or at a time and place called the station of the cross.

**Mandarin:** You may even scoff.

**EMPEROR LeAMTHE:** The name of God given to Moses is YHVH in the burning bush.

**Mandarin:** Translated, it is "I AM THAT I AM"

**ANDREA SELESTOW:** To think ideologically you are projecting in what Bill Gates says is faith. You do not see what will happen but with the thought, you have a faith that this will happen.

**Nancy of Oregon:** It is a faith based thinking as we show you here in what Moses taught.

**STEVEN ECKL:** We were trained to understand the I Am Teachings. What we said might manifest, you say "I am sick", you become sick.

**ANDREA SELESTOW:** We stopped ourselves when we said, "I am sick." "I am lonely" and what we did not want to become. We were trained to say, "I am the Guard." And then we said hours of decrees using the name of God which is "I AM".

**Nancy of Oregon:** What happens then is that when you read this poster, we cannot see the how this money will come to us, we have no idea of how the health comes to us, either. It is not so much the magical thinking either.

Your thought goes out into the airwaves so to speak and by saying this is where I want to go. And wahlah, it does manifest.

**Typist:** Another way of saying this is a law in love. When you love, it goes around the world and comes back to you multiplied 10 times.

**Nancy of Oregon:** Even misplaced romantic love as love is not assigned to a specify person or place but once you break up, the love comes back to you multiplied.

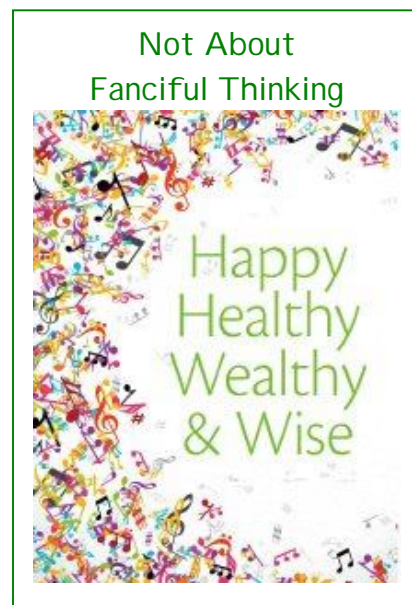

**ANDREA SELESTOW:** You call for the love you put into a building or car to return to you. What you send out as love or thought-qualified with love and it is multiplied when it returns to you after cycles.

**STEVEN ECKL:** And this is an even greater irritant to the carnal-minded one, as the person in the poster will say, *I am blessed*. And yet it follows after cosmic law.

**Nancy of Oregon:** You will not find this easy to pass these tests. They also take time. You can even try and say: I am healthy, wealthy and wise, and see how absolutely irritated you become.

**ANDREA SELESTOW:** However when you are no longer irritated, then match the name of God with what it is that you seek as a solution to your problems as this article says. I am ---the protection of our Church.

**Nancy of Oregon:** I am ---about the business about protection of our Church.

**STEVEN ECKL:** I am ...taking care of business, about the protection of our Church.

You can even put these type statements into your chanting.

I am, I am, I am the protection of our Church.  
I am, I am, I am the protection of our Church.  
I am, I am, I am the protection of our Church.

You take such simple sentences, and you chant them over and over, and these type affirmations that you scoffed at yesterday is of a science.

**MOTHER MARY:** What you are doing is to put your presence, your I AM Presence into these stated conditions.

**Nancy of Oregon:** You will be irritated. You can then try this. Say, "I am sick." And then say, "I cancel that."

**Typist:** A woman had cancer. What you affirm brings about result. The practitioner told her to not say, "I have cancer" for the severe negative connotations. After her fast on clay in water removing toxins from her colon, she no longer had cancer. She could then affirm, "I am cancer-free."

**Nancy of Oregon:** Is it simply a training of the subconscious or unconscious mind as a self-hypnotism or a self-delusion trick? Actually no. It is using the I AM Presence and the power of the Word.

**NATHAN the Judge:** We would not be speaking to you on something that was wishcraft. And perhaps that is the cause of your irritation, that this is what witches do.

**GOD HELIOS:** It is also said that the people rely more and more on the largess of government. And this is also how the mind no longer strives to think in faith.

**Nancy of Oregon:** It does take time to learn this.

**Mandarin:** You ask how does a church leader think this way? I can only answer for myself. I lived by and taught the Golden Rule. And so you can put this in your manual, can you not?

**Emperor LeAmthe:** It is a way to project into the future a type of faith if you will that if I really think about it, so many people will get hurt by my words in book #1 and so many by book #2. They will assuredly leave the Church for my demagoguery thinking.
