## Leadership in the United States Catholic Church

**JESUS CHRIST:** You in the United States Catholic Church now forming would then see how you might seek out your leaders not chosen by the Roman Church to lead.

**ANDREA SELESTOW:** We would show you how different people think. The example of Bill Gates is of one who is able to think and communicate clearly. With clarity.

### Earlier Excerpts

**Nancy of Oregon:** The politician in the Vatican is limited to political maneuvering.

**ANDREA SELESTOW:** To think ideologically you are projecting in what Bill Gates says is faith. You do not see what will happen but with the thought, you have a faith that this will happen.

**ARCHAEI MARY:** So when the typist was finding a picture on the internet search, he stopped her to download the image of the pie in his face. She could not understand it, she just thought it was extremely funny.

**GOD HELIOS:** What he is doing is that he desires to communicate to the readers. And he has the faith that this picture will evoke an understanding as no other. And the reason for the inability to forestall the decline in the enrollment numbers

of the Catholic Schools ahead of time though it was known for many months is this inability to think in the faith of God which was his training from Mary Gates.

**SAINT DIANE:** He served as altar boy and it was taught to him. However it is more in that he also did put statutes in the gardens in Russia and did think of its affect in a few short years and not 100 years from now. And this is faith in practicality however it is a different way of thinking than the pragmatist who is simple-minded.

**Typist:** But let me digress here. Bill Gates was good at building, and not for tearing down. So he could see how to build great works of art and buildings but if you asked him how the next spy novel chapter unfolds, he may or may not have the right answer, so you have to see yourself in this way also, that you yourself are not perfect in tearing down.

**Nancy of Oregon:** You are not perfect in knowing how to begin a new United States Catholic Church.

**Bill Gates:** Do not be afraid to see that you were a part of the demagoguery thinking if that is what you conclude yourself. I myself had been on a drug feeding schedule by Red China physicians and every three weeks I was given prescription drugs to so-call control my behavior and I was treated as a sociopath. In that time which was from the time I retired until I went overseas, you see, it was a great manipulation that people did not and could not trust me as a leader any longer.

**Typist:** He was kept in the house by his wife saying, "Now don't go outside, people will throng you for your autograph."

**Bill Gates:** So when you find this array against you, say in the Catholic Church, you take stock, you go for healing in the homeopathic medicines and you take the time for your healing now. You acknowledge if you need healing, a 12-step program and not worry about what others think about you.

**ANDREA SELESTOW:** It is you searching out the name of God and you re not human-based, but faith-based to seek what is the Word of the Altar, not your own political place at the Vatican, your seat if you will there, but your seat in heaven.

**HOLY AIMEE:** The teaching of sitting on the left or right side of Jesus Christ is the thinking that the Catholics have, no different than was recorded in the gospels. And in this hour, these are not those who have the expense paid vacations, who are of the inner Church.

**JESUS CHRIST:** At this time, you need to be able to come away with an understanding of the inner and outer Church.

**HOLY AIMEE:** And for an example, we show you that this particular writer and his thinking in *"The Holy See's Teaching on Catholic Schools"* is of the outer Church, however it is for you to see what is the mission defining how the leaders are chosen.

**MOSES:** The leader or leaders you are looking for is able to see the Promised Land and lead you to it.

**FATHER MALACHI:** He is an educator in the fundamental sense. That he shows you the goal again and again, and answers your questions, that the Catholic Church has been in denial over, that they do not answer people's questions.

**Mandarin:** He has a sense of the militancy required to make things happen

**EMPEROR LeAMTHE:** There is oftentimes a price to say, "We'll wait."

**Typist:** That the mission is "Onward Christian Soldiers." And it is not one of Augustinian puzzle thinking, one of reasoning and answering the whys. It is furthermore not one in which you tolerate Absolute Evil. In India, they say, of a diseased elephant, "All of life is sanctified." Here we say, everyone's opinion is to be honored and this is not the leadership needed as you read from this quote:

If I had followed traditional, conservative methods I should have submitted a dignified state paper of probably two hundred pages to Congress, and the debate on it would

be going on yet; but I took the Canal Zone and let Congress debate and while the debate goes on the canal does too.

--Theodore Roosevelt, 1911

**JESUS CHRIST:** What you are trying to attain to as initiation in Christ Light is as in a reaching of the Mystical Body of Christ in communicating the work of the altar of Christ, of God, that is to formulate not only plans, but to communicate this to others. You are not either a problem-solving pragmatist although that one is needed, neither are you one who creates even myths, but that you capture the vision and that you are able to take the Word of the Altar and to convey that as a leader.
