with Serapis Bey**

**The Study Group Leader  
Of Christ Church**  
Understanding  
Twin Flames & Soul Mates

**EMPEROR LeAMTHE:** When you have a twin flames relationship, you are as said, “two peas in a pod.”

**Mandarin:** It can start out as a soul mate relationship to become near twin flames.

**ANDREA SELESTOW:** Twin flames is basically a misnomer. Only about 4% of them work out. These are when they come forth as new flames or God Presences going out together. They generally make so much backdirect or karma together, and go separate byways, that people are better off with the soul mate.

**Mandarin:** In my case, I had a wonderful wife where there is the division of labor. In this day to day working together to make things happen, it becomes over the centuries a relationship that can become one of near twin flame.

**STEVEN ECKL:** It is one which is shared responsibility towards some higher goal and in the gratitude, there is shared gratitude that furthers its binding. You cannot do everything yourself, neither her.

**Nancy of Oregon:** It is one in which we would not show you from a teaching from Archangel Raphael and Archaeli Mary.

**Serapis Bey: The  
Baton Rouge Study  
Group Leader’s Tri-  
State Area**

**Typist:** Mother Mary is answering someone's prayer on the study group leader from Baton Rouge. The question is, "Why did she not marry me?"

I am not normally either invited to speak about homeopathy over a case in heaven. The study group leader was working on her ascension while on earth. She has ascended.

She said: "It was a poor choice that she made, to not marry you when I was so in love with you." (half convinced.)

I thought: at my age, surely that is the wrong choice to marry, as I wanted to do things my way but he was not even going to be around so why in the world did I do this? And when he left my heart was broken.

As I *should* have married him. (half-conviction)

And it was something I was going through at that time. (half-conviction)

I was thinking I could not any longer have any decision-making in my life by being married.

I even had read stories of how liberated women celebrated decorating the stove with live plants, putting the ceramic covers over the hot plate. That was what I was going through at that time.

**Typist:** This is a case of what we call the person cannot marry as their wheels are off the ground, they are in the final ascent to the ascension.

**STEVEN ECKL:** They are in the final stages in the ascent, they do not want to be married. When my wife wanted to go to Washington DC, I did not want to go and I was ready to go down to the county office to file for a divorce before I was killed.

**ANDREA SELESTOW:** Had the study group leader been alive, Hurricane Katrina would not have happened.

**MOTHER MARY:** So two people on the Christ highway need to go their separate ways at such time.

**ARCHANGEL RAPHAEL:** As two people will not understand each

other, no matter what, as what is happening is that the ascension coil of white fire begins to rise from the base of the feet and she is as said, "on the runway" and "liftoff has already taken place."

**ARCHANGEL RAPHAEL:** She was the more powerful in position in this couple, yet it does not assuage the pain when it is not known why she would not marry you.

**Nancy of Oregon:** In such an hour, it is as said, you are like oil and water.

**ARCHANGEL RAPHAEL:** Yet, as you are this special bond, you are required to forgive and move on.

**Typist:** She said, "He asked me at the absolutely *wrong* time." (half-convinced)

She was so darn sure. She said, "But I hurt him badly and I do owe him an apology. I still do love him."

If you recall say how back in the South, there is a standard of an extreme honey-tongued culture that has women trapped into serving everyone, not just the immediate family and it had to be an extreme form of giving. "Everyone is honey child, sugar pie, sweetie pie." And these women opened up their wallets to almost complete strangers just to fit this role model, to help anyone.

So this was a time when to such a woman as Jerese's mom, when asked by — any man— whether he was left of center, right of center, center, up or down, would have been told, "*Don't ask, all men are male chauvinist pig.*" And at that time, it was the first time that this word came out, "male chauvinist pig." She thought all *her* slavery before then was due to this inequality of women. As you may remember women were not even allowed to vote until August 1920.

So she treated you as a male chauvinist pig. It is not that such a one was anywhere close to it, as a matter of fact, this was a good match. It was that society had put her into this box, and she was finally out of it, and a man, *any man* asking her to marry her was to be treated as a male chauvinist pig.

**Mandarin:** And now, you see how people call good-hearted

Americans, *American chauvinist pig* and how it hurts deeply because we do not deserve it at all.

**ARCHANGEL RAPHAEL:** These two are somewhere between *close soul mates* and *near twin flames*.

**Typist:** The next question is "I left. Did I make the right choice?" It will surprise you that the answer is yes. She is not well. She has the keynote: "fixed ideas"

**ARCHANGEL RAPHAEL:** The study group leader of Baton Rouge has ascended. She is working at Serapis Bey's etheric Retreat. By the time you were to reach heaven, this condition will have been healed. She is determined to work upon it due to last night's conversation and meeting.

**Typist:** We went through the symptomology with her. She has fixed ideas, does not budge. Once her mind is fixed, it stays that way.

**Mandarin:** "*My Way or the Highway*", you took the highway.

**ANDREA SELESTOW:** In this state of fixed ideas, the arguments to you are earth shattering and she sees nothing to this. She will put her foot down and argue and she will not lose. And this arguing is being healed.

**ARCHANGEL RAPHAEL:** The decision was correct to leave, as she would have continued to argue and assert her ways that would have further pushed the two of you further apart that is not so easily melded together again, as there is the backdirect or karma that you have toward each other. It was better that you left at the time, and to not go on the arguing.

**SERAPIS BEY:** The study group leader of Lubbock Texas had to rest at John the Beloved's Retreat for some time. We do thank this one for having been there for the Baton Rouge one, as she was saved from harm for your presence there.

**FATHER MALACHI:** And the women are female chauvinist pig if you have taken off on the runway with the wheels having been drawn up inside the airplane.

**FATHER STRONG:** Nobody knows your business. And that is the way you prefer to live.

**SERAPIS BEY:** The study group leader of Baton Rouge did ascend for her work there and that tri-state area which extends to St. Louis Missouri and down to New Orleans.

The study group leader of Lubbock, Texas has ascended. She had the State of Texas to decree for. In her case, she was taken to the shack at the Ranch and was in a 19-to-1 shack raping. They took her clothes with her to humiliate her, she decided to die in the shack. Jennie Smith, do not be concerned over the attack you endured.

**Serapis Bey: The Study Group Leader of Lubbock--the State of Texas.**

**Serapis Bey: Jennie Smith, The Study Group Leader--the State of Tennessee.**

Jennie Smith was study group leader of Tennessee.

You may recall that Clara Louise Kieninger did her daily decrees in Berkeley California during the 1960's when they were throwing rocks in the windows and did ascend from Berkeley California and did shepherd the youth in the San Francisco Bay Area, who did come into the Teachings in record numbers for the legacy of Light she had left there. This is not anywhere close to the legacy of Light left by one such as Pearl Dorris who had been in Santa Rosa, California, only a short distance from Berkeley California. This is the power of one who is devoted to the decrees, their ascension and transferring the Light of the altar.

**Nancy of Oregon:** As the study group leader of Baton Rouge, she had the same sort of militancy of those at headquarters in the spreading of the teachings. She exemplified having a militant streak in her so to speak.

**STEVEN ECKL:** She has to do things right down the military row. Do the decrees regularly. Do them for the earth.

**ANDREA SELESTOW:** It is a militancy that we learned to do as a way of life. We are not going to be put down by opposition as we are dealing in the etheric, and not the physical.

**STEVEN ECKL:** The decrees then filters down to the physical.

**ANDREA SELESTOW:** We are rather waving our swords so to speak with the Word of God.

**JESUS CHRIST:** In this hour of the Catholic Church forming anew, you do not take a backward step.

**ANDREA SELESTOW:** You are as these study group leaders, always marching, left right, left right. Head up, look straight ahead, left-right, left-right—

**JESUS CHRIST—**

*Onward Christian Soldier.*

**Nancy of Oregon:** I was the study group leader in Oregon and she was the study group leader in a key location. And she held the balance for this area of Baton Rouge and New Orleans, Mississippi and Oklahoma and St. Louis.

**HOLY AIMEE:** The Catholic Priests have to understand this wedding to Christ where you are in a key location. It is where you are to bring about the Light and Teachings, and so do not forget this.

**JESUS CHRIST:** What is being asked in you to form the United States Catholic Church is to found an institution on both married life and unmarried life. We ask those who are the priests of the sacred fire, that if you are close to the ascension to heed the call to stay a part of the inner Church and not become a part of the outer Church, although your years as in this case, would indicate that

Serapis Bey: The study group leaders are taught to demagnetize the cities. They are taught to infuse the focuses with the Light of the decrees.

you have not such a desire, however you would not know this until you have a greater time in trying out the chant work, to know how it is that you make it to the Serapis Bey Ascension Temple in your finer body to continue the spiritual work.

**HOLY AIMEE:** You make the simple prayer before you fall asleep, "Beloved God Presence, I ask to be taken to the *Etheric Retreat of Serapis Bey* tonight."

**JESUS CHRIST:** In this situation, you see that Serapis Bey is the Hierarch there at Luxor Egypt and would give you the final steps to the ascension and not to look at the outer world and think that this is the judge and mark of who you are as a priest to join the outer Church but that you reach for the Bridal Call and the Bride of Christ initiations and the initiations of the Ascension Temple by going there in your finer body while your body rests.

**Serapis Bey:** The study group leaders are able to understand at the highest point of these focuses such as the Arc in St. Louis, that there is the transfer of the Light of Judgment to the Earth.

**SERAPIS BEY:** Here the Washington Monument is then a focus of Light that is arced to the Statute of Liberty in New York City.

**This is a science that was on Atlantis and Lemuria, the ancient continents.**

It was how we were able to hold the balance for the United States between New York City and New York City. This monument is then consecrated and not used for another purpose.
