

Profanity & Microwaving

Q: Why do I use profanity?

Typist: I did not use profanity as a child. I did not use profanity in my life in the church either. This began about 2012.

I was through a trick introduced into heaven and what was assigned to me as “sponsors” were fallen angels and false hierarchs. I was shaking like a leaf. Mother Mary gave me some homeopathic medicine Aconite for great fear to take.

In heaven, they play harps. And the only way you can tell one person from another is if you use profanity. For example, someone such as Satan is seen in white wings, beautiful angel wings as in this Gustave Doré painting.

When you are asked a question, “Are you hungry?” And of course, we get hungry. The fallen angels and fallen ascended ones claim you as their disciple and servant if you speak in tacit agreement. You say, “Yes, I am hungry,” and that is enough for you to be counted as their servant slave.

Did it take me long to figure this out?
Actually, yes.

I was so very discouraged, that I said at one point saying to myself in my beautiful apartment, "It has turned into a whore house." There were even demons loitering and living there permanently.

Once you affirm allegiance by tacit agreement to the false hierarchy, they come to rape you at night, normally how you think of masturbation at night, only there is no masturbation, it is a *microwaving* that they do to steal your Light.

It took over a year to finally realize what was happening. And then I had no other choice but to speak out loud, for if you do not speak out loud, they have a way to keep you to themselves that no one hears you as their servant slave.

STEVEN ECKL: You are heard if you have your words spoken aloud, there is an intonation of the voice, and that is why you are asked to do your liturgy and do the chanting and decrees.

Typist: At first, it was a way to get them out of my house! And it worked. And furthermore, I never got reprimanded for it. As a matter of fact, I was supported in this, as Father Malachi could see the demons and they were kept out of my house I suppose.

FATHER MALACHI: The humans can speak in this manner. In heaven, you are not allowed to speak in this manner.

FATHER STRONG: And often we might even go and speak to the humans who spoke a different language who could say words we were not allowed to, and in that conversation, that we might have a better understanding of our own condition.

FATHER MALACHI: She might even say the swear words for us and saying this that only a human can do, and saying she is doing this for her friend.

FATHER STRONG: The stealing of Light is an ongoing endeavor of the false hierarchies. When you hear of one such as a darthvator die, well, he is over here now making trouble.

Typist: The ability to tell people what side you are on, is not the same as profanity however. When you see people loosely say profanity for having lost their hat, it is profanity without regard for those around them.

In this situation, it is deliberately used to be as a scaring device and tell people that you mean business. And I do call for their judgment when they are there to steal Light or to trick me into being their slave servant.

You may think that saying "asshole" is enough and sometimes it is actually not strong enough. Why? Because it is true that they are homosexual rapists, so to them, what is the big deal is how they are in their thinking, saying, "So what, we will come and rape you." Microwave you.

This discovery did not end there however. I learned that you speak the truth. So I advise you to learn the word "shithead". Because truthfully, a shithead can be banter until the person leaves you alone.

You can say, "You're not going to shit on me!"

"You can't leave your shit here!"

"Take your shit with you!" On and on, you have truth to stand on. You learn to say, "Go to hell!" which is the judgment call.

JESUS CHRIST: These are Satanic ones she must deal with. And you have Satanic ones on earth that you need to deal with. If you understand the word and what is the word you are using, it helps you to be able to not be necromanced, to be lied to as some of these homosexual priests continue to think, the killer priests from Mexico continue to think, that they are free to take the liberties to rape children or to "kill as many Americans as I can."

Mandarin: This is important that you learn to use words as your defense.

ANDREA SELESTOW for MOTHER MARY: When it is truthful, it is not profanity, of which you do make backdirect of karma.

NOSTREDAME: Tacit agreement is how the underworld, the Cabal, and the underground mafia works. Thus you would on the instant, command with words where it is that you do not desire to go to do their evil through a control of your words.

You can say, "I'm an idiot, I cannot help you."

However you see with your assent, with your inability to diametrically show what the tacit agreement they placed upon you is not your reality, that you do not readily agree, that you truly do not believe in it to do, you continue to work for evil people and take their orders.

Mandarin: Their salaries.

HOLY AIMEE: We the preachers might denounce the demons saying loudly and with unequivocal firmness that

**"You Satan!
Get out of here!"**

HOLY AIMEE: It is also with this loud voice and affirming you are not a part of their bands as servant slave. You pass your initiations of Christ life.

FATHER MALACHI: You pass your initiations of Christ discernment.

FATHER STRONG: You learn the liturgy as words. You understand the power of the spoken word and the affirmation.
