

Necromancy

FATHER MALACHI: This excerpt is on the black magician Hitler as some of you have wanted to understand more on necromancy.

ABRHAHAM-EMANZIANDIE: What you can do is to reread the chapters¹ I have written on Hitler or on necrophilia, and you begin to understand that a black magician became more and more powerful as he would have sex with the prostitutes and simply pull out their Light and such behavior.

He can in fact became the walk-in then to the prostitutes.

And as you have terms to use, such as "necromancy" "necrophilia" and such as I had taught as Erich Fromm, you are able to ward off this evil readily.

Typist: I would like everyone to step back and go and do some chanting if you come across a black magician such as Hitler. You yourself have seen the utter dismay in Judge Nathan for having allowed Hitler to go to Argentina.

ABRHAHAM-EMANZIANDIE: This event then brought about a phenomenal change in the being in Judge Nathan. But for necromancy, he had let Hitler go to Argentina. Therefore in mediation and holy work, you see where you might have gone down this same path in being necromanced. Who let Hitler go to Argentina? And Judge Nathan had to reckon with this record.

MOTHER MARY: Where there be a black magician, you would lock yourself in a room, go nowhere when you are under attack.

ABRHAHAM-EMANZIANDIE: The black magician will tell you whether you are to let him go about doing some evil work. And if you are not cognizant, that this is not a holy voice, you would be enticed to obeying it.

MOTHER MARY: If you know you have had soul parts lost, you in the holy work, speak to the soul to return back to you.

If you know you have been made homosexual, demon possessed, possessed with great whore demons, self-loathing, walk-in conditions and other

forms of black magic placed upon your outer mind or soul, by the black magician, or have such thoughts to destroy your soul, implode your soul, you would likewise do the chant work for many days until you are made whole. And that is the signal for you to go and do holy work in chanting or the rosary.

ANDREA SELESTOW: You are feeling drained and cheated, do you not?

Typist: An analogy is a homosexual who wants to pick you up. You feel the glare on you, it is a type of evil eye. And it is best if you leave off looking into their eyes.

ANDREA SELESTOW: Do not talk to them, you will feel guilty towards the stranger as if you owe them money.

FATHER MALACHI: There are variations of necromancy. The pickpockets in Europe by the witch family groups can have you mesmerized first. You would think you owed them money also.

FATHER STRONG: Another similar event to focus sex energy is in the sucking of goat penis in witch covens.

What happens in a lesbian who tries to mesmerize you is a form of necromancy from the sexual energy in masturbation that they then will concentrate on you, a subject. Should there be contact, they seek to control you.

Nancy of Oregon: In the chant work, you bring in the Light into your being, it is possible to do any soul retrievals if he stole any soul parts, and in your Light being stolen, you are drawing down Light for wholeness.

ABRHAHAM-EMANZIANDIE: With the stealing of your light, they then command this stolen energy to go and do evil in the rest of you that is of this same vibration. His having your name, a black magician being close to you, is such that he can lock into your vibration. It is the same alchemy as having a lock of hair, a signature on an envelope, that the witches would do incantations and voodoo. Judge Nathan could be necromanced by Hitler by being in his presence.
