

# Killabortions— 59 Million Surgical 250 Million Chemical

**SAINT DIANE:** This is a genocide greater than even the ovens at Auschwitz!

When the physical-body lays aside the material body, that which in the physical that is called the soul becomes the body of the entity. And that which is called the superconscious becomes the consciousness of the entity, as the subconscious is to the physical body. The subconscious becomes the mind or the intellect of the body.

Edgar Cayce

~~Physical body dies~~

→Soul becomes the physical body.

→However the soul is as distant as the I AM Presence is now to the physical body.

→At death, the physical body becomes subconscious mind.

**STEVEN ECKL:** Mother Mary has been seen with tears in her statutes worldwide at killabortion.

**ANDREA SELESTOW:** At Christ Church, we heard week after week the need to stop killabortion. What we had not understood was why was it said continually that *the opportunity to be in physical embodiment* was so necessary, so important to safeguard.

**Nancy of Oregon:** Naturally we on earth would assume that what is the “big deal” about life on earth? That leaving earth must be better somehow...

**Mathzedes:** Killabortion is not allowing these souls to take incarnation who might have an opportunity to have a physical body.

**MOSES:** Killabortion would end opportunity for a soul who may have waiting thousands of years to take incarnation. And this is a great backdirect, to before conception offer on the inner to shelter a birth

through and then at the last minute to opt out for Planned Parenthood argument and their education in the high schools and colleges.

**NATHAN the Judge: Or to listen to the deadbeat dad's argument to opt for the abortion.**

**ANDREA SELESTOW:** We had said earlier that you stay on earth as long as you can. It is because you get to sleep. And you can see that this is not a complete understanding.

When you have a physical body, yes, you rest. However if you have a physical body, you are made to out to work in order to eat, you need to educate yourself, you are doing, doing, doing because you have a physical body. Then when after a long day of work and learning has gone by, you rest.

**STEVEN ECKL:** What this from Edgar Cayce is saying however is that when you die, you are only the subconscious mind. What you recall of this subconscious mind, is that there is no more learning, you are always on *automatic pilot*.

*Automatic pilot.* If you drive, if you walk without learning, if you are always living in the subconscious mind, can you see how life after you die, is not but hour after hour of going nowhere?

**ANDREA SELESTOW:** **If you were at 3pm every day watching the soap operas, that is how you live out your life after death.**

**Nancy of Oregon:** **If you spent the sabbath, Friday, Saturday, Sunday watching TV football and basketball, that is how you live out your life after death. 24/7.**

**Mathzedes:** **And this is into the centuries.**

**NATHAN the Judge:** **It is you who for not giving these souls an opportunity that these go back to seeing if they can find another body. How long they wait is indeterminable. Therefore this is a great backdirect or karma so unfair and unspoken and must be in the hall of records for those who headlong enter into a fallacious argument of choice— you always have choice!**

**What you sow is what you reap. You can expect this to happen to you, if it is not so justified.<sup>1</sup>**
