Historically Being Attacked

MOSES: The conspiracy towards the three, Bill Paley, Harry Luce and Jarvis Raymond, has been a great injustice.

GOD SUYRA: What was a known factor was the media, that the Cabal had to from the early days to have absolute control over *CBS*, *Time Magazine* and the *New York Times*. It was not even the *Washington Post* or the *Los Angeles Times*.

NOSTREDAME: These are a part of the Trilateral Commission and with the Cabal. Who seek to subvert what is all going on in New York City. Now see how the Federal Reserve Act was in 1913. And thus you understand these "charades" that are to direct others into "their brainwashing" and campaigning are over a long term. That even such an artist as Paley and missionary Luce and New York Assembly Speaker as Jarvis Raymond are not able to avoid these confrontations with them that are a manipulation of sorts.
