

## US National Standard in Culture

### Imperialism

**NOSTREDAME:** It is a horrendous mistake to say that Great Britain and France was wrong in their imperialism. You can see from these photos that they did not colonize with what you see is the heinous behavior of the Mexicans or Bill Clinton.

The Mexicans to take land in the Americas would scalp the people. They would gang rape the pioneer women and put them on stakes to dehydrate. And this continual punishment of the people where the colonists go is what you have to reverse out of your history books as something that is heinous. Where would South Africa be today without Great Britain, I ask you? Where would India be without having had Great Britain go there?

**NOSTREDAME:** You do not see this here, do you?

**NOSTREDAME:** The British are disciplined soldiers. They sit the natives down in camps, and begin to educate them in the ways of the British which is a common law culture, their morals are based on the Ten Commandments.

**MOTHER MARY:** True Imperialism is that, it is the higher culture of the Ten Commandments including Thou Shall Not Steal and Thou Shall Not Covet and Thou Shall Not Covet Thy Neighbor's Wife to be held as the new standard in its forwarding of colonization.

**NOSTREDAME:** It meant there were entire arsenals of long range weapons directed at Washington D.C. for non compliance to simply transfer the United States over to Red China and G20 as a Hong Kong colony!

**MOTHER MARY:** It was a planned introduction of the teachings of Christ. It had the earmarks of Hierarchy dispensation. In what is Providence working.
