## Black Trade in the United States

**NATHAN the Judge:** The Bill Clinton colonization was to have the problem with Social Security solved by killing off the seniors in HUD housing and motels that the Red Chinese would kill the owners and have them sell out the motels for pennies on the dollar. They would rob the seniors both by ATM card, but through the transfer of the pension assets, they would take cash and monetary asset.

**Nancy of Oregon:** Bill Clinton by his admission in 2016, "I consider the United States to be colonized." And this meant that the military bases were governed by a foreign leader general or corporal. It meant there would be 90 Red China insurgents just outside the military base to take it over in selected places.

**NATHAN the Judge:** It had the Nazism methods of extortion and forced slavery and obedience. The slayings characteristically KKK. The rapings of 5 to 1 of Red China, 15 to 1 of the American Indians in Mexico.

**Jarvis Raymond:** What you have in “protestation for freedom” is no longer viable.

**Bill Paley:** It is an insurgency you do not yet understand in the United States that will destroy the Atom.

**Harry Luce:** In this demonstration by Martin Luther King, it is one in which it is to be counted as a peaceful demonstration as even the gangsters there could not provoke him to using violence. But he chose to turn the cheek in the way he learned from Jesus Christ.

**Jarvis Raymond:** You do not see this here today in the colonization of Red China and Germany and Canada by G20 doctrine.

**Bill Paley:** And we are the media experts if you will. We know what you are programmed to see, and you are...*nuts*.

**Jarvis Raymond:** What you see is the unmitigated slaying of the United States soldiers base by base, in the United States, and in the NATO countries, the syringing and Korean deprogramming in jihad training of the men. It is not something that can be tolerated at this point, that you allow freedom of protest when it results in such great evil as Nazism. You need to recognize where the

demonstrations are Nazism and to straight-way put them down.

**NATHAN the Judge:** The Bill Clinton prostitution culture was being established by Bill Clinton and Obama. The ordering of the raping of 100 young women in the Northwest was to this end, that there would be serving a pimp or madam to send out the prostitutes to the generals, CIA, FBI, Governors and mayors of the 50 States. You would be mistaken to think this “colonization” is acceptable— as Mother Mary has already said, that gang rape must be killed.

**NOSTREDAME:** And yet this is the de-imperialism or backward culture that Bill Clinton was imposing on the United States by having Red China through currency manipulation and transfer of its jobs, through NAFTA and illegal aliens cross the border, to make the United States to subservient to a backward culture of cannibals and famine inducers.

**GOD HELIOS:** Bill Clinton’s “colonization” included the killing of the United States military that they are not able to either wear civilian clothes or have phones and their paycheck is taken from them as he and Obama say, “We are at war, and you will not need this any longer.” They

did not receive mail. This is not an acceptable condition of military in either Great Britain or the United States.

Make no further treaties, abolish the ones you have.
