

US National Standard in Culture

TV Program: *Bewitched*

MOSES: TV programs such as *Bewitched* acted to promote witchcraft. It is nonetheless unacceptable even in sitcom form to be of the National Standard.

MOTHER MARY: In the *Alfred Hitchcock* program, there is a substantial difference to the National Standard in the amount of horror portrayed that the little children are often not able to contend with such horror and the horror demons.

MOSES: Witches are not people as in this photo if they practice witchcraft. Witches use their incantations, their sucking of goat penis to focus an attack on a male. In the covens, they regularly conduct incantations on Sabbath on their refrigerated semen samples. They film and produce the whipping on the floor of the spouse videos to enact torture. The witches train prostitutes, male and female.

These are their common practices today. Formerly and still do, is their using voodoo dolls to kill or maim. These are below human practices and are not considered humans as in this photo.

MOTHER MARY: In this “witches’ honor” what she is saying is that it is traditionally among the witches that they steal from you blind. Thus the witches in the European continent, are of this ilk and belief, that they will steal your assets. It is a “What you have is mine” thinking. It is against the Ten Commandments and cannot be accepted.
