

## **Message to the Summit Lighthouse Students on the Broadcasting of Liturgy**

**ANDREA SELESTOW:** El Morya is on the Karmic Board. The Karmic Board was asked, "What happens now to these chelas who will not broadcast the decrees?"

**EL MORYA:** For this, the study group leaders, step down.

**ANDREA SELESTOW:** The Karmic Board took into consideration the efforts of quite a few that tried to destroy the organization.

El Morya's comment was, "Well, they are going to find it hard to ascend. They will have to return a number of embodiedments, buy and listen to the tapes that are "copyrighted" and record the decrees, but, they have this way that they copyright their decrees so that only a select few who buy them do the decrees."

**EL MORYA:** It is not that I have not gone over these situations at length with you. You know that there is the black magic overlay in your decrees from the authoritarianism of the Annice Booth days. The black magic is woven in the decree work from the Ritual of Exorcism Project to, for a lack of a better word, "hex" people. There were black magicians on the altar.

It is not that I have not already gone over with you that the purpose of the shack rapings was proselytizing and that this evil was such that Mark and Elizabeth Prophet would return as a Muhammad, and you would be worshipping not the Mother of God in Mother Mary but worship them as Prophets.

That xLanello has gone to the second death, you need to remove his name in the preamble. You need to remove the name of Mother of the World that was added. You need to even remove the mention of the elementals as they do nothing for you.

**MOTHER MARY:** Hilarion who had been Chohan, has gone to the second death. I would not mention names for the Chohans, nor any of the offices for the Karmic Board as they change. The offices of Elohim will not be filled probably until after the deluge of Noah. And so you would need to understand that Mighty Hercules and Mighty Astrea have gone on. Cyclopea's office is not being filled, neither the other Elohim.

**Nancy of Oregon:** The names are the same for the offices however they have different officeholders for the Elohim.

**GOD SUYRA:** However, at this time, for their power, they do little of the “builder of form” work so the offices are not filled. It is changed, with Astrea holding the office already of the Divine Mother and Hercules rightfully working with Holy Justinus, as there was not much work that was asked of them to do as Elohim.

**You need to understand that when your decrees are addressed to the fallen angel Samyama and Lanello and Gizel, they do not go to the respective offices first. Your decrees go to them first. You know this from the prayers to Muhammad, the prayers of the Moslems go to Muhammad. And with Muhammad having gone to the second death, it goes to his hierarchy.**

**ANDREA SELESTOW:** I would try to make a clean break while you are still in embodiment.<sup>1</sup> You see how it was that they tried to tie you into their being Prophets. And if you would learn the teachings without their ties, and learn what are the Second Advent Teachings, and learn what are the Ten Commandments which they themselves did not keep and thus you did not keep, but you do the work to shore up your understanding of the Ten Commandments and live by that, you will see that this idolatry of the group leader and “Mother” is such that you have this task before you...

**EL MORYA:** ...and you can make it light work.

**Susan Brailsford:** It is a *conscious* decision. When you have been black-balled as I had been, you see, you have to separate yourself out from those conditions. And the idea that they owned you and had 100% rights over your decrees and devotion, you need to separate it out *consciously* by doing the “light work” as spoken of by El Morya and not carry on the “black work” of the traditional way in which they had operated. And as much as you might think that ECP had no choice about Annice Booth and Marilyn Barrick, it is not true. These were put in place to hound you into submission to this conundrum, that she herself would not be circumspect.

**ANDREA SELESTOW:** The annihilation decree was originally from the witches. It was used by ECP’s children at the gangland slaying.

---

<sup>1</sup> **Typist:** How do you know the difference? When you are in a devotion with those whom you give decrees, it is as said by Kuthumi, they take you on as a chela. So Stephen Eckl who is a chela of the Maha Chohan did ask Mighty Astrea for advice, and she did intercede. Hercules will take on chelas, and speak to them in their times of trouble.

**Nancy of Oregon:** A small percentage of the decrees gets to them. But even that is powerful.

**MOTHER MARY:** When you take on a witches' decree, you are giving them a momentum of your light. Thus you see how the Ritual of Exorcism Project did change people for participation in black magic.

**EL MORYA:** Having been in the teachings as long as you have, you are accountable at this point to understand voodoo and black magic.

**MOTHER MARY:** Long time students, even the teachers of Summit University, do not understand the likes and dislikes and hatred and voodoo of the 1:00, let alone necromancy. They in addition have the ennui of the 1:00, the aloofness of the 1:00.

**EL MORYA:** They accept the multiple sex partners. They are aloof to finding the teachings. It is not a matter of being a lukewarm chela as I had taught. They choose the prostitution lifestyle.

**Nancy of Oregon:** When you “leave the teachings” and you begin to tether yourself to the Mother of God and her priests such as Father Malachi teaching you of demons, you do not say, “Oh, I know that already.” You learn anew. And in that seeing, you recognize what is slavery where they do this proselytizing. You learn what is black magic culture, what is idolatry after you “leave the teachings.”

**ANDREA SELESTOW:** One person who was castrated by a woman taken to the shack rapings said that this made him much stronger after sewing back on his penis. He said that as “he had endured”, he was stronger in this proselytizing business.

**Nancy of Oregon:** It is what is called, “The buck never stops.” And so people turned to repeating the proselytizing and went on to voodoo after ECP left.

**NATHAN the Judge:** See how the Mormons with their polygamy would kill people in jihad, a war for God. And this also happened at the Summit Lighthouse, the murderings thereafter.

**GOD SUYRA:** The proselytizing is against the Ten Commandments. And thus it did lead to the murders, the taking drugs to murder people in the Church, ordered by people a leader did not like.

**NATHAN the Judge:** Ella Fitzgerald and Louis Armstrong were speaking to Jesus Christ. What they said was that for the child abuse at Montessori

International, they do not see anyone buying the books. To even read them. Michael Jackson said, "Who would buy the books, certainly not them."

**GOD SUYRA:** These are trained if you will to recognize the Negroid slave conditions. You can imagine the discomfort at the message for Jesus Christ.

**NATHAN the Judge:** He was a charming man from South America with unbridled sex habits and he was given the job by xLanello to be fornicating with the parent with the child in between. Where the 3-way sex with the female parent ran into trouble, then, he would have the 3-way sex with Nancy F.

Susan Brailsford: The child that she had, by the way, was not from a SU student but was his.

**ANDREA SELESTOW:** You ask about the sex of ECP at M.I. where the children crawled around to look. The sex was done on purpose so that the children would be in such shock, that they would always be tied to her.

On the men who were masturbated by the department head, it was timed precisely. ECP ordered the department head to masturbate the men below him to orgasm, and then she would in her finer body be there as the one he was having sex with. This evil was so that they would send their light to her when masturbating. She did not realize that this turned into a rout as these men destroyed themselves by daily masturbation.

**Nancy of Oregon:** ECP collected semen samples from the men she fornicated with, what you think of as the stump team. From the samples collected with a syringe, she would go into the refrigerator, take out the semen samples, do the bolts fiats and command their light to go to her, to steal their light, it was to make her always powerful.

**Note:** Has ECP gone to the second death? I do not know, however, it is oftentimes that practically it is not done, that they are there to answer further questions that arise.

**Typist:** It was more though. El Morya couldn't help you.

**EL MORYA:** Kuthumi could *not* help you. Jesus Christ could *not* help you. Lynda Springer asked Jesus Christ for help and all he could say to her was to commit suicide after 120 rapings by the dorm rapist and was told by the one you are a whore!

**Typist:** You see, this was not Jesus Christ's organization. The only way that this organization would work is if El Morya stepped in as the sponsor. And so you

found that you could not call for Jesus nor Mother Mary. You had to go through El Morya if that. *He was given the karma for the Messengers' failures.* The people who were raped, El Morya had thought he'd bring chelas there to grow up in this community, he had no idea that this would happen to them. He thought for example that Mark Prophet chose Tatiana for her having been Helena Roerich. It was not, it was for her being the daughter he had raped in the cave as Lot. So some of these children set out raping the men in the community.

**Susan Brailsford:** The bitterness you have to get through. The children of the Keepers who went there who were abused. If not by the effects of the proselytizing, it was the black magic culture. Where would you start then? I would start with the ennui.

**MOTHER MARY:** And while we might speak on this, it is you who must do the work to discern what is truth. Thus the teachings on the 3:00 and the 4:00 were given to you back at Camelot as the lines, of Lucifer and Satan, and you have to think now and learn the Cosmic Clock of the 12:00 and 1:00 if you have not already done so.

**NATHAN of the Karmic Board:** So you might say that this idea that you can post your decree work on the Summit Lighthouse website and your work be done when it be copyrighted material is not acceptable. You will need to return in embodiment.

**GOD SUYRA:** You can see from this discussion, that you will need to be as Martin Luther to present his *95 Thesis*. You will need to re-establish the Church on the basis of the Second Advent Teachings of Jesus Christ as it was originally meant to be.

**Typist:** It is my understanding that according to the FBI, that they have to account for the murders on the property. Cam Bui was murdered also right? The study group leader in the shack who died having had her clothes stolen, right. Mostly after ECP left, the organization was destroyed by the drugs people were taking. Murders ensued. So if the organization goes into receivership, it is a time you would speak up. You would go to court to settle the remains of the organization.

**NATHAN the Judge:** Don't let the drug heads get a hold of it.

**Nancy of Oregon:** Please!

**NATHAN the Judge:** Anyone who was at the gangland slaying of ECP should be barred from attendance at the court hearings.

**GOD SUYRA:** You are asking for organization financial statement of condition and who would know the most about the organization itself such as the children. You would write your *95 Thesis!*
