University Defense Education

MOSES: In the following discussion given to another, this must be taught as the defensive law that must be taught in the University.

What to do With Cadavers

In a chapter on what to do with cadavers of unclaimed bodies, see that heaven desires that bodies are cremated. The body can be put on ice for a few days and then cremated. It requires a certain amount of time for the soul to leave the body. Furthermore that the cremation is whereby there is no further light substance left in the cadaver for cremating it.

What the book assumes is that all unclaimed bodies be used up in scientific research. Obviously people can say whether they want their bodies for research on their driver's license.

What if the cadaver is one of the dark? It is radioactive with evil energy, and medical students may not want to work on such a cadaver of one of a great darkness. The *Satanic Bible*, we would wrap in aluminum foil as the words in it radiate nevertheless unopened the dark "vibes".

MOTHER MARY: It is “ice” or “no ice” depending on the circumstances the body is found.

Nancy of Oregon: The second concern is that under common law in England, the cadaver stolen out of graves was made illegal if it had been dug out of graves by witches. This body of law was never brought over from Europe.

What is to be done? The references is described of Erich Fromm on necrophilia in *Anatomy of Destructiveness* where people have sex with dead bodies. The binding to the Light of the dead body is what is being done here. It is a stripping of the Light as the Light leaves the body.

The words voodoo, necromancy, necrophilia, likes and dislikes on the 1:00 and the words black magic, criticism, condemnation and judgment on the 12:00 o'clock line are in the *etheric* or *fire* quadrant of the Cosmic Clock.

ANDREA SELESTOW: After the etheric quadrant, the remaining quadrants of the Cosmic Clock are mental, emotional and physical and while these three quadrants can readily be described to find facts in a legal case, this is not so with the first quadrant which must be described in legal dictionary.

The Cosmic Clock begins on the 12:00 moving through to the 2:00 o'clock line in the etheric quadrant and these are invisible qualities that require defining.

As they are not physical quadrants qualities yet they are to be at least defined. *All cycles begin in the fire quadrant.* The 2:00.o'clock line is the line of God Mastery and this is *doubt, fear, human questioning and records of death.* And this again this has to be understood for those studying in legal terminology.

ANDREA SELESTOW: The 2:00 o'clock line of doubt and fear is seen in the "bad childhood" or the incest, the rape. This is a person stuck in life who is too afraid and be in defensive criminal behavior if not hiding. And to do justice legally, you need to ascertain the childhood. We recently went through a case of this nature and it was to be seen that the entire adult life was based on childhood beatings.

The records of death are crimes that are very broad by definition. They will be planned murders over decades, planned suicides over decades.

NATHAN the Judge: They can be planned destructions to see another and another 9/11 where the records of seeing people die again and again whether in genocide or mass murder or Jonestown is enacted time and time again as *raison d'être*.

Nancy of Oregon: You see, this is the 2:00 o'clock line of God Mastery or Christ Peace. So you see its opposite as this as antichrist peace.

Cosmic Clock Definitions

MOTHER MARY: The definitions on witchcraft and necromancy must be defined as this is a readily available quasi-religion power source that you see time and time again re-enacted in how it is to extort money or other people.

Nancy of Oregon: The cadaver is such an example. The witches and warlocks and black magicians look at the human body whether dead or alive as material to stage a robbing and stripping it of its light and power whether in hexing, in making the person be acting on their command on guilt and shame, or through the evil eye, or sending him off prostitutes such that he cannot ever feel good about himself thereafter for having succumbed at a low point in his life.

These are real conditions. The Eagles are not free of it from having moved from Europe to the United States, such as the threat of Negroid hangings that continue to put the Negroids in a slavish condition.

NATHAN the Judge: Where there are the legal cases they begin with asking for the drug record. You will see that the morality structures where it has been broken, you cannot have a legal case where there cannot be reasonable moral discussion to be dialoguing. Even the witches and black magicians will at every other instance say, "I have freedom of religion." However you see it is that quasi-religion of power mongering that takes place that unidentified is not remediating the case.

Nancy of Oregon: Even the Negroids having to give up the front row seats on the bus to the white man is a bad habit. The idea that you can simply put in a pornographic house into a neighborhood and people do not have the words to describe what it is they see, such as to have billboards in Time Square of mostly naked women, that although is father away— but it is repulsive, for its indecency.

FATHER MALACHI: What is being asked of you is to see that there are demons. Thus you have heard of the converging of the demons to cause a man to masturbate upon his awakening in the morning. He does not know why his hand is on his penis and these are the very necromancy and demonic forces that are floating about that are unseen. And when you have the witches covens to direct this, when you have stated purposes of those in the powers-that-be to direct the necromancy upon others to control them either as you see in the forcing of prostitutes on the CIA or in the psychic projections, this must be accounted for that was under

European law and simply not transferred over as common law to the United States.

JARVIS RAYMOND: You see that horror is another way to send down the chill in your spine that you yourself are given over to fear of threat of violence toward yourself which is seen in the work of organized crime.

Though you might be limited by the written penal code, you must see that when you are able to define these words of crime.

You will then give over to the legal practitioners and the students at the University, a much better protection, for their understanding, of why it is that that people have sex with dead bodies, why it is that they spend such an inordinate amount of time doing chants and voodoo work of putting pins into the voodoo dolls that cause the excruciating pain in another that they desire to control. Right now, the legal system considers this un-researched and yet it is not all around you and not carried over from Europe.

Where the legal system would learn of this body of understandings, that this to be a part of the normal course of legal activity, it is possible to remove this heinous power "grabbing" of the witches.

NATHAN the Judge: So you see, that I as the American judge in the Nuremberg trial did let Hitler go to Argentina, and there he continued his rampage of killings through ones such as Adolf Eichmann. And you see, that justice is never served by your

turning the blind eye and deaf ear to such sufferings as Christ on the cross of humanity or cross of the Threefold Flame Dynasty.

NOSTREDAME: What we would have you to understand is the nature of fascism in both government and corpocratancy. And for the students at the University to recognize it when you are out of school and working about in the legal or police or deputy work that is in the institutions of the United States.

You yourself can see that where there is this fascism, that they do not stop to have fascist control over the United States. They use covert power, that is perhaps found in witchcraft or black magic or cannibalism or Aztec or China or American Indian or Islamic coyote killings, however it is *covert* and not open to seeing readily unless you yourself are able to recognize it from the study of past history cases involving this as “records of death.”

MOSES: Once you have this vocabulary, you are able to see that they do use tried and noted paths to seek power grabs. And that you arrest these spirals of darkness to not go further.

MOTHER MARY: Had Judge Nathan known this, he would have stopped Hitler.
