Public Education 13 Coveting Jihad Bee

MOSES: Here you see what is the profile of the Jihad Bee.

FATHER MALACHI: Just as Mother Mary described Honky Tonk as a “stealing of Light and garnering power of control,” Jihad Bee also does this and further, works toward a devastating loss to all in its path. There can be many manifestations of Jihad Bee, however the end is of the Iguana demon.¹

Nancy of Oregon: The one seen here is the woman who commands in authority work environments. And part of the control comes with “free sex” that causes a man not to be able to discern truth of an imposed lordship of a queen bee for “free sex”.

STEVEN ECKL: That Jihad Bee can use their children to do evil, it matters not. They do not feel any compunction to slaving children. There can be the use of drugs to force behavior, it matters not.

ANDREA SELESTOW: They again are “beautiful people”, and they will have an even tone to their voice, seemingly the noble woman in their dealings. However where they will be thieves and covet, they treat power and authority based on what coveting can be implemented, and those involved are reduced to nothing, either to be killed or disposed of.

- Annice Booth at the Church was overweight and had a heart attack. She blamed certain people for her heart attack. A memo was sent out, all men were to act as police to stop these two from coming to the church services. They left the teachings.
- She is giving a sermon, the song on tape cassette was not found. “He will be dismissed” or “he will be fined” was the horror people lived under.
- She ordered the shack rapings. When the women might become pregnant, she ordered a killabortion.
- She in disciplinary meetings with milder staff, would say, “Your arrogance is astonishing.”
- For her heart attack, she being in charge of the study groups, ordered others to pay for her medical bills.
- She considered herself the re-incarnation of Queen Victoria with a weak Prince Albert under her command.

ANDREA SELESTOW: Of course, ECP was reminded that she was “slut and whore” that Annice Booth would command her on a whim. The board of directors positions will be filled by those chosen by Annice Booth, to further enact her type black magic culture.

FATHER MALACHI: You see this at the halls of government in Washington DC, doctors and lawyers, even among the black popes. It is jihad and Iguana demon that you would

try to see and understand. Where this is in the halls of government, the killings are horrendous. The free sex is all a part of the covert work that ends in slavery conditions to Jihad Bee.
