Soul Die

Song:

Summertime

Michael Jackson: If you were honest with yourself, you would see that this smoking is funeral music.

Nancy of Oregon: This is the example of the crazed mind.

JARVIS RAYMOND: The mind so crazed is from the diabolical smoking, that through a drug, it changes the mind in what he now has changed into putting his mind's attention upon. The crazed look is not enthusiasm, it is not ecstasy.

Nancy of Oregon: It is not genuine at all. When a person says “Have a nice day,” it is said with goodwill. Rather these forced greeting are with sardonic satire. Remember, you are the *square*.

JIM SUM: And even when you die, you are “stuck” with this reefer madness mindset. It is a crazed damaged-mind look.

JARVIS RAYMOND: Even Alzheimer’s disease does not look like this. This is a disease that is drug induced.

Q: Can the soul die from marijuana-deathdrug?

MOTHER MARY: Yes.

MOSES: I would add killing and sadism to that “high hallucinate.”

“All hallucinate drugs are poison.”
