

The Lost Books of the Bible and The Forgotten Books of Eden

*Preface to *Forgotten Books of Eden*, 1927*

Present day speaks on authenticity of the Adam and Eve story. The familiar version in Genesis is not the source of this fundamental legend, it is not a spontaneous, heaven-born account that sprang into place in the Old Testament. It is simply a version.

The account is handed down by word of mouth from generation to generation of mankind—like an inextinguishable ray of light that ties the time when the human mind could express itself and the human hand could write.

The Adam and Eve story is seen in the large number of ancient writers of versions that exist, or whose existence may be traced, through the writings of Greeks, Syrians, Egyptians, Abyssinians, Hebrews, and other ancient people.

The version which we give here is the work of unknown Egyptian (the lack of historical allusion makes it impossible to date the writing). Parts of this version are found in the Talmud. The Egyptian author first wrote in Arabic (original manuscript) and that found its way farther South and was translated into Ethiopic.

MOSES: Clearly these accounts are as old as Lemuria and Atlantis, handed down by word-of-mouth over the hundreds of thousands of years.

EMPEROR LeAMTHE¹: This story of Adam and Eve while inaccurate does show some valuable pointers, namely the purpose of the Second Advent Teachings.

MOTHER MARY: The students of the Second Advent teachings will remember what is said about hell and heaven as taught through the I AM Presence Chart.

EMPEROR LeAMTHE: Historically it is an inaccurate account, and you would not put too much attention upon it. It is however written no differently than Mainin speaking in reverie in *Earth Dweller Returns* about the chief demons, Maleus and Martyus and Mainin's making choices for the Dark.

MOTHER MARY: What are those teachings of Jesus Christ has helped you immensely to move forward. You would read this Adam and Eve story account differently having been exposed to Phyllos and his telling you about the Chief Demons.

EMPEROR LeAMTHE: You see Adam and Eve in this story in the compound or in hell!

¹ A Lord of the Lake of Fire.

MOSES: Adam and Eve in history are *in and out* of the compound or hell. They are not so pure as the Christian writers say that there is an evolution of the first Adam to become the second Adam. This account moves through Cain and the sons of Jared and the corruption, the same voluptuous scenes that you see in following the rock music, the hemp. History you might say repeats.

JESUS CHRIST: The Bible itself has been written over and over again except for *Revelation*. One advantage for these books is that the meanings may not have been written out of their accounts.
