The Reprimand of
Michael Jackson 4

The History of This Pollution Music

JESUS CHRIST: This message does apply to all the Christian churches. The Ringo Starr drums and electric guitars are to be removed from all church music. The screeching sound of the White musicians, you are to take out.¹

Michael Jackson: The screeching follows the electric guitar. The screeching sound of Joe Crocker is that he has to scream louder than the electric guitar. So it is best that you eliminate totally the electric guitar.

You need also to remove the aggressive, "Say, what?" And questioning "Are you having a good time? Let me hear you screeeeeam." You can see how primitive rap is aggressive question and answer. "Say what? I say..."

Lester Young and Kid Ory: The primitive rap is about the power. It is a power sound that they play it loud from cars and it has the purpose to bowl you over like bowling pins as you do not have choice, to hear the vile lyrics and the sounding of it.

Fate Marable: It is a reason why there is so much profanity. And the aggressive family TV shows.

Nancy of Oregon: It is what we call the tearing of the chakras for the light to surge or spill out of it. To be stripped of your light to the rock-n-roll demons.

¹ Janis Joplin, Frank Zappa, Arthur Brown, Atomic Rooster, U2, Led Zepplin, Scorpions, etc. rock-n-roll screamers.

Michael Jackson: The bands still sing the Supremes, but the Jackson 5 could not continue to imitate this sound without being stripped of their light totally by the same low-level demons that rove about.

JESUS CHRIST: The primitive rap demons strip people of their light. You yourself do not see them. However you notice an angry face in these people.

FATHER MALACHI: They have been “ripped off”.

FATHER STRONG: I have been an exorcist priest for a long time. Have you thought of this? Why it is that you consider the old church music to be not so electrifying?

FATHER MALACHI: We both have many years as exorcist priests for the Catholic Church. What you consider as power music is the demons sucking out your light. The demons latch on to your spinal column, and as if with a straw, they drink the light out from the spinal column as we showed of the nicotine demon. You feel a rush of energy and it is light being siphoned off.

B. B. King: Even *Rockin' Robin* is atrocious, and it is Michael Jackson's behaving in screeching.

ABC is fine if you would take out the drums, then you see, it is piano guiding the singing and there is no need to screech then, and then it is easier to sing.

Michael Jackson: We were told by Motown to imitate and to “just pretend” of the screeching where we were to be imitating the sound of the groups on drugs, of course, we did not know this, but it is what Motown wanted.

MOTHER MARY—

Take out the drums.

Use the keyboard to time music.
