

Amos & Andy.

## To The Summit Lighthouse Students

Chelas Mine,  
I Am El Morya.  
You have heard  
from our brothers

**Nancy of Oregon:** Deputy Amos & Andy work as Ascended Ones. These are the saints. Such a one would have a clear mission on earth, as if you were putting forth the Shakespearian plays for the first time, the plays and sonnets were written by Francis Bacon who was already ascended.

**EL MORYA:** What in Cosmic Council has been deliberated upon is the future of the Summit Lighthouse.

El Morya has been quite grieved in that the government is indicating that what assets there be will be given over to government auction to benefit the government not the community of donators.

This is a reality check. It is a dead end alley is how Jesus Christ spoke of it. He said the prophecy had not changed, that the two witnesses would be killed.

What is there then are still the worship of Elizabeth Prophet and they want you to get a reality check, as this is not what Jesus Christ is saying in *Revelation* to you.

**NATHAN the Judge:** What we have determined is that you have no will to preserve the Teachings.

**EMPEROR LeAMTHE:** It is a heavy karma although Cosmic Council also understands how there had been the regular stripping of your light there. To you, you might even ask, why invoke the Light for it to be stripped off.

**EL MORYA:** We are at a painful “fork in the road”. Some of you do not want me to be Guru and that is fine.

**EMPEROR LeAMTHE:** He has been given the bad rap for what were the Elvis look-alikes showing up here and there.

**ANDREA of Chicago:** The Guru is by free will. The chela puts himself under the guru by choice.

**Nancy of Oregon:** And it is a clear choice. It is not ambiguous. You are asked to make a choice today.

**EL MORYA:** That you do not know what happened is too late now. The carpet-baggers are at the gate.

**NATHAN the Judge:** The choice before the Karmic Board is if you desire to service the Saladin organization or you will break out on your own and support the Christ Teachings!

**EMPEROR LeAMTHE:** You might say that there is hardly anyone who does not understand your complaints. Father Malachi was there, speaking on the workhouse conditions.

**JESUS CHRIST:** The slave driver conditions in the Heart, the one who had been a Solomon who broke up Jerusalem and had the people carried into Babylon.

**NATHAN the Judge:** It still however puts the onus on you to preserve the Teachings and this El Morya will explain.

**EL MORYA:** It has not been without a great bitter remorse in what has happened that it

will not continue for what is a history of a great dark.

Nevertheless you need to move on, that although there is no further dispensation for the Summit Lighthouse as you know of it, to support the teachings of the Messenger Elizabeth or Mark Prophet

What I am to tell you then is that the foundational teachings as given to you by Mother Mary this day is of the import for your life, that you not lose what you have already been taught and gained in this life having been a chela mine.

**JESUS CHRIST:** When I had walked off the dictation saying that I could not deliver the Teachings on the mystery of the 33 years before the mission, some of you did see that as my statement to you, that I could not teach there any more for the abuses of that organization.

**Nancy of Oregon:** This was at Camelot. When Jesus Christ was replaced with the ever-present Guru Mark Prophet and when Mother Mary was replaced with Elizabeth's Mother of the World.

**JESUS CHRIST:** This is found in your decree preambles.

**EL MORYA:** There are some conditions to be met for you to pass over into the Second Advent Teachings. What was of yesteryear in the scripting and dictations of what were the due Teachings could take many years, however what must be retained are the decrees and the liturgy.

What you see then in this teaching of Amos & Andy that you also see residing in the foundational teachings of Mother Mary, is that you try to see the trouble-brewing.

You remember that this is why you went to Church on Friday, Saturday and Sunday. It is why you would continue your work in preserving the work that was begun at the Summit Lighthouse.

The decrees require that you remove the preamble. You would go forward in re-doing any other decree.

I began the Salvation Army and the Methodist Church with John Wesley. Therefore I Abraham of old say to you, that unless you embrace this message of Beloved Amos & Andy, that fallen ones are after your life, after your light and love, you do not have the choice of life.

### **NATHAN the Judge:**

After you make it over in the death process, we will speak again on what it is that you did with your time remaining after leaving the Summit Lighthouse. However if you would heed this message today that you live to eradicate trouble-

brewing, you will find yourself not being judged severely before the Lords of Karma.

**EL MORYA:** There can emerge blame after blame as to what went wrong at the Summit Lighthouse, and you would be correct before the Lords of Karma. However this understanding of the Sabbath which never ever did change, that you are in your seats before the altar to do the work of the Sabbath is given to you as forewarning, that you not change this teaching and your first-hand knowledge of it.

Some of you went after the Emigrant group, fully impressed with the blessing of the white shawl of that one. Some of you have gone to Tucson, thinking the teaching was to celebrate a messenger wearing the \$1,000 dresses or his wearing expensive tuxedos and listening to music of holy children singing.

This is what is the message this day, that this will find you wanting if you do not adhere to the commandment of Moses that you honor the Sabbath, and if you do not adhere to the commandment of Moses to protect yourself from trouble-brewing and what does that mean? It means that you are dealing with the trouble whether it is the Fátima prophecies, or whether it is the false teachings. Your going to church is not about listening to gospel music and singing. Your going to church is as taught by both Moses and Amos & Andy, that you are to deal with the trouble out there. You will now read the messages of Mother Mary quite differently now in that she calls these the foundational teachings and the teachings of Revelation. They do not change for the destruction of the Summit Lighthouse.

**NATHAN the Judge:** And perhaps it is best that you yourself remove yourself from the organization now. You can sponsor what you teach from the inner

octaves but it will not be a part of this organization.

**EL MORYA:** What future recordings and writings will be preserved will stay at the level of the Messengers, as some of you have said, that the dictations sound about the same after awhile. What however can only be preserved by you is the Sabbath and why you go to the Sabbath. Incumbent for you is to reach the method of the Methodist.

**NATHAN the Judge:** In Alcoholics Anonymous, this is called reaching rock-bottom.

**EMPEROR LeAMTHE:** Perhaps I am the one to describe the comfort-zone that you find yourself in. Some of you have been insulated from the evil there, but not the FBI.

You have the knife in the back. You attract it.

**EDGAR CAYCE:** Maybe a better way of saying this is that you have a knife sticking in your back (laughter.)

It was *my work* that I showed you the trouble-brewing that karma was being spread throughout the United States, not by Elizabeth Prophet. Although she taught on it, she herself was not about to balance her own karma but she would teach on it! There was always this duplicity about her teaching, so how can this be preserved if it did not even “take” the first go-around!

**LORD SHIVA:** And when you are a sincere speaker, people listen to you.

The nature of lies is perhaps not what you have come to understand on the 9:00 o'clock line of the Holy Spirit. When you accept lies, you are as if having a knife in the back ready to stab you.

What Deputy Amos & Andy said was, "No, Aimee Semple McPherson is not the same, she has a clean record. A darn clean record! *Clean! Clean! Clean!* Elizabeth Prophet does not have a clean record." What you are not seeing is what happens over here. Did you know that for the crimes of the sex guru in Oregon that he has been given " \_ "0,000 years in the compound or hell?

**JESUS CHRIST:** Just start all over again and have nothing to do with either Saladin or Elizabeth Clare Prophet. Even the Course in Miracles is a simple book to begin a church. You have the donations of those who are getting older, you will not find it difficult, only you need the will to do it. But the prophecy of the second death of the two witnesses has not changed.

**Deputy Amos:** You have to see your trouble as having reached rock-bottom.

**EL MORYA:** That you go there to the Sabbath to transform yourself and society as the method.

---

**JESUS CHRIST:** This is a message also for the Christian churches. On your Sabbath.

**Nancy of Oregon:** What one gospel singer does is that before she hears the message of Mother Mary, she does 50 of the Hail Mary rosary.

**Deputy Andy:** This is in order.

You are seeing the trouble of your not hearing her message and this is what the Christian church pastors are not doing. They do not hear the message of Jesus Christ or Mother Mary as it is given.

As it is that was given. They would see that they are easily taken over by the wealthy snobs with titles and not follow in that means.

**Nancy of Oregon:** We did jumping Shiva's. When you sense this comfort-zone, do something. You can have people file out of the pews to kneel before the statutes, you can all do the rosary while doing this just as little children find this to be fun. It's not about you being the Augustinian priest sermonizing any more. It is about their changes. And some of you are affrighted that the youth watch the TV shows and you will be judged for this.

**FATHER MALACHI:** Roncalli, Pope John XXIII, convened Vatican II. We said that Cosmic Council had determined that he would go to the second death for Vatican II about a year ago!

**POPE JOHN PAUL II, Ascended:** When you hear of such intelligence, you have to act upon it.

**Deputy Amos:** The Catholics rest in comfort. After Sunday when people drive off, they are no longer responsible for the parish. Our message is to get out of your comfort zone so to speak.

**Deputy Andy:** Do look for the trouble-brewing as we showed in our TV shows.

**Deputy Amos:** What is said here about the reaching rock-bottom or the method is that you do see that unless you honor the Sabbath and go for it, give it more than you are now, to make the decrees available for others, also sounding the decrees for

changing conditions of Revelation that you will always have around you, conditions of treachery for the Negroid, conditions of drugs in a free country, on and on, you see, there is not a way for you to pass by the Karmic Board in trial that

is anything seen short of betrayal.

**Deputy Andy:** It sounds like a harsh word. And it may, however, may we ask you to not see it as so harsh if you would get your tuxedos and change your walking patterns and such, that you present an image of a dignified Washington Carver the rest of the days and not just act out the comfort-zone mentality!

**Deputy Amos:** It sounds like a harsh word. But you do not see what we see here on this side with what we have shown as the insects upon you. And this rap sound is as antennas creeping into your house and church, so why in the world would you not do the 50 Mother Mary rosary!

**Deputy Andy:** It sounds like a harsh word. But you do not see what it is that we see. What some of you have remarked upon is how genuine a person Michael Jackson was to you. And we remind you, that he essentially failed as the problem of the evil is much

greater.

**Deputy Amos:** Being nice does not equate to you being at the Sabbath and at every turn giving another and another 50 Hail Mary's for this and that grace or teaching.

**Deputy Andy:** You can do rounds of this. *You only need the will to do this.* You can preface the next round with, "Let's get up, we have air conditioning. Everyone move with the Holy Spirit."

Church is about ritual. It could be passing the palm leaf, you can be passing the holy relics.

**Deputy Amos:** You can be creative here. You lead in ritual, and in the sermonizing, the stultification, you put it away now. Unless you understand the changes of terror in their lives, you are not hitting the mark.

**JESUS CHRIST:** Most of what you call liturgy is based on the Augustine means of giving sermons. Do convert in an about-

face here. See the trouble-brewing, and do something, not do nothing!

**Deputy Andy:** I do not recommend that the Christian priests continue to do nothing as their comfort zone. It sounds like a harsh word. But you are not where we are in what we are seeing.

**JESUS CHRIST:** Think of where you will be 20 years and 50 years from now.

**Typist:** If I were you, I would teach them about stalking. To protect themselves from the shenanigans as the deputies teach, in a free country. Recently I heard how a woman put her purse on the hook in the toilet stall. The purse was snatched and her car immediately stolen. Supposedly this is common now.

**Deputy Amos & Andy:** We do not have time to go over with you these shenanigans now. **You may yourself not have read the Mother Mary's foundational teachings as trouble-brewing, so do take the time to acquaint yourself.** This was primarily a message to the Summit Lighthouse students.

This understanding of the Sabbath to these students is to prepare them. Moses prepared the people before they would be entering Jerusalem. For many years.
