

To The Summit Lighthouse Students

Chelas Mine,
I Am El Morya.

EMPEROR LeAMTHE: Some of you have said, “We’ll do whatever El Morya wants us to do.”

And what is that?

Typist: They have asked me to state my interpretation.

What El Morya is not able to accept is the wholesale destruction of the organization. He is asking for a few people, in particular, ones such as Eileen Francis to get together a new organization and run it not as you see now, barely a trickle of light coming from the decree work, a caricature of what decrees were as we knew it. He has not given up on the 1,000,000 ascensions, neither has Jesus Christ. But at this rate, this trickle decree work that is being done from KAC and Bozeman, it will not bring about the ascension candidates. No way.

What El Morya wants is to see a few people that are the white fire core chelas such as Andrew Blumensheim and they to do something here and, it will be going against the spiritual director and publishing gang that says the mission of the Church is to publish the

writings of Elizabeth Prophet. He needs people who understand the altar work.

He needs the study groups to hold together. Why?

EL MORYA: THESE ARE ASCENSION CANDIDATES! **That's why!**

Typist: He wants these few people to work with what he has already established even through the people have been precipitously leaving Minneapolis and Bozeman's groups.

These people are white fire core chelas. And this would include people such as William Chase even though he is not a person upfront as the other two mentioned. He wants people such as Frank Sarlo to do something here for him, even though they are not the leaders. These may or may not do

morning decrees but these know when they have to do decrees in the middle of the day and this they do. These are the ones who are the ascension candidates.

ANDREA of Chicago: They will be names such as Diane Diegel, Joseph Genito, Florecita, Mary Galloway, Joyce Heiser, William House, Nigel Yorwerth. It will be the pink flames, not the ones you remember as saying at the closing of the Tucson group to consolidate power, "I've come here to break the link to hierarchy" as quoted from Archangel Michael.

Typist: It might include leader Geoffrey Courtright. But not the sharp ones, not the power players.

JEWEL: Or the ones that used you as their slave to clean their car and pay their parking tolls when they came to town.

MOTHER MARY: The leaders whom she calls the publishing gang and its spiritual director will not be going to the ascension but will be judged for the wholesale destruction of El Morya and Jesus Christ's organization.

NATHAN the Judge: It includes more people, the “reverends”. They consolidated power in a smart move.

Typist: Nevertheless, even within a short time of the book publishing gang taking over, they no longer corrected false teachings such as saying Alice Bailey was responsible for the name Church Universal & Triumphant! Not Jesus Christ! And it is in the *Pearls*.

He needs the decrees saved! He is calling it the Sabbath as this is no longer the same Friday, Saturday and Sunday services that you remembered. Why? because he needs holiness that is not there. But it is of the new holy orders that can come forth from the leaders who are the white fire core chelas. In other words, it will not be a 1-hour Saint Germain service. It will be the way he wrote of it in *Chela & the Path*, the 3 hours! Well, it could be 2 hours he said later. However this is where he needs you to embrace the teachings of Mother Mary, that the “trouble-brewing” is the nature of these services, that if you are not there decreeing, *who is going to hold the balance?* which was how we remembered the decree services. Yes, you have started to broadcast the decrees, but it is not at the level for those to be taking off in the ascension as to why they join the Church.

He falsely assumes, to me anyway, that you understand this publisher mission. No, it will not take you to the ascension. Neither will this church survive. No, you don’t understand this! You still listen to this leadership and you still do not remember the challenge the lie teachings. He falsely assumes that you by choice choose to call forth the false hierarchy in your preambles. In other words, what criminality these have, you gloss over. He needs for this new Church to be at a Level 5 and higher even though the Church itself is not at this Level to lead you to the ascension! This is also what this means to him!

The Theosophical Society which he created failed. Although people brought back rightly the spiritualism and respect for the unseen, but it does not take people to the ascension. Then you have the Salvation Army, which organization he also began, but it cannot take people to the ascension.

People such as Andrew Blumensheim who came into embodiment to lead decrees for example was told by the publishing gang that if he recorded CDs they would sue him. This is horrendous to El Morya. What Andrew did in Chicago was to have people give round after round of violet flame sessions that simply

spiraled people up and up and it was broadcast free, there was no threatening message of the publishing gang.

Okay, so what is it that El Morya wants for you to do? He needs you to preserve the teachings and call it the Second Advent Teachings. These are the Christ teachings at Camelot in the 1980's. Mother Mary already has a schedule on this. This will include the Talmud teachings of Moses, obviously the demon names of Malachi as instructed by Jesus as to what are the Second Advent Teachings. He needs you to save the services that he had set up. He needs to have decrees posted and this is without all this worship of the Messengers and publishing gang.

He is not able to flip a switch and say that the Revelation prophecy can be overturned for the reason simply that the publishing gang is at the organization's throat.

Mainly he needs you to start a Quaker's, Pilgrim's, Baptist or some Church that breathes like a Church! It is not sermons as you are used to. It is not one where you learn to take dictations. It is one where the decrees and the community of decrees will bring about the ascensions.

He needs the black magic removed from the decrees. He needs all the decrees re-written simply to last into the centuries. He needs furthermore all these Tibetan Dhyani buddhas and Hindu teachings removed. Outside of Shiva, beginning with the Buddhas in Winter class where the Ascended Ones thought this was open season to traumatize the students in masturbation, which Mother Mary said a lot of people left at that point, he needs you to focus on the few Christ teachings from Easter in the 1980's to bridge and connect the Summit Lighthouse to what would be considered the Christian dispensation.

You can see why he invited Malachi to speak. What is missing from ECP's teaching is this. Jesus Christ gave the teaching that this work is about Life, Love and Light. This you know from the *I Am Lord's Prayer* by Jesus Christ. What is missing is the love of Christianity. You remember Diane Diegel and Andrea Selestow. Diane was this Christian who was saying, "Hey, let's pull together." You remember this from Marjo Herron, "Don't worry about it, I'll get it done for you." You remember this from Eileen Francis, both taught us of being the good Samaritan under El Morya.

This love is missing at TSL. The other quality is the life. It is also missing, where they flippantly kill you by dismissing you from staff service, they do not have a healthy respect for life.

JESUS CHRIST: Is not the ascension, life eternal?

FATHER MALACHI: The love, the Christian love, the love of the Christian fathers is not there.

ANDREA of Chicago: And the publishing gang also do not understand this who are its leaders.

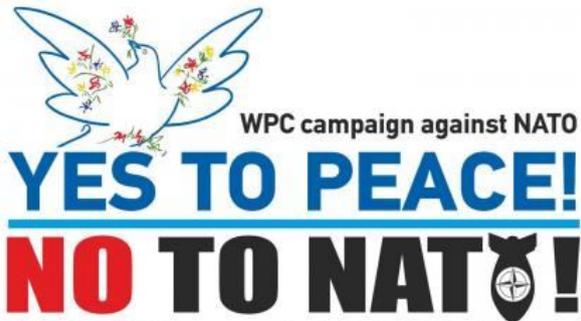

Typist: What they do know from ECP is Light. How to strip you of it if it is a negative quality, but she did teach us how to call forth the Light. You cannot actually stop with ECP for the reason that if you do, you are actually going lower than even Elizabeth Wulf who was the Christian she was before coming to TSL to work under Saladin!

The teachings at TSL are in shambles. So he needs the white fire core chelas to lead and making a church. You will remember that the I AM Movement was closed down because they did not have materials for the next generation. That is not exactly the story at TSL because you

were there for the Light of the dictations You were there in the Holy Grail. And that makes you the walking church.

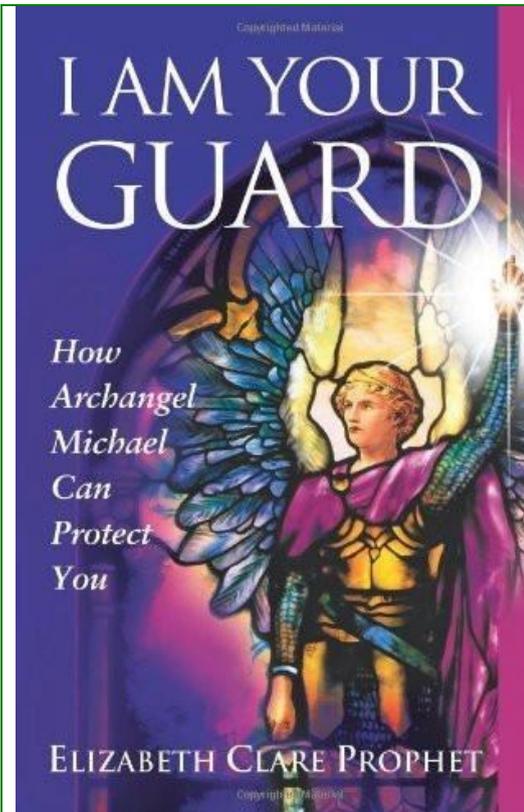

Perhaps this is still too general for you. Mainly, he needs to have the white fire core chelas to establish a church that will last such as the Salvation Army or the Methodist church.

EL MORYA: You need to understand what is at war. That Saladin is at war with me, at war with Jesus Christ himself that even Elizabeth did not seek to codify the teachings for the future as she could see the handwriting on the wall!

EL MORYA: What Elizabeth did was all she could do. The dictations slated were coming from Saladin. She basically had no way to input her own way. And when she no longer could give dictations, he found a virus to destroy her brain.

The Messengers claim to be your guardians! You are duly fooled!

EL MORYA: Let me say that this leadership whom she calls the publishing gang, and David Drye, the spiritual director, that they do not understand the teachings.

ANDREA of Chicago: You have to recognize that the Church is holding you hostage because they determine all the laws.

Nancy of Oregon: A real church is one that takes their direction from the Holy Spirit.

ANDREA of Chicago: The publishing gang does not represent you! Neither will they.

ANDREA of Chicago: The funding that you give by strict allegiance to the publishing gang is not IsReal Come Again.

EL MORYA: It is you that must break up the old paradigm.

Nancy of Oregon: She would teach on the Lost Teachings of Jesus which were the Mark lectures to replace the work of Jesus' Second Advent Teachings at Camelot.

JESUS CHRIST: There is nothing special in this look that would make you lose your ascension!

EL MORYA: You continue to think that ECP is at the gateway to your ascension, and this we are saying is not righteous.

Especially those who are the white fire core chelas. You yourself heard the dictations!

JESUS CHRIST: You see this as your guardian? She is now gone and you must let her go. It is the Word that is your savior!

 <p>Mark L. Prophet</p> <p>Elizabeth Clare Prophet</p> <p>THE MESSENGERS</p>	<p>EL MORYA: You need to give up this worship of the Messengers!</p>
---	---

Typist: Michael Kaufman is at Serapis Bey's Retreat and he is so, so happy there because he is with his friends.

ANDREA of Chicago: I have never heard him so happy. And he said no different than yesterday, that he wants to learn the teachings, learn everything— *everything, everything, everything*— that Moses has to say now.

JESUS CHRIST: Michael is overjoyed to hear Moses teach, as this is part of the prophecy that Moses would return to teach. He is breaking the old wineskins.

EL MORYA: You remember him as a **white-fire core chela**. You might say this has become passé, has it not?

Well, it is not passé!

MOTHER MARY: We need you to don the garment of righteousness and pursue the freedom of religion.

EMPEROR LeAMTHE: What perhaps El Morya is about to be saying here are also the study groups, although it applies to staff that went elsewhere. What happened to those in the study groups was that year after year they lived in a time-warp so to speak in another Camelot.

Typist: Someone would come into the Teachings because they saw a poster lying on the street in the rain. They were living in the heart of the Guru. He is talking about “what are the Teachings” here. So this would obviously apply to Judith Smith in Chicago, Martha in Washington DC, Rita of San Francisco, William Holder’s family and others, these are the ones who are in the Teachings of the Guru.

JESUS CHRIST: Rita, do not be concerned with titles, you will be ascending (laughter).

ANDREA of Chicago: For certain, the Detroit Teaching Center that headquarters closed out of an aggressive untoward anger.

Nancy of Oregon: Because it was not producing money!

EL MORYA: I am also speaking to the study group leaders! You might say that I as Guru am greatly grieved that you do not see that you are ascension candidates and that you strive toward this goal.

Many of you have earned the ascension, yet you have a great deal more to learn and to be working on.

I cannot emphasize enough that you heard the dictations and others have not. And this is in some ways worth more than all the tapes and books that they might sell as it is a living sound if you will that even the Messengers do not have a claim over as it is in you.

Typist: What is the teaching that is being preserved? It is not just decrees. It is the fact that for your proscribing the decrees, the park ranger in Visalia gives 4 hours of decrees a day and will be ascending. The Teaching is therefore also the Guru-chela relationship.

It is not just being a Keeper of the Flame but knowing the operating of the mantle of the Mother of the Flame.

It is the architect who will design the rooms to enter the temple and they will be of the Seven Rays. It is the librarian who loves knowledge and you do not need to correct them for false advertising.

Nancy of Oregon: The librarian is where the organization stands.

Typist: The Teaching is Christ work that Andrea Selestow did at the bookstore as she comforted and gave inspiration to be reading the teachings. Susan Harrow also did this in such a major role.

The way the xLanello false hierarchy works is that if you are terrorized, then the light goes to the terrorist out of fear. Are you surprised then that this was often the way at South Ranch? In other words, the librarian work cannot start under the old order. You do wonder about the publishing gang how is it that they do not know the teachings. It does not have either the good Samaritan teachings, or the Will of God and obedience teachings to correct false teachings. The publishing and librarian roles are not movable, they form road blocks. For example, nobody can challenge as such that Afra from Africa is not "foundational teaching".

JESUS CHRIST: *How can they!* They worship Elizabeth Prophet as sacrosanct and she was not!

Some of you follow whatever it is those who knew the Messengers did and that is to you the Church. You are wrong to do this. You need to learn piety. This she never taught but the worship of her person and mantles. She deliberately added her name in to almost every dictation throughout.

MOTHER MARY: The librarian role will need to be outside the old organization.

Typist: So you say, she taught on all these subjects and we are at a loss as to what to preserve. Historically in a Mark blackmail of her, what happened was that the publishing changed at the point of " " killing her shepherd dog, castrating the dog and handed the penis of the dog and dog's head to ECP. He called her a slut and whore.

At that point, she was no longer able to publish. She went into getting details from experts. If Mother Mary said that she had been in England, it was a footnote of some book writer on possibly Mother Mary was in England. Then you have such dubious writings such as the electronic belt placed over the cosmic clock which are false teachings. It was a disconnect of many sorts.

She was terrorized. She had many marriages. One creepy husband took pictures of his prostitute taking off her top and these nude photos were put into her lingerie drawers only to appear again after she had already destroyed the photos.

NATHAN the Judge: He had no right calling her that! He had himself killed DD in order to have sex with RD. He was one to rape the staff women. So he was referring to himself. He then later tried to covet a former staff woman to work for him, she became pregnant and had a killabortion.

JESUS CHRIST: It is unfair now that you know the history of LaTourelle!

Deputy Amos: This is only coming to light now. What we, Amos & Andy, see is that when you have a father such as Saladin, the terror would be very great in abuse. What leaders there could be of this family, to lead in the future of this organization, they would work their hardest and darnedest to destroy the organization and anything having to do with their parents.

Deputy Andy: That the headquarters leadership supported them almost solely and not the congregation at large is factual.

Deputy Amos: The children systematically destroyed her and the Teachings.

Typist: The law that I am given this day is from Moses. He said

that both Mark and Elizabeth should have been killed at LaTourelle for the child abuse. She herself is a child at about age 20,, she would not be continue in this vein

Deputy Amos: You can see why you must leave the Saladin organization for the sexual abuse whether children, dorm rapist, messenger and so on? Along with this is the blackmail and extortion done by Saladin and then continued through " " so can you see this?

The teaching he gives me is that when you have sex with an animal, the animal can be killed. When you sexually abuse a child, the human goes on in reincarnation, and therefore it will be some 70,000 years to work off the sexual abuse.

Deputy Amos: What we will say to you is that you leave off the organization You yourself do not know who had been sexually abused, child or adult, that they carry this great burden that still affects anyone connected to the name "Prophet".

Deputy Andy: There were the dorm walk-ins when the women would be naked. These you are saying that it is not a rape, but it is.

Deputy Amos: There were even women raping women there. This aggressiveness was at the top levels of this organization. No, she herself was a victim.

EL MORYA: The mother superiors would take incarnation into the community.

Deputy Andy: Whether you believe these rapings are in the physical or more the raping of unseen forces, this is why you need to squarely look at who you call guru, and simply not giving a blank check to this leadership which is why you have the FBI there.

FATHER MALACHI: It would behoove you to study another community such as the Mormon church. There for the polygamy, it makes people unable to relate at the level of humanity you associate with Christianity. They kill in the name of God in plain sight as doing the will of God in indignant righteousness taking the law into their own hands, thinking they do God's service.

Deputy Andy: They know if they use the name of Jesus Christ, it will be their judgment. Have you thought of this? Why you use the name Elizabeth or Mark Prophet and not Jesus Christ?

EDGAR CAYCE: The role of the book writer at the A.R.E. was to glean from the 10,000 readings. The books sold when they were written by Levels 5 and higher. What you have is a staff unable to go beyond the Level 1, 2 in just being money-grubbing publishers, making books such as gift books on beauty, and then, you are not able to get to a higher investigative journalism. And obviously the writers would write subjects they know such as “good Samaritan” but *Mystic??* for Annice Booth?

EL MORYA: The good Samaritan work is not about first-aid kits made from the medical center. They are about the spirit of Christ giving. This must not be lost as it was also what my chelas learned to do.

EMPEROR LeAMTHE: The Teachings is the correspondence clerk who would glean out of the *Pearls* and write to people with the language of Christ Light.

RUTHIE: You remember the letters ended with “Your Sister in Christ.” This is what is being lost and what the Gurus El Morya and Jesus Christ are asking you to make a Church of.
