

The Teaching of Amos & Andy 5

Habits of Movement

Kid Ory: We were primarily playing musical instruments and sang their lyrics. You on the other hand can bring about a new culture through what is of right speech!

JESUS CHRIST: It is part of the Second Advent Teachings. It is right speech, right livelihood. You see it is not a teaching limited to yourself.

Joe "King" Oliver: You know this to be true whether you are from New Orleans or New York City, you were not allowed to speak unless told to. So now, you not only change the way you speak, but the way you think, that you *will* help one another by selflessly offering to read from your book what underlined passages you have, offering a word of gratitude and not complaint.

Jelly Roll Morton: We put attention on ourselves for the music. However you now put the attention on yourself for always mouthing gratitude.

Michael Jackson: It is better to say as old time gospel singers "Hallelujah" than present this horrible negative image of the rappers.

B.B. King: Hallelujah is not old fashioned. The rappers are old fashioned, from the jungle.

Jelly Roll Morton: You are to be seen not only as musician and sports players, but that you are known to be intelligent writers!

Right, you can still stand by the fence and read passages from your book (laughter).

EL MORYA: You have long since not have the gumption to believe you are capable of this. This is a “long shot”. Hope is not enough, hoping to be Magic Johnson. Try to do the impossible dream.

NATHAN the Judge: We of the Karmic Board see that you have inculcated these gestures and habits into the culture that we see a change, however, it is you who have to be doing the work.

Amos of Amos & Andy: It is not only the complaining in your eyes that was what we on the TV show had to train out of ourselves to be on TV. It is the shuffling, having an I don't care rebellious attitude.

Andy of Amos & Andy: You shuffle your body, you shuffle.

Amos of Amos & Andy: It is still seen on TV even though they are showing more Negroids.

Jelly Roll Morton: You can see that this was trained into the military. And even in the military, you do not want to be treated as inferior!

B.B. King: The Alexander Technique you perhaps can find a book on it in the public library. This age of the internet affords you a great opportunity in self-education.
