

To The Summit Lighthouse Students

Chelas Mine,
I Am El Morya.

EMPEROR LeAMTHE: You are asking what are the new requirements to the ascension.

Typist: You see that Deputy Amos and Andy do not take their ascension. You would be best to understand this clearly. They do not for a very good reason. So my experience in this matter is that you learn to adopt the trouble-brewing attitude.

You see how so many chelas went to join the ICBM group.

EMPEROR LeAMTHE: Even today they say, we are trying to put a person into the White House, justifying this by saying that this is always what ECP had wanted, to have the US to abide by Ascended Master law.

The reality is that they have killed people with the prostitution and the drugs.

Nancy of Oregon: In particular, the use of the amphetamines. My family was attacked. The family raped my husband so to speak.

MOTHER MARY: They not only think they serve a good cause but that they do not readily admit they are serving the false hierarchy!

Deputy Andy: They work with the fallen ascended masters. They also work with the darthvators.

Deputy Amos: These train people to become criminals.

Deputy Andy: The darthvators do this through having the chelas running red lights and stealing at the department store in order not to have their neck chopped by the darthvators to the point of thinking they will never be able to work again without having a regular neck.

EMPEROR LeAMTHE: They work for the false hierarchy— let alone the selling out of the US in transferring the ICBM technology which then subsequently required the forces of Light to deal with the ICBMs directed at the US!

Deputy Andy: We ask you to be sensible. These have already destroyed the Teachings. They are still planning the death *daily* of killing the chelas.

Typist: Alpha tried to show you this. Instead of hearing what he had to say, you freely rejected it by not dealing with the preamble equation and the allegiance to ECP as he tried to show you. Alpha also said the Ritual of Exorcism Project was black magic, he said your decrees had a black magic quality to them. And this is understandable that you do not understand it without more explanation. However the amount of rationalization for rejecting El Morya at his return he also did this calculation, that you were either fence sitters or you went out at night in your finer body to attack people such as a long time chela. Nancy's family was attacked by these same forces. Planning robberies, planning criminal activity. So they made up decree sheets, giving this person the name of pedophile and then the false hierarchy would go and make them a pedophile as ratification of their call sheet.

EMPEROR LeAMTHE: It is where you are assured that you not end up in the second death junk pile. These are junk chelas! They came into the teachings, learned your language but they are junk chelas! The killing of a number of your members is before the Karmic Board this day for adjudication, and I am not referring to adjudicating the ICBM group ones, I am referring to the Saint Stephen's that they freely stone in the name of putting someone in the White House.

Deputy Andy: We ask you to be sensible. These have already destroyed the Teachings. They are still planning the death *daily* of killing the chelas.

Deputy Amos: **Naturally you will desire to know if your 20.12 and 20.07 has helped them or the cause of Light. It has helped them.**¹

MOTHER MARY: You do not understand this. It is understandable. However it is true.

EMPEROR LeAMTHE: You find it hard to accept this equation. However when you accept being slave such as your passing the "initiation of the shelter cycle" when you pass the "initiation of brutally closing down the Detroit T.C.", you are serving the false hierarchy.

MOTHER MARY: Much of this is not understood as they are unseen forces. But you make choices outside the services and they follow cosmic law.

EMPEROR LeAMTHE: It would help to read *Hostage to the Devil* by Malachi Martin.

Typist: Much has changed. You ask correct to say that if our karma is balanced with the Summit Lighthouse, how is it possible that we

¹ xLanello also knows the organization is basically lost. Cranes move on.

retain that amount of karma balanced when there is this wholesale destruction of the organization.

MOTHER MARY: The personal karma was balanced in the process of the initial publishing of the works of Elizabeth. What you did subsequently such as listen to the tapes while driving balanced even more personal karma. The more decrees you do, you balance even more karma.

Typist: The 50% mark was too low. It was a manipulation by xLanello to have people ascend for them to work for the false hierarchy was one reason.

EMPEROR LeAMTHE: He himself would not have ascended.

NATHAN the Judge: That level cannot be justified for the amount of evil that accompanies with such a low percentage balanced.

MOTHER MARY: The level is higher, however the concern is more in mastery as you know that this is also a requirement. What also changed was the Judgment of Souls trial and that it was determined that the Christed ones would ascend from inner levels. This would cover you who would understand these messages herewith.

Deputy Amos: We would answer you in this way, that even when you pass over in death, you need perhaps even more to be able to recognize trouble-brewing.

EL MORYA: This is the answer to your question then. That you do understand this equation and that you decide on taking your ascension as you ramp up to incorporate the ways of Christ into your daily life

Typist: Sometimes the messages are lost.

Deputy Andy: You will further understand this teacher-disciple relationship as you progress on the path However for

today when you are not able to see clearly this false allegiance with ECP...

What this implies is that you go to the altar and ask for dispensations. You try and find sponsorship to go higher. Before Cosmic Council, you have physical proof that you tried.

NATHAN the Judge: You are not going before them such as the ICBM group to manipulate them for the false hierarchy.

MOTHER MARY: The path is something a lot of you left when the Messenger left the property.

Typist: How can you tell. With what Jesus Christ will be teaching on Pentecost, it will be a clear path for you.

JESUS CHRIST: You do not read the word now. Then we will have you read at Pentecost..

MOSES: What has happened to you is that you have had so many Ascended Masters having spoken to you, and yet you do not discern the eternal Word in it. I wrote the Bible. And you see, the path is about this Word.

EMPEROR LeAMTHE: If they tell you to worship XYZ, that you do.

MOSES: This is perhaps the first time that you are seeing the Word outside the organization that has you to worship an "ever present guru". Quite a few failed thinking that they would get the word by taking dictations.

This is then the time for Pentecost.
