

To The Summit Lighthouse Students

MOTHER MARY: You are indeed those who are the remnant if you have heard our call to you. We will in the following days to post those Pearls of Wisdom that are relevant to your understanding of the foundational teachings.

You have not always understood that the times

have changed. Some have wended their way to eternal life and some to eternal damnation.

We would have you to then realize that this is an important juncture that you take off the runway now and that you see the second death process among a number of people in the Bozeman area that was of the way that you have learned as the judgment of God.

EMPEROR LeAMTHE: It is not yet complete, however it is an opportunity for you to understand the more.

Nancy of Oregon: You have been told of the Mormon church with the polygamy. At this Church with the aggressive rapings of Saladin, whether by the dorm rapists or shack rapings or the proselytizing, that Patricia and Andrew's family was killed by these.

EMPEROR LeAMTHE: You have to move on. I was there at the gangland slaying of Elizabeth. I took her out of the body and hid her and told her not to look. Her children on drugs were shouting obscenities at her while slapping her, but she was told by me, not to look, not to listen at all, as she has vision. I was determined that she

would not be destroyed by this family of hers nor by this group that works for Red China that had hosted the gangland slaying with the drugs and marijuana-deathdrug smoking.

Deputy Amos: So what you see today, is the same is it not? That you are not left outside of the loop.

MOTHER MARY: The group was determined to destroy the Teachings as they were saying they would put someone in the White House as to them, the organization knew their past and they would have to be destroyed.

Typist: Prostitutes were hired to jinx long time staff. People were to be made prostitutes with repeated entreaties as these people went to town shopping.

Was the staff there? Some of them. They took this opportunity to have sex with her. Go again and again in their turn in to the bedroom. One sodomizing her.

EL MORYA: You are not able to see that the one leader in Montana that to him, this was to him how he would become messenger. He considered this his "initiation" to such power as Messenger. And this also Word grabbing continued in teaching others to take dictations in Bozeman.

ANDREA of Chicago: **But what is the answer to this question is that these are Levels 1 and 2 so they do not know the Teachings anyway. So with them, they could with a stroke of a pen destroy the decrees, the integrity of the Teachings, the services, change the board of director rules, so that they would have absolute power over the organization.**

EL MORYA: It is not about the Church or the Teachings, it is about despotic power!

ANDREA of Chicago: We were taught to go to the altar. Did they not do this?

EL MORYA: **Absolutely not!** These were not the trained staff as you remember the permanent staff. They went by what Annice

Booth and Marilyn Barrick said and these have gone to the second death.

Deputy Amos: The publishing gang had survived the mass layoff. They then sought not so much to preserve the teachings either as a Church or library but a publishing effort to bring in their salaries. Their word was more important than seeking those of other holy orders to guide them in decisions. Anyone who stood in opposition such as Andrew, they would ostracize him.

GIZEL or Elizabeth Clare Prophet: I am only hearing about this— *thank God*—for the first time today about the gangland slaying. It is still not easy to hear this. It would have been just as horrible as seeing my dog Job killed by “ ”. It was time and time again about extortion!

Typist: Not all staff were so deluded. Ruth Farnum appeared this week before the Karmic Board and demanded the justice on what would happen after two weeks of this job at LaTourelle to send her out to the men’s homes to make her a prostitute. But do not for a moment think that she did not try to get out of this! She said: *“What the _ _ _ _ are you doing!”* to Mark and Sanat Kumara.

EMPEROR LeAMTHE: *“What the fuck!”* For such extreme words, *do you not think that she was fighting for her life!*

MOTHER MARY: There were all those of the dispensation there. She only called to me for help. I was not invited. It was an extortion meeting.

EMPEROR LeAMTHE: The answer from Sanat Kumara was, *“Why I found the right person for you here to do this with his sex demon.”*

MOTHER MARY: Meaning Mark was to do the “training” of her as the messenger.

Deputy Amos: *“Do this or else.”* This is Saladin for you.

EMPEROR LeAMTHE: Why did El Morya not do something? What happened was that Sanat Kumara and Mark told everyone that

at the extortion meeting that Geraldine Innocente, another Messenger for El Morya, had committed suicide because she would not go along but that she went straight to the compound and was tortured in pain there.

MOTHER MARY: There were no options in other words that El Morya or Jesus Christ could see.

NATHAN the Judge: We are only working on putting Sanat Kumara to the second death now. We are only hearing about this extortion meeting only now.

Judge Oliver Wendell Holmes, former Supreme Court Justice: You can see how under the rights of due process how difficult it is to prosecute Elizabeth Prophet for her crimes at the Summit Lighthouse as she was already “made crooked” two weeks after this extortion meeting. I find it despicable, though understandably, that none of the sponsors spoke up about this meeting until now. Why, it was Moses who pointed to this 2 weeks that we were able to discharge the case totally, 😊

GIZEL: What happened to so many of you in the proselytizing culture is that you subconsciously were weakened to the point to be accepting the lie that all was in order with the publishing gang as she calls it.

EL MORYA: You thought we put them in place to run the organization!

GIZEL: And I am telling you now, that I did not have a say. It was what was talked about in the false hierarchy of xLanello and this is what he determined. Whether you understand this equation or not is not something that can be righted or explained here— that they needed a church that was to publish at the level of a definition and glossary style. They did not want to see an Edgar Cayce library situation where people in journalistic style would do investigative reporting and book writing. They were determined that this church would worship the xLanello false hierarchy and this you must come to grips with that you do not have a Church if they are lambasting Andrew Blumensheim and at the same time that they refuse to

change the preambles that continue to worship this false hierarchy. And also you become deluded to believe in this publishing gang to have them decide on all matters of the Church.

Right, I was told to interject whenever possible “the Messenger” throughout the giving of dictations.

MOTHER MARY: It is not possible to say more at this juncture for time. However you see that Deputy Amos and Andy are ones that would show you how disillusioned you become under such harassment.

EMPEROR LeAMTHE: With this type of history, why would you stay?

What happened today is something you have not seen in thousands of years. So might I say to you, that your utter despair at seeing the attacks again and again upon the Teachings is not business as usual.

Deputy Amos: What you saw today, those who know about it, was the work of Moses.

EL MORYA: Then we will say that Michael Kaufman is at the Serapis Bey Retreat, so is Andrew and Patricia Kramer and Frank Toth. That you have a glorious life ahead of you that you can look forward to be with your friends of eternal life.

MOTHER MARY: We have said that some of you have already taken off the runway, your wheels are already off the ground and you are in flight to the ascension.

Q: Judge Holmes, what do you yourself see as to what is to be preserved of the Teachings with this new information to us about the sponsors, about its history, the Nostredame prophecy and the

Revelation prophecy of the death of the two witnesses. You are also a history buff.

Judge Oliver Wendell Holmes, former Supreme Court

Justice: The board documents for the organization is wrong. You are giving no control at all to the donors of the Church, the churchgoers. Other than that, you do have the people to start a new Church if they would get going.

You would set up the introductory plan for the newcomer.

You would set up the ongoing services and have both written and recorded instruction on the law and decrees.

You would need to have young people trained in the legal aspects that they are not to disperse but see through getting the number of churchgoers that they understand the mission. The mission is the sounding of the Word in both Pentecost and in decree services that people know this is how they are to ascend.

As far as the Christ teachings, you have had that outlined by Nostredame as to what constitutes the Christ Second Advent teachings.

No, this Church does not need a pope. However you need the priest class, the warriors who guard the Teachings.

A 12-week program similar to Edgar Cayce's A.R.E. would work to establish new converts. But it will not be this posting every graphic you find on fancy rah-rah flames but substance. That you have morals, ethics and teachings. You have a tendency to live in graphics. Not the Word.

What I would say is that if you would establish the 24/7 vigils and nothing else but a morning Sunday service with rituals such as communion and confessions letter writing and the co-dependency working with people, that you are well off in establishing this new Church.

As far as the Pearls of Wisdom and teachings, you would establish the Edgar Cayce model, that those who are able to write can join in later, be sponsored by someone on the inner to see to exploring topics galore. This staff however would have to straightway take out the false teachings such as the Buddhas that rape the men and women as described to you of the ascetics who took to raping who ascended that you call Ascended Masters, especially the black brotherhood of Tibet. They only educate the 10% of the women, it is a slave culture. And you would also see that this sexual slavery of the harems are in India so you do take out the ashram type

images now. You go with the Amos & Andy and Elizabeth Wulf's women's rights way of presentation, the New York Broadway display which was in Salvation Army in *Guys and Dolls*, that this is America, the land of hope and glory, and not go back to the old world whether it is Asia or Africa.

The Good Samaritan culture you put into your code.

MOTHER MARY: What you have read is out of the ordinary. Even if it is not complete, it is an extraordinary teaching from someone such as Judge Oliver Wendell Holmes.
