

The Teaching of Amos & Andy

The Seventh Commandment

COMMENTARY: I am a woman. And it has been a life where others whether guru, organization, men try to bind you through sex. And I have learned that you do not repeat the running of red lights by obeying the Ten

Commandments. When there is the sexual binding, they pull upon the tie. I walk away and say back, "I do not need this, I have the Christ path." I have the Word. When Christ is savior, it means you are saved by scripture.

ANDREA of Chicago: The Seventh Commandment is:

Thou shall not commit fornication and adultery. No sexual misconduct.

The original Seventh Commandment was
"Thou Shall Not Commit Fornication and Adultery"
MOSES

MOTHER MARY: It is not

"The eighth or ninth commandment of God is:
Thou shalt not bear false witness against thy neighbor."

MOSES: This is not accurately recorded. This is not one of the Commandments. We will try to find it in the Talmud as this is how it is represented in Deuteronomy.

DEPUTY AMOS: Try to be able to discern this. You see that whether you are a Bill Clinton whom Nostredame called an adulterer, you see he sold out the nation in NAFTA being an adulterer.

DEPUTY ANDY: Which government program can you trust? You cannot be trusted if you are a fornicator— White or Negroid— whom can you trust and obey of these? And if you would learn this Eighth Commandment, you the Negroid will have a great freedom.

It is a greater freedom in discernment. Who will lead you? You look for leaders and then you know this trap— not to go into the trap..

DEPUTY AMOS: It is where “free” sex is not free.

DEPUTY ANDY: Just being smug and comfortable breaking the Eighth Commandment does not make it freedom that you would be living in. It will give you the ability to see who you can trust, and fear can be overcome that much easier.

George Washington Carver: This is not about race color to see who you can trust.

DEPUTY AMOS: You ask directly a family member if he has fornicated and decide to leave as this is not a person you can trust any longer.

DEPUTY ANDY: You are taking control of your surroundings that helps you to be who you are and not constantly living in a lie.

DEPUTY AMOS: It is a formidable problem. Can you see why simply an Alcoholics Anonymous program is NOT enough? **You had been of the slave class to have someone over you, someone now wants to be in that position to have you in slavery re-enacted once again**

DEPUTY ANDY: You need the strength inherent in *Judaeo*. He considers himself guru over you.

MOSES: Do not use the word Judaism. It is characterized as a set of beliefs. It is not. Therefore the religion is *Judaeo* just as you think of *Christianity* as a religion. Even this word has a negative connotation to

it, for having “Judaism” being coined by those converting to Christians who saw them as separate from one another when it is *one lineage!* We will have to see with time if people understand that it is one lineage not two and that Jesus Christ did a great disservice to humanity by starting a new religion.

MOTHER MARY: Then others were then doing the same, starting new religions.

MOSES: Judaeo is the correct pronunciation. Not Judeo like rodeo.

MOTHER MARY: Judaeo is part of the lineage. Using Judaism is a put-down.

DEPUTY ANDY: Life for you does not need to be a trying of the law.

MOSES: The other Commandments yet are just as important to you.
You cannot cross over to the New City without the trouble-brewing thinking.
