

## To The Summit Lighthouse Students

**Q:** We are very disappointed that our work in 20.12 did not work on account of these chainsaw killers.

**Nancy of Oregon:** To you the long time Keepers of the Flame: Andrew Karlsen, Andy George, Rune Hagen, Dennis Aig, and others—

**JESUS CHRIST:** I said to Peter, the cock would crow 3 times. And he denied Christ 3 times. The initiation is one of not denying me as a Messenger and Prophet but is a denial of the *universal* Christ. Thus this initiation is moment by moment, what is it that you affirm or deny?

**Nancy of Oregon:** When you have been doing your decrees, you will actually hear this scripture.

**ANDREA of Chicago:** These hatchet men have one and all denied Christ. They have said, "We think she is a psychic messenger." "We do not believe any of her Ascended Masters. They are all, everyone of them, a phony." They were themselves taking dictations, and they said, "We have the real Messenger. She is in charge of the Karmic Board."

**NATHAN the Judge:** Mother Mary has said that she went through England. That the lineage moved to England after the ascension of Jesus. And thus, you saw the Church of England, the Anglican Church, John Wesley of the Methodist Church, the Pilgrims Church, William Booth of the Salvation Army, George Fox of the Quakers, and what you saw was not a throwing the Christians to the lions as the Roman church, did you?

**Nancy of Oregon:** This is where the lightbearers went. They had a fighting spirit as Saint Patrick to deal with the serpents in Ireland. They did not deny Christ.

At the ICBM group, they took dictations. But that is this Messenger business about? It is not about the personality but of the Teachings themselves! And you have to be able to discern what are the Christ teachings, do you not? That is what it is about!

**Nancy of Oregon:** The new teachings is about the Seven Stages of Consciousness and such teachings that might further you on the path to the ascension. The teachings of El Morya of the one in Visalia California and the one at the border of North Dakota & Canada. How they ascended, how you might ascend.

**EL MORYA:** These, you have not denied as the true teachings. Thus you see, you are the Church, and what they do when as the outer Church to destroy your work, is as if you are the true Church in the coliseum in Rome.

**MOTHER MARY:** The senator who put forth the performance of the lions to maul the Christians in the coliseum, “hated those scenes” he did reincarnate in the ICBM group. In this life, she would record on DVD the few seconds of brutal beating and pounding of a boxing match that the sports channels would run as playback, and she would watch it over and over making of these laughing stock.

**Guest Commentator:** I was at the Bozeman group services. They killed me because I was about to go to the police with what they were doing, planning the murders of innocent people, who did no criminal activity—merely that they potentially could tattle-tale on their comings and goings.

What I would say is that you try to understand that you cannot go to the left nor the right with these in power. Once they are out of the way, out of the Church premises, then you see, much of what you had done, is stored, as I am told, will come back to you as what was your service.

**Typist:** I do not know, maybe what they are saying is how the Light is drawn up into the pink Secret Love Star. The sun of Helios. Other places.

**MOTHER MARY:** A lot of this cannot be explained to you. Only that you walk in the path of Christ and one day you find yourself in the Roman coliseum, and the next, you find yourself in England, and you would not know one from the other actually.

**MOSHE:** We move forward here.

You have not in some cases, donned the mantle of the Mother of the Flame.

And in some of the others, you have not garnered the original work on the flames and this you begin here.

As you move forward in the encompassing of the flames work, you will enter into a holiness that you had not known to be a part of the teachings. Thus the decree "A flame is active" you thought one day, had been "too slow and elementary" to you, becomes now one in which you would see as that holiness that was not there before yesterday.

We move forward from here.
