

To Christ Church

Today we had the great blessing to have the Presence of the Rai of Suern in heaven. This great being was the leader of the Suernis. This was around 90,000 years ago.

The people did not need to produce food. They could precipitate food. To do this, they would have to maintain the Light on the altar which required doing the decrees, and the disciplines of the altar, to keep the Light flowing up into the upper chakras. This civilization fell when the people rebelled at the protocol of the altar and had to then farm for food thereafter, for not wanting the disciplines of the altar. It was at a time when the civilizations were empowered by an unfed flame which is a flame that does not need fuel. Into that unfed flame were people who needed healing and those who needed to be returned to primary substance as a cremation flame. Such an unfed flame is upheld by a great one such as the Rai of Suern.

MOTHER MARY: Today the Rai of Suern came to put El Morya to the second death. He assembled various ones in heaven and Serapis Bey's Retreat to give the teaching on this eventuality. What he said, was that irrespective of the relationship he had to religious movements as Abraham and that he had acted in good faith to produce a good work, that he was going to the second death for another reason. They have very little Light around their aura and they do no decrees as these would in Christ judge them. El Morya did not decree.

The Rai of Suern explained that you can have ones through manipulation of backdirect or karma to ascend. There

can be just as many ascended ones of manipulated ascensions. However the average time that these ascended ones of the Dark stay in heaven is 2 months, and El Morya was able to hide his nature.

MOSHE: What the blessed being, the Rai of Suern, said was that this is not a condition that can be corrected even. What he has is called hatred of the mother or hatred of women. You call misogamy, hatred of women.

BELOVED BURNJEH, Physician: What it is, is that they see people being tortured and it is a form of self-masturbation as it causes the sexual energy to be activated normally quiet, being unobtrusive and unseen such as an itch in the back of the neck. And this torture of women is daily. His misogamy was not specifically with Elizabeth Prophet, although he tortured her and the women staff, it was that he would find a woman in his life and this person would daily be tortured or not be tortured and raped but dispensed with according to what would bring more comfort to himself.

The Rai or King of Suern said that the sexual energy does have something to do with this hatred of the mother. That it is sending sexual energy to himself and not to another to produce children or to bind to the spouse so the sexual energy is forefront which is not so normal in most people. I have seen that most who serve the altar who serve Christ are not concerned with sexual energy every day.

Furthermore that we were not judging his work. It is not that these do not do good work, it is that the self-masturbation through stalking the tortured and viewing the sexual energy based torturings that is a glee that they practice. It is not slavery, but it is worse, in that with slaves, there can be a respect for them. With hatred of the mother, there is the degrading of the woman to obtain his own needs that goes on daily, that cannot change, as it is a free will election. It is rare, however he had it. Maitreya had it, these go to the second death. His office as Abraham will be filled by someone else.
