

To Christ Church

Q: Are these self-masturbators then masturbating every day? El Morya was not masturbating. What it is that he monitors the people he is torturing. So let us say it is some horror such as a shack raping of xLanello. He will go there and watch the "violent pornography" and get goose bumps.

(Suern is pronounced "swear-en". Suernis is pronounced "swear-knees").

RAI OF SUERN: That "chill up the spine" is the sexual energy that is daily. It is looking at the horror and getting the chills up the spine that is the sexual energy in motion that is a daily fix that is the self-masturbation.

He would set up conditions of torture as Nancy will explain.

Nancy of Oregon: Say a person is now asked to leave staff "before sundown" which is standard policy. Say a person has the agony of not having a dating policy on staff and is not being able to work with this condition in sexual confusion or their "acting out". He would then go and find where this person is and get his "goose bumps" daily from the "staff disciplines."

Q: Did Ted Bundy who killed a mass of women have this hatred of the mother?

RAI OF SUERN: No. He studied the violent pornography magazines and did have the thrills from watching torture but he was a mass murderer.

Q: So are they masturbating while they watch victims die as the police describe?

RAI OF SUERN: Not El Morya or Maitreya. They were not the mass murderers seeking to kill someone. They only wanted to see the horror of torture.

MOTHER MARY: His idea of "staff discipline" was to use the whip. Lash them 50 times under Islamic law, that was to him the only realistic law. It is however what made them either insane or evil. The other heinous evil was to have someone having sexual entry 50 days in a row. Altogether this Islamic torture was with 9 women. Although this caused insanity in 2 people who went to an insane asylum, the others filled out their police reports and left the Teachings.

Q: Why was Elizabeth and the staff going along with this?

RAI OF SUERN: They would otherwise be punished by Mark Prophet who was in physical embodiment. It would be the 50 lashings and the other 50 entry Islamic torture.

What he did was to set up the conditions through Elizabeth Prophet that they would break the code of conduct and then need to be punished.

RAI OF SUERN: He insisted that the Islamic law on caning and 50 lashings was superior and that began his second death trial.

MOTHER MARY: At the second death trial, he said that 50 entries was necessary, 75 would cause insanity and 14 sexual entries makes a woman rebellious.

RAI OF SUERN: He then would pursue and pursue this number of 50 entries until he had the woman raped 50 times! Even after her having a killabortion. Even after the person had left the property. No, he would send thugs to complete the job of the 50 rapings. And he would only be satisfied to see the 50 number completed as "his duty and honor".

Might I add that there is no entreaty of these two, El Morya and Maitreya, to change. What they do is self-masturbation, they have no need of anyone else telling them what to do.

RAI OF SUERN: He had 2 embodiedments following the Emperor Akbar of the Moghal Empire in the Persia area reincarnating as an Islamic. In one of those embodiedments, he did whip his mother as a 9-year old although that is not the cause of his second death, he was following custom in that region.

Q: I was masturbated by the department head and then this daily masturbation continued over the decades.

RAI OF SUERN: It is something where these 2 affected would be going to the second death for the self-masturbation.

Q: What Nostredame said was that sharks do not need to procreate as the other mammals, they have both gametes in their bodies. Outside of this Church, would self-masturbators such as the Masturbation Club that was started by someone in

the Christian Church for his not needing anyone have this fate, of going to the second death for daily masturbation?

RAI OF SUERN: Yes.

Q: How do you precipitate food?

Typist: The question will not be answered. But the use of the Violet Flame or the Seventh Ray is explained in this way, that if you were to look at the Cosmic Clock, you see that before you get to the new cycle at the 12:00, you must disintegrate the old cycle at the 11:00.

MOTHER MARY: And the disintegration process begins much earlier. However at the Summit Lighthouse, the Violet Flame was called "transmutation."

Nancy of Oregon: The Violet Flame is the 7th Ray.

ANDREA of Chicago: You master the Seven Rays personally on the spinal altar and in the world of mastery.

RAI OF SUERN: Perhaps it could be answered in this way that you understand then. That for the lack of attention to the altar and the holy rituals of the altar, you do not precipitate food.

MOTHER MARY: Moshe precipitated food. Jesus fasted for 40 days. It is doable when you have reached a level of mastery on the precipitation ray or the 5th Ray.

Moshe: The question is not meant to not be answered. But these are natural experiences of the altar. Fasting from voice

and speech is also a part of this work, that many of you have not yet begun. To not speak for a year.

RAI OF SUERN: The not speaking for a year is a natural progression in steps on the Path. And these are not necessarily required of any of you except that you understand that much of this was written down in the Bible by Moshe and Jesus.

Then there is the Phyllos experience of sequestering yourself on a ship at sea to learn the Bible...

On and on.

These are natural steps over many long centuries for you to take as steps on the Path.

Then it is that you understand that the altar is where you learn these sciences.
