

Name of God Defined

MOSHE: The Church is to be built by those who have this calling to build the Judeo-Christian Church. It could be someone from the large cities or small towns, it is for the person to know who you are.¹

At one time, the 10 Commandments were read daily. That changed over time. In the Oral laws, the Talmud, Moshe commands that the rabbis who conduct the services are sincere.

MOSHE: Having services and with rabbis is not a matter of only holding 3 services a week!

Typist: This will absolutely shock you. This was known over 2,500 years ago, all the rabbis knew this. The word "God" Moshe taught meant "eternal".

MOSHE: God is that which is eternal. Your YHVH, your I AM THAT I AM is that which is eternal.

Now are you able to see the misunderstanding of the name of God is Messenger, messenger-like?

Even if you did nothing else for your introductory, you say, this church worships God as that which is eternal! All the services and rituals are toward this purpose and understanding.

MOTHER MARY: We will end here. This is the true lineage of Judaeo- Christian Church.

¹ **MOSHE:** In the series, "Message to the Summit Lighthouse students", it was the speaking of El Morya. He has since gone to the second death. His way in church structuring is to name names. We then must take back the naming of both Eileen Francis and Joyce Heiser as this is more El Morya speaking.
