

The Archangels For the Earth

Q: What does it mean **“Do not go up against the Archangels?”** This was a frightening message that was repeated again and again.

Typist: Primarily the warning is not doing evil and lying. It is secondarily that you understand the teaching of Moshe, “take off thy shoes, for thou standest on holy ground”

This was a requirement in Judaeo when you had work on the altar, that you would take off your shoes when you were at the altar. This was in addition the requirement that you would when you sense the Light, to bow your head in Judaeo.

I do not see. However after long years of decrees I can see the flames. I was once seeing a blue flame over a redwood tree. And I said to Mother Mary, “Look, that’s Archangel Michael!”

She said, “Now you know the stature of Archangel Michael.”

And Archangel Michael, hearing this, came over and said, “That was I over the redwood tree.”

Several people have either being taken out or stripped of their power if they lied to the Archangels. What actually happens is that they are before the Karmic Board once there is

a discrepancy in what they are saying. And it is the Karmic Board that decides what happens.

So in one instance, a person was being paid to hold the Archangels at the computer for email exchanges in order for the Red Guard to come out and kill the typist. This happened with quite a number of the ICBM group members, going up against the Archangels for money.

MOTHER MARY: The Karmic Board did not look lightly at this. They said that it was not a mistake, you were being paid. It is what is called “consideration” in legal terms. Thus, these are legal trials that these of the ICBM group find themselves in.

Typist: The stripping of the power of the one person was with one of the attainment of Solomon was that, repeatedly, Archangel Michael, had said that you have demons on your website and you need to take down the website. He did not. So the Lords of Karma stripped him of his power. He then became so debilitated that the false hierarchy could send demons or walk-in’s or evil spirits in embodiment, and he would do whatever they said. Morya tried to help this individual, saying, you can have your attainment back, it is a matter of riding a bicycle, you just practice. However, the point is simply, to not go up against the Archangels. This person was not ignorant of what he was doing, he had already been in the teachings say 40 years.

In the case with the one who was told repeatedly, that your picture on Facebook has demons on it, here is a new one, switch it out, without the demons but with the new pink background. Gisel, the Root of Martha, chose the new photo color for you. He would not. But that case was not sent into the courtrooms.

All of the dorm rapist and shack rapist informant cases have gone directly to the Karmic Board. Anyone who told the dorm rapist of the schedules of the women who worked at night, anyone who helped the department heads to enter to rape women for having the key to the dorms, were summarily

judged, not only by the Archangels but by the Karmic Board. Every one.

You ask, what about Moshe then? What is the Light of Moshe is explained in this way. It is an uncommon Light. He had such a great mastery even on earth that he knew how to do the impossible. So should you be judged, it is again the law, but it is this uncommon Light that runs through all the Old Testament. It is this uncommon Light that is even seen in Acts where the descent of the Holy Spirit is on the 9:00 of God Reality right in line with law, that is a stupendous judgment and an uncommon judgment of the Light. An example of this is the judgment of a Judge Oliver Wendell Holmes. It is uncommon, it is God Reality, it is a going up against the law, human and divine.

The fear of the stature of the Archangels where you do take off your shoes is explained is in this way. Dorris Pearl who wrote the three books of the *Step by Step We Climb the Highest Mountain* of the I AM Teachings Movement from the 1930's, did one time in disbelief go on the altar where Messenger Godfre had just given a dictation. She said, she was knocked down by the Light right after the dictation which was very great. She in her "belief of the Light" had to crawl off the stage. She said that she would never again criticize the Light of the altar.

MOSHE: It is explained in the carrying and moving of the Arc of the Covenant of the Light therein.

MOSHE: This is also an uncommon Light. Your decrees, the ones given to you, are of this uncommon Light.

Typist: What Martha taught us was that the decrees were not "just ink on paper". These were dispensations.

MOSHE: The decrees are dispensations of Light. Just as the Mother Mary rosary is a dispensation of Light.
