

Why the King of the Jews Defiance

JESUS CHRIST: This is essentially what had happened.

Nancy of Oregon: This is an extortion. Moshe had trained the people to look for Messiah. And he said in Deuteronomy that you are to find a king and have this king rule over you.

Now you know the Mary Magdalene story, naturally, they have to make a prejudiced story here. If they ask Jesus, are you King David come again, and Jesus says "yes" because he tried out the Cleopatra exercise, or he says "yes" as he is of this lineage, you see, it is what is an extortion.

The Jews are to under Mosaic law to make Jesus the king of the Jews. Instead they mock him. They say, "You the king of the Jews? Ha, ha. You bastard, you went and killed Bathsheeba's husband so you could covet her." It was an extortion.

ANDREA of Chicago: What is the character of Jesus Christ? You see in the last 2,000 years, he has worked with the scribes to bring about the New Testament, the Pauline letters. You see him today, explain to you the meaning of *Revelation*. Why in the world would you subscribe kingdom building to him that Elizabeth Prophet did?

Nancy of Oregon: Elizabeth thought she herself or someone from the organization might be able to get into the White House as the President.

ANDREA of Chicago: Jesus simply is not even this personality.

JESUS CHRIST: I even said, "My kingdom is not of this world."

MOTHER MARY: He came to give the Christ teachings. As one Ascended, he has continued on, in this mission and raison d'etre.

MOSHE: You can see why although he had resurrected his body under Mosaic teachings, that he could not even return to that hostile arena. Mother Mary and a few went to England.
