

Current Jews

The message Nostredame gave is one that could not be given in 500 B.C. or even 1,000 A.D. It was a message that could only be given in the U.S.A. in 2017.

NOSTREDAME: Not even at the Nixon trip to China in 1972.

Nancy of Oregon: What Nostredame said was that the teens were being raped in the Communist agricultural communes. And that this is their culture, call it concubines, sex-slavery, farm collective communism, or anything else.

ANDREA of Chicago: What he said was that this was the real reason why Cathay could not accept Christianity. What you have here in this story of Mary Magdalene was not only the despoilment of scriptures but the very fissure of Judaica and Christianity. Jesus Christ himself could not either cause these Jews to follow nor could he himself see continuing this barbarianism among the Babylonian Jews.

Typist: It was a 3-year mission! For Jesus to save Mary Magdalene from being stoned is to them taking away their anticipated goose-bumps sadism event to torture a Saint Stephen! The one you had a sex binding with, in lust, you get to now pick off the wings of the fly in sadism. And you would more than likely find in the annals of history that the Jews went to Roman leaders and said "kill Jesus".

They were angry about Jesus challenging their private property rights which is under Mosaic law. Simply, the Messiah could not go left nor right.

MOSHE: Private property rights do not extend to slavery, servants made sex-slaves, teen rapings by gangs of men, gang raping of older adults in that the Red China ones seriously believe they conquered and own the United States as property such as the gang rapings of the State governors' teens and wives.

Or the Babylonian Jews in their treatment of the man-servants. In Judaica, it is regrettably so to not have spelled out that it was to be a female servant to the female of the house, a male servant to the male of the house.

Saint Stephen didn't hide within the four walls of some "church building" and play the "saintly sage." Rather, he got out there among a hostile Jewish audience and boldly proclaimed the Truth. Stephen realized that in the battle for men's souls, the soldier of Christ must not be found cowering in a foxhole, afraid to engage the enemy. He must be out among the people, where the battle for souls is being fought. Stephen was stoned, therefore, as he was visible and he was vocal.

JESUS CHRIST: Is this not the same reason to kill me?

FATHER MALACHI: You see why they chose the cross. He already had Mary Magdalene escape the stoning.

FATHER STRONG: So he himself could also escape any stoning. They knew his power.

FATHER MALACHI: Jesus had to be killed. The Babylonian Jews were not going to accept him and all these 2000 years, you do not see this happening.

ANDREA of Chicago: Largely this will change in the United States, the Chosen People, the Chosen Land. It is geographically as if the people live in the pocket of Elohim.

MOSHE: The land overflowing with milk and honey.
