

The Secret Rays

The secret rays are after the 7 rays. They are

in the secret chamber of the heart. This is where is your keynote. It is not to be tampered with.

The very nature of the secret rays—clothed as they are in a sheath of blue lightning to seal them from the prying eye of mortals who have eaten of the tree of the knowledge of good and evil [Gen. 2:9, 17]—the very nature of those rays makes it impossible to understand them until you stand within them. You must pass through the sheath. And I tell you that to pass through that sheath is comparable in your octave to passing through a wall of steel.

Think what the secret rays are. It is as if the 5 secret rays are where you have the operating system files. You would not through a virus on your computer destroy the operating systems. And this is the nature of the secret rays.

FATHER MALACHI: What you know of as good and evil is tampered with in prostitution the violation of men and women in outright sexual slavery!

ANDREA of Chicago: Even the Egyptians were not this inhumane. They had a substantially greater love of the Mother and the child. You see this inhumanity in the Solomon's or Saladin's. You saw this inhumanity in the Hebrews.

FATHER STRONG: You do not see this in the sending out of Hagar to the wild beasts by Abraham (El Morya) and Sarah (Elizabeth Prophet).

FATHER MALACHI: The Egyptians went to find the basket where Moses laid in the bulrushes. They went to fetch the child and care for the baby Moses. This is the love of the tender love of the mother and child that was seen in Egypt, even without knowing where of he came from—only that he was a child of God.

FATHER MALACHI: Thus may you one day learn of the great love of Pharaoh for his beloved son Moses. That this love of the slaves and women was carried over into the Sinai Desert way of passage. That they went to Canaan and turned back to wander for 40 years until all would grow up in a greater understanding of the journey. And therefore this love would be disregarded in the passing over of the Jordan River.
