

Abuse of Power in Sex

The Catholic Church hierarchy was told by the Vatican, in the pedophile cases, that this is only a touching of the skin. From the Phylos literature, the violation of the secret rays requires 59,500 years to correct.

In the Phylos story of Mainin, the high priest, he had the powers of the Sons of the Solitude. In a fit of jealousy over Lolix and her beau, he turned Lolix into a pillar of stone on the altar where she stood.

In another lifetime, Mainin had kidnapped Lolix into the woods. When the two emerged from the woods, the townspeople put the two to death for their having lived in sin.

FATHER MALACHI: They were summarily put to death. The binding into the future incarnations are of two types—sexual rape binding and sympathetic binding. And she found herself continually tied to him in having to re embody and find him there.

Both types of sympathy are automatic. Especially if a person is drugged, and in the case with Lolix, she was kidnapped. She is then to reincarnate into the 20th century in the Phylos story with this traumatic memory of these very lifetimes with someone who professes an undying love for her. Throughout the Mainin story, he says, “We were made for each other. There is so much love between us,” he says. And this is the outer mind speaking throughout the Phylos story in how *he* sees the story. Not in *her side of the story*.

Lolix says, “I hate him.” “I hate to see him always appear in my life.”

ANDREA of Chicago: You cannot violate the 5 Secret Rays and consider it only “touching” as in the Catholic hierarchy.

Nancy of Oregon: All this current talk about the rapists and date rape, “I couldn’t help myself, I am in love with you.” This goes to ruin the lives of the young women for the violation of the secret chamber of the heart where is the computer code to live for the remainder of that life.

MOSHE: That code that cannot be violated.

Even an animal you can kill and it can die in safety. How is it then? These humans go on to reincarnate into the hundreds of thousands of years with sexual abuse!

MOTHER MARY: The commandments you must teach, that even if women be violated from TV milieu, it is not to be the standard of conduct that they judge their lives.

ANDREA of Chicago: The statistics in Red China is 100% child abuse.

Furthermore, the world organizations wrongly categorize sexual abuse with physical or emotional abuse. It is clearly not the same.

FATHER STRONG: Deuteronomy teaches also on war. War is taught not to be pacifists! You are to fight mercilessly where the people worship strange gods.

FATHER MALACHI: The strange gods not shown at the writing of Deuteronomy was the Red China raping of 5 to 1 of the teens. The cruel feet binding. The strange god of the Islamic is to make of women sex slaves. The slashing of the women by whipping them 4 times by male 9-year olds. The Hebrew culture is to make of the servant sex slaves. The pedophile is raping of the boys in the Catholic Church.

GOD HELIOS: In Islam by veiling the women they can be raped mercilessly as they do not have a face that they show forth as to how they have changed from the men walking-into their homes to enact the rapings which begins at an early age. There are knives.

MOTHER MARY: Women do not have the right of the Freedom of Assembly as they have here in the States. One of the highest incidents of child rape at this time in Southeast Asia. This is a combination of both Red China and Islam.

MOSHE: This science of energy was not clearly shown in the writing of Deuteronomy and thus, it becomes then to be a serious consideration to be in an editing of the book.
