

Judgment Update

MOSHE: We ask you to come to your senses that you discard so-called free-trade.

Note: Their original plan had always been to raze the citizens with military commandos and it changed to this. In their nation, their army moves to put out fires, so they are trying to force our military to go to Northern California. But they have 14 other fires planned

besides this one in Northern California. You cannot count on FBI. Under the NAFTA "grease the wheel" plan, they bought Caucasian babies and raised them in foreign country to replace US FBI.

NOSTREDAME: Do see that the NAFTA chief was an adulterer. I ask the guards, the police, any government and media: That you do not sell out the US through giving these fuel to the fire. Do not fornicate with the foreigners, do not masturbate in a group, take drugs, and when you hear "want to have a good time?" you run. Do not take bribes, do not be a prostitute to sell out the US.

NATHAN THE JUDGE: You ask, "What can we do?" If you were serious, you would take out the marijuana-deathdrug laws.

JUDGE Oliver Wendell Holmes: That would be at the least. You have lost the propaganda war! In the seventies, studies showed that rhesus monkeys in Africa given marijuana-deathdrug had sections of their brain destroyed. And you say, "The articles say it is harmless." This misinformation is planted! It is not harmless!

Nancy of Oregon: These are not normal eyes.

JUDGE Oliver Wendell Holmes: And with Americans hallucinating all the time, how is it possible that you can have a republic, you cannot.

NATHAN THE JUDGE: The marijuana-deathdrug laws is put into place by the enemy to no differently do what was done in the Opium War.

Continued.

GOD HELIOS: We will see in a fortnight what is the judgment of the Lord God.

Nancy of Oregon for the Karmic Board: What goes around, comes around. Touché.
