

Graffiti

- ❖ There was the child each time smeared in his face and hair with the sexual fluids. The mother says in the 3-way, "This is fun." "This is beautiful make-up." Week after week, the child hated it. As the adult, he went desecrating buildings with graffiti.

MOSHE: That woman is a witch. You are required to distinguish what is a masquerade at Mardi Gras or Halloween to do evil. You are to distinguish what is the result and motive of this witchcraft. After the church, she went on to doing tarot cards as her justification to be a witch, and it is for you to distinguish what is evil about this. As the advice of a tarot card reader can even be helpful if it is onto the way of eternal life.

Nancy of Oregon: In the child, this is altered computer code that was a sweeping virus! The word "fun" spoken is then a signal to do evil to another one unsuspecting.

An implication of fun is the world scene of selling guns, drugs, prostitution and government secrets in black market trading for cash. What these sell is "fun", in gambling and easy wins, luxury cars and hotels, in clothing, fancy meals.

GOD HELIOS: We would point out to you the handling of authority. Whether it is your mother or it is the teacher.

EMPEROR LeAMTHE: For example, Bill Clinton was the President. We know he had authority. We must point out to you this in the confrontation with authority. That you not just go about cutting tires and smashing windows without the legal authority as a protection to yourself as a male teenager would cut tires and key the car paint.

GOD HELIOS: What you see in the prior example by the General is that it is a courtroom situation at the hotel. The legality is what we would point out to you.

MOTHER MARY: The General ascertained the criminal behavior and then went to shoot the door handle straightway. What you are required to do, is to ascertain what is the criminal behavior and then to go about shooting their windshield with a gun or the backseat if that is what you had planned to do to seek justice.

GOD HELIOS: If you do not relate the criminal as if you are in a courtroom situation, they will go about to hurt you or someone close to you as they think you need to be punished for crime.

Nancy of Oregon: Learn the power of questions. When someone poses a question to you that you figure out whether you answer it or not. If they touch you, straightway answer! Even if they do not say anything. They have no right to touch you on the sleeve, on your face, anywhere!

MOTHER MARY: When a question is asked and you do not answer, the criminal thinks you are in agreement. If he calls you "sweetheart", this is stalking behavior.

GOD HELIOS: You must answer.

EMPEROR LeAMTHE: You must answer: "Go to hell. I'm not your sweetheart! I'd cut off your penis if I could. I hate you. Get away from me. I see stalker-rapist all over your eyes. Go to hell!"

GOD HELIOS: This is stalking behavior. And you must go about protecting yourself. These others go the way of the hut in other embodiments.

MOSHE: This "fun" is what you would try to distinguish as what is holiness.
