

## The Jesus Mission

**JESUS CHRIST:** Some of you have wondered why it was that Elizabeth Prophet who had been Martha who paraded with the 12 disciples and each were martyred except John would be the one chosen to bring about the Second Advent Teachings.

The choice was not alone mine. She had been Sarah or Abraham's wife, Theodora, Nephertiti, Queen Marie Antoinette, Queen of Austria and these are considerations taken up by Cosmic Council. Frankly I had little say.

I had not foreseen that this herein cycle would be the one of the Christ teachings. It would not be until the next 70,000 cycle, this was recorded in Revelation. Not this one. This one for what has been outpictured has been with mixed results.

I am told that the *Gospel of Mary* will be at some point be published here. It is hoped to change all of Christendom. Why? Mother Mary in the gospel is shown to be healing family after family. She is in the community of the Jews to bring about the resurrection, save children, work on viruses, teach homeopathy, using herb poultices and in general extremely active in

Nephertiti

Elizabeth Prophet

her work as an Archangel in embodiment in her science and healing work.

What was the number following Moshe at that time? He had thousands following him. He also taught diet and tradition and homeopathy. It is not but 12 then? It is that the thousands did not dare to follow Mother Mary.

**SAINT DIANE:** It has always been. Mother Mary has said: "Now, listen to my son Jesus Christ and learn these Christ teachings"

**ANDREA of Chicago:** Always. At the healing services, at the conferences. At the holidays. Always referring people to listen to Jesus Christ.

**Q:** Why did Elizabeth Prophet order the stoning of Mary Magdalene?

**Typist:** This has not been shown to me. The idea that the Bible is only a historical document is not always, but for the Presence of Mother Mary, we are truly blessed. Mother Mary wants to teach on many foundational teachings from the other lost books. She has indicated that there are teachings that need to be taught. Bless the Holy Mother teaching us on the Bible.

**MOSHE:** This was the role of the Mother that was not carried over from Egypt where the people worshipped God as a mother Presence.

**JESUS CHRIST:** So that is 30 years at least! Mother Mary was healing, doing her science and healing and resurrection work for 30 years! Even before I began my ministry! And even though I traveled elsewhere to learn the Vedas and other systems, she did not leave the homeland and these thousands of people ought to have followed her! It was not what happened, and thus, you understand that this was a result of the professing to have servants when the women were heinously violated and made into sex-slaves. You remember Mother Mary saying, turn the water into wine. Go

ahead, you can do it. It is written clearly that she is the source of this knowledge. And the teacher.

**MOSHE:** The 30 years is adequate preparation for the Jews to receive the Messiah. Even the wanderings is 40 years—actually longer— however you see what has happened is that at 30 years, the people would have been ready to hear the sermon on the mount and other Christ teachings and they would not.
