

## The Seventh Ray Action.

### Reality Check

#### On Low Prices

**George Washington:** Thomas Jefferson clearly falsely assumed, the rest of the world was turning to the Rights of Man and acting in reason. You falsely assume that the low prices given to you is in honor of your free trade! The low prices are fictitious. It is a way to make you captive and hold you as a colony. Getting something for nothing? It is a type of Trojan horse. An opium war strategy. You are the fool to stupidly believe in such ideal prices as \$5 shoes.

**Nancy of Oregon:** The only power to these people is the gun barrel held at your face. The Thomas Jefferson only power was the ink pen. The Aztecs according to Cosmic Council in the last month, has said that these are of the bottom who must go. Islam has to go. You cannot force people to live by the pen when they consider it their god to live by scalping and chopping off your head as these Aztecs see themselves. Bill Clinton was a lawyer. He was able to reason, and he falsely assumed Red China lived by human reason.

**GOD SHIVA:** I am asked as the representative of the Holy Spirit, under world law, under international law which side is correct in the \$5 shoes. The shoes are higher than \$5.

**OMRI-TAS:** This is a young nation? It is infantile! Before the Karmic Board at the end of life, you are required to give an accounting for your time.

**SHIVA:** The Americans float in an idealism that is physically dangerous to them. How is it then that your major US engineering firms whether it is Lockheed, Martin Marietta, Bechtel and others, that they build missile facilities overseas to bomb Washington DC and to blackmail the White House into submission?

You are then truly so—"out of touch with Reality."

**Nancy of Oregon:** Tic-toc. And this "reason" way reminds you of the rationalists schools of the Scottish Enlightenment that created the 1787 US Constitution.

It has weakened Americans! They are not able to defend themselves as they are not taught about Absolute Evil. Their morality and psychology of "get even at any price."

You say to an American, "The Aztecs cut off the head to see the body spurt blood from the body." He will say, "I do not believe you." You say, "These people are a warrior class not the Judeo-Christian middle class." And he says, "You believe whatever you want to believe."

**ANDREA of Chicago:** What words does he have? "Awesome." "Cute." "Nice."

**NOSTREDAME:** It is what I said to the typist. What consciousness you need is Homer Lea who could see where the next world power was coming from. He aided Sun Yat Sen, Bill Clinton and Al Gore sided with totalitarianism to solve the Social Security problem or Red Communism. Lea was from Denver. Now then, see that he cared enough.

**GOD SHIVA:** I am the Holy Spirit representative. Little do they know that this is creating a backdirect for his head to be cut off. You cannot live by reasonable belief only but by the

thread of your actions. Whether that is in the field of the martial arts or not, you are warriors of the spirit nevertheless in taking up the Sabbath services. Nevertheless you have a problem on your hands with a Thomas Jefferson Constitution that does not seek the welfare and protection of the Eagles as a priori.

**MOSHE:** I am the military general. I am the law judge.

You hold people to the law. When they are here, you hold them to the law. They cannot go on our college campuses and make posters such as "Dump the Trump. You are on our land, Mexico." Where there are traitors, you kill them.

**ANDREA of Chicago:** This giving of the violet flame is not some Disneyland Magic Mountain roller coaster ride that you feel you must try out! Rather, it is daily cleansing.

**NANCY of Oregon:** This is when you get to this place where you do what is the will of the altar, and you do what is the will of Mother Mary as you are a child of God. Her child. You give forth the adoration and do the rosary.

**ANDREA of Chicago:** You do not count it too hard then to do 36 Astreas. It is no longer a chore. You are about your Father's business and you have passed the doubts, the rebellion, the gimmie-gimmie. . You serve the altar. You, God forbid, wear the hair shirt when you need it.

**JUDGE Oliver Wendell Holmes:** The law of China is that it has been there for the centuries. They consider the robbing and killing and making cannibal meat from the seniors to be as precedent. This is law "inviolable." Of inhumanity.

Clearly it goes against the Ninth and Tenth Commandment.<sup>1</sup>

**MOSHE:** This is not to bewilder you. Rather the message to Zion-Sinai is not different than to Zion-US. Keep the commandments.
