

## Violet Flame Liturgy Reality Check

**SAINT DIANE:** What is said then is that in particular Zion-US needs to have the violet flame for their weekly Sabbath service. Some of you are saying but "I'm Humpty Dumpty. I fell off the wall, I need to be put together." Then the violet flame is where you would find yourself doing.

**MOSHE:** The violet flame liturgy would be one of the Sabbath services.

**ANDREA of Chicago:** Red China killers here do not pay taxes.

**NANCY of Oregon:** That is whom Red China sends. Killers. Red Guard.

**ANDREA of Chicago:** The Red Chinese and Canadians have held down about 70,000 positions in government Washington DC, readying for the handover to Red China in the US Department of Agriculture, in the Pentagon, Federal Reserve, Treasury and elsewhere. They get the 1099's, they do not pay taxes. How is it that the US can even become the next Hong Kong if citizens do not pay taxes? It is impossible, as this nation is based on tax law.

**NANCY of Oregon:** They just go about killing people on the street and the Bill Clinton told them, "Kill the seniors while

they are in their bed, not like you do in China, just kill everyone out openly on the streets."

**GOD HELIOS:** The law they follow on seniors is to kill them, claim their real estate and wealth and say, "You do not need this anymore" as their reason.

**JUDGE Oliver Wendell Holmes:** Their reason is "beyond a doubt" as their understanding of law from China. They do not come here to follow the US law. The FBI which are Hong Kong purchased white babies, speak Chinese, and English is not their language or culture.

**They come here to obey Red China law. You have not understood that they have no intention to obey US law, as you are the colony. The United States is to be renamed "Hong Kong" and pay colonialism taxes to them.**

They will control the agricultural community. It will be such a huge catastrophe, to be replicating the same as the no-freedom communes, the same as the spraying of the crops with poison if they want everyone to act as cannibals here in the United States.

**Typist:** What Napoleon said here about the thousands of Arabs going to intermarry with the Germans is that he was French. He understood the religious. He sought the Rights of Man. And what you see with the German women is that the only stability they seek is to have someone to have sex with.

**NOSTREDAME:** When you have the freedom of the US as you have in the Constitution, it is best if you would leave this country if you would not take on the work to protect that freedom that is a great, great joy to Americans.

You start with the shooting of schoolchildren in schoolyards.

**Typist:** In such a shooting, the gunman killed himself after killing scores of children. Neighbors when asked said they had

known him months before to be shooting at the flying airplanes. They did not care to report it to the police.

**NOSTREDAME:** You see this is not much different than your tolerance of Guantanamo Bay where the killers of 9/11 were let out free by Barry Obama.

**MOTHER MARY:** You defend him, on your voting for him. And the backdirect to you is such that you will not be able to reincarnate in the United States again.

**MOSHE:** I remind you that this is how Atlantis fell. It was when politically the people in their Constitutional freedoms tolerated the evil and not caring. In such a political choice—to vote or to not care. And then to leave it to the evil forces to do what they will, the laggards became the dominant culture that the “plug had to be pulled”. And the Noachian floods came.

**GOD HELIOS:** Will the 100 years be shortened before the floods come?

**GOD SHIVA:** It depends on how you react to the making of cannibal meat of the seniors. These seniors are made into a plate of fried meat, they are the Silicon Valley retirees that gave you your computers.

**GOD SHIVA:** You may not recognize this particular Hewlett Packard or Micron Tech. individual but he gave you your printer and memory chips. And it has been a great increase in your life. That is who is on that plate of meat!<sup>1</sup>

**Get a grip!**

**Typist:** The failure to grasp the horror is why you need this violet flame. When Bill Gates was looking at smart phones, Elohim Astrea said to him, “Go to Japan. They have a long history on the smart phones.” When the Microsoft team arrived, they were only to find out that all the other carriers had not gone to Japan to likewise learn from Japan. Such is the narrow mindedness of Americans.

**GOD SHIVA & OMRI-TAS:** It is best if you would admit to your stubborn wickedness to be such ostriches with your head in the sand! You tout “freedom USA” but you do not understand what is this freedom.

<sup>1</sup> The Red Guard can eat a plate a month or they will only offer a killing job to an American if they will eat the cannibal meat.

**Nancy of Oregon:** To Red China, it is “Come to the free country and not pay taxes. You are free to kill anybody. You are free from US law by buying out the police” as they do in Red China and Mexico and everywhere else.

**BILL GATES:** You can bet your bottom dollar that Red China will say, “We do not have to pay taxes. *You* are the colony! You pay taxes to us!”

Do you think Red China is here to give you forever “low prices”? It is just only long enough to have you act as a colony, and when you pay taxes to them!

The way they have been coming into the US to become as citizens is through an university degree. From that, they work later at a US firm. And how do you think they pass university finals, barely knowing English, I ask you? *They have someone take their final tests* and the teachers are under threat of violence that they must grade the papers on this illegal scheme.

**Bill Gates**, the Czar of Computers

**MOSHE:** I remind you that as Moshe, I am a military general and commander. Thus you see how far Americans have veered away from the purposes of a George Washington to defend this Zion-US. His stipulation for the US Constitution was to state clearly that he could not have won the Revolutionary War without the grace of Providence. And thus you come to understand that for the Ten Commandments in your law system, you have such a great nation.
