

## Reality Check

## Kill With God Authority

### Sixth Commandment— Thou Shall Not Kill Without Authority, or Thou Shall Kill With God Authority

**Sergeant York:** I too had the \$2,000 white shoes and the \$5,000 suit of Michael Jackson. You have all the abundance of Light coming to you, you are living in the land overflowing with milk and honey, if you will kill with authority or hit every note to be a honest and beautiful creation of yours and beautiful music piece that you play.

**The difference is that the United States is a nation that belongs to God, it is a nation that the land belongs to God and the people belong to God. It does not belong to NATO or UN leaders.**

And Mother Mary has asked the military to be on their knees to ask God for forgiveness if they have served NATO as they serve the military of the United States not foreign nations not under God. For even if you are a killer in the military, you do not kill on demand. You would kill for God.

**MOSHE:** There are jobs different for the city police. Try to kill crime, especially organized crime. That you are trying to find loopholes for criminals under current law is how you must

decide what is more important, that you keep the streets clear of the Red Guard who kill whomever they like or dislike.

**Sergeant York:** Whether it is Red China or Mexico, they will quarter in your home the reminder of their life. First killing you, eating your meat, moving in, paying the yearly property taxes. It is evil force that you must be about your Father's business to kill off the land of the United States.

**MOSHE:** You kill for a reason and that has to be a God reason and an authority from God.

You are not as these other tyrant nations— hoarding, and extorting and killing and stealing to get wealth and the abundance of this nation of the United States that is under God. You work for your abundance, and that abundance is Light.

**MOTHER MARY:** You make the beautiful notes, you are building beautiful and perfect notes in your playing of music in life.

**Sergeant York:** And how is it that these foreign generals come over here and rule at the US military base? It was NATO.

**MOSHE:** You must never forget that this nation is under God. And that you live and die for God, you kill for God. You do not kill for the obedience in the military to the NATO or UN tyrants.

You work for God. And you work diligently and you will have the abundance of the Light that this nation is promised as Zion-US!

**Sergeant York:** The abundance of the US comes from people such as Nelson Rockefeller who was a Baptist. You see this is the love one another of J. Paul Getty in Standard Oil, the Bill Gates who wanted his mother to have a way to use the computer at home. It is "love one another" of the Judaeo-Christian Church.

**MOSHE:** The nation is build on killing that which is evil however. And I charge the military that you practice shooting weapons and kill for God.

**GOD SHIVA:** You cannot be as the past Presidents to say to the military "I am God." You will live in honesty.

**MOTHER MARY:** The other article was sent to the military. It was at 2 a.m. in the morning where they were waiting for the word from Us. That they might after so much Korean deprogramming, be authorized to make it over to this side.<sup>1</sup>

**ANDREA of Chicago:** They patiently waited for the word from Mother Mary as the Great Divine Mother interceding on their behalf. They subsequently would go to rest and then they would go into a healing program for many thousands of years.

**Nancy of Oregon:** Killing with authority means that the military and city police go by law. You are to protect the United States Constitution. You are to not just fill out police reports and consider justice has been served!

Remember that crime begins at the 12:00, 1:00 and 2:00 o'clock lines as in the stalking of the Red Guard, to know when you are home to kill you as the senior. How is it that you can be in HUD or Section 8 housing and be served cannibal meat that the city police do not kill these people working for Red Guard?

**ANDREA of Chicago:** You have heard reports of the thousands of Americans killed. You find body bags of people chopped up in the Mississippi or Columbia River and you just fill out a police report?

Or that you have poison gas made by the Arabs placed in tunnels in bags shot with glue stuck there on the ceilings by the Red Guard and you do not even take it down.

**Sergeant York:** You must never ever let NATO or the UN on these grounds again!

**MOTHER MARY:** I remind you that the Red Chinese you see in the United States are many times students who have other people pass their university exams that they might become citizens and that 100% of them are killers.
