

# THE NEGROID GENOCIDE IN THE DEEP SOUTH

**NATHAN the Judge:** Under international law and cosmic law, there are no boundaries or nation demarcations to determine genocide behavior. It is no different than the Nazism extermination of the Jews.

**ANDREA SELESTOW:** The Deep South military police did not have a choice but to obey the Red China thugs, as they went to see his mother, and said, "We will go with you and kill your mother."

**Ella Fitzgerald:** It is cruel beyond belief that they have these brothers of mine to be given the small bombs to put in their pockets to blow them up through a remote control.

**Nancy of Oregon:** It is evil and cruel beyond belief that they will simple punch a few buttons and have them blown to smithereens. And so they are told, "These will come in handy. So keep them in your pocket."

**To: Military in Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, South Carolina, Tennessee**

**Michael Jackson:** We are hosting a get-away and welcome party to all military hired by the following cities<sup>1</sup> and States.

**Ella Fitzgerald:** We have only come to learn of the horror of your Korean deprogramming.

<sup>1</sup> **Alabama:** Auburn, Birmingham, Decatur, Hoover, Huntsville, Mobile, Montgomery, Tuscaloosa.) **Arkansas:** Fayetteville, Fort Smith, Jonesboro, Little Rock. **Florida:** St. Petersburg-Orlando-Tampa, Tallahassee. **Georgia:** Albany, Athens, Atlanta, Augusta, Columbus, John's Creek, Macon, Roswell, Sandy Springs, Savannah. **Louisiana:** Baton Rouge, Lafayette, Lake Charles, Shreveport. **Mississippi:** Gulfport, Jackson. **South Carolina:** Charleston, Columbia, Greenville. **Tennessee:** Clarksville, Franklin, Jackson, Murfreesboro.

**Louis Armstrong:** We would have you volunteer to go to the electric chair.

**Count Basie:** If your military police chief is an illegal alien, you would put him to the electric chair or shoot him first.

**Michael Jackson:** We look forward to seeing you here and you will see me in my spacesuit to play piano music.

**Louis Armstrong:** I will be singing "*Oh What A Wonderful World!*" Ella will be singing her 40 songs. Do try to make it to the party.

**B. B. King:** Come to the party.

**Aunt Jemima:** You will rest for 3 months or longer, but it will be easier for you here, and you will have a new beginning.

**Michael Jackson:** Come to the party.

---

**ABRHAHAM-EMANZIANDIE:** There were two types of xtraining of the police. One was the red-packet party version, the other, the genocide version in the Deep South. It is actually too horrible to describe this Deep

South version in which the Negroids were recruited **FOR THE PURPOSE OF EXTERMINATING THEM**. As police, they were not allowed to use a gun, only to be killed. This xtraining involved Red China using their Mao guerilla tactics and the deprogramming techniques of Korea in World War II. There would be 9 thugs that went about this xtraining, such that the Deep South police are no longer Americans. For example, they were castrated and beyond that, told to be in various positions while touching their anus. They endured a great suffering in having to sit there and repeat over and over hour after hour that they will, yes, they will, yes, they will kill Americans. And this was that they would be exterminated as any white would kill them.

**NATHAN the Judge:** You can see this genocide behavior in the AIDS epidemic.

**Commentary:** The truth is that she did not stop this genocide behavior, only lightened up on the Negroids after the chopped head of a Negroid she tortured was presented to her.
