

Original US Constitution Doomed For Failure

Providence or Voting

NOSTREDAME: You can see from the Bill Gates example what two options, Providence or voting, you have as seen from the days of the Golden Age and the most superior days of the crystal cities and the Golden Age of Jesus Christ as emperor on Atlantis. The two options are that you either listen and pay your attention to “Elohim” or you resort to voting.

The first US Constitution is doomed for failure, give it up!

You cannot continue to vote and hope to arrive at the superior leadership you see in one such as the current Military Law Council to listen to Elohim and the Archaeli Mary.

MOTHER MARY: You cannot find that superior leadership as was with the Emperor Jesus Christ on Atlantis.

George Washington: The voting is detrimental to a nation under Providence. As you know, I prayed throughout my period with the American Revolutionary War and it was through the divine assistance that I even won the War! And that you would write into your Constitution “voting” instead of listening to “Providence” is a sure-fire way to blanket destruction of the United States which I had founded under the guidance of the Karmic Board or the Backdirect Board. Give up your Thomas Jefferson voting! Go to the way of the Holy Spirit.

Did I not know Thomas Paine? Yes I did. He was an opportunist then also. Thus you see, it is by voting that you are sure to lose this nation. As this is one not to act on God conscience but who has the greatest force of power. He was given a chalet in Europe and he would go forward to betray this nation after seeing the missiles in the Yucatan directed at Washington D.C.

If you vote for
the lesser of two evils,
you are still voting for evil,
and you will be judged for it.

NOSTREDAME: The French had this as their raison d’etre before the Reign of Terror. Napoleon had to ask the religious people what is the Will of God as he himself was not so adept at this as he himself practiced a military conquering in his ruling.

GOD HELIOS: Neither a military conquest or a voting methodology will do. You can see from the Bill Gates example that had he not followed Elohim Astrea’s instruction to create the beautiful gardens it would not have been created. As Czar Peter the Great, he built St. Petersburg. It would not have been created. The

superior navy he raised up would not have come to pass. Thus you understand that the Emperor on Atlantis who had been Jesus Christ himself was one who listening to the Holy Spirit.

MOTHER MARY: Superior leadership was not built by an ego and a selfish spirit.

GOD SHIVA: It is where “the rubber hits the road” that their decisions are based on this God Reality. And when Elohim says that the waters from the rivers, from the Columbia River, from the Sacramento River are not to run out to the ocean, it is that they see the perspective of Elohim.
