

Archangel Chamuel

Church Authority At Work

ANDREA of Chicago: What you see is that for this age is that you put aside the human reason of science-as-superior from the public school's education, and learn spiritual reasoning. You try now to be open to the spiritual highways. The spiritual byways. The United States in removing religion from the public schools have regressed in that they in the face of Red China and the Aztecs, do not know how to act which is indicative of their being uneducated in the metaphysical, the unseen warfare, the unseen archangels and Elohim, the unseen technology, the unseen spiritual science and the computers of the heaven worlds.

You ask, "They have computers in the heaven worlds?"

NANCY of Oregon: Yes, you understand so little about life and death and backdirect. It is all computerized as to where you will go. You cannot hide behind your laziness to read the newspaper and think you will have everything to pass over the gates of Peter, the near-death experience. *No*, you will be going automatically to judgment by and through *the computers of backdirect*. You at death, may be greeted by beings of Light as described by the near-death experiences, but heaven's computers then take over you and where you will go.

NATHAN the Judge: In your search or pilgrimage, which you need to begin soon, to find truth, to find the spiritual truths, it is for the protection of the United States.

ANDREA of Chicago: What can be that morsel of truth, that crumb from the Master's table? It is what Alpha said, he said—*you have God given rights*. You have the God-given right not to be thrown to the lions. You try to see your God-given rights and not just go by your civil or human rights.

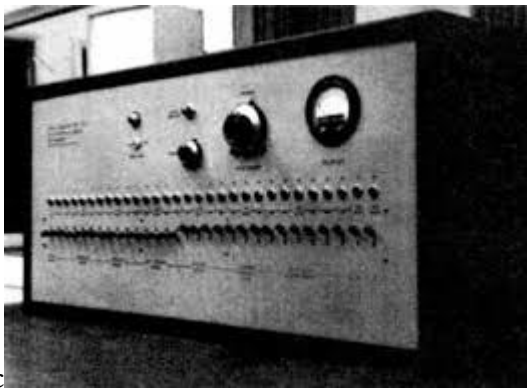

Typist: For example, I was told this writing was fine writing of the Jehovah's Witness. Now a prejudice exists towards the Jehovah's Witness people as they do a difficult work called two-by-two knocking on doors.

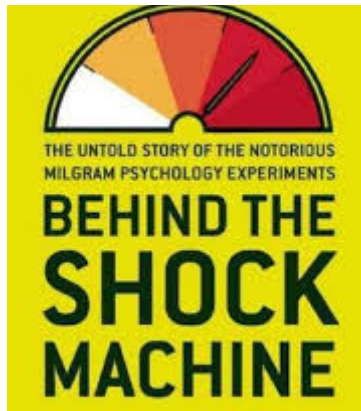

ANDREA of Chicago: You bless the people who come in the name of the Lord, irrespective of what is it their sect. If they do not wear the finest clothing, you do not judge them upon that.

NANCY of Oregon: This goes for so many sects that you have these prejudices.. So how do you judge? It is through understanding what is their work with the scriptures and with the work of Jesus Christ.

FATHER STRONG: You in prejudice do not ascribe the work of the New Testament called the Pauline letters to Paul the apostle. That is flat-earth reasoning!

NOSTREDAME: You live by a reasonable judgment of specifics of law to judge either the Jehovah's Witness, the Mormon's or the Catholic Church. You cannot act as lemmings as seen in the Stanley Milgram experiments at Yale University, where 100% of the Americans (except for the rabbi and the German woman who said, "Haven't we suffered enough?") , the 100% Americans tortured the man with running the shocks up to 400 degrees on the electrical shock panel to shock him to death, to then for the American to simply get up, and to walk away, to ask for his check, and would say "I did a good 'job' you know, really didn't I?" America is not only an industrial revolution worker who does a job! He must develop morality and conscience!

NOSTREDAME: You will be met by the computers in heaven.

FATHER MALACHI: You recognize that the truth of the Pauline letters of the New Testament is that this was written by those dedicated fathers of the Catholics who were in direct revelation from Jesus Christ himself unseen but felt. And acknowledge that 75% of the priests asked at the Vatican say that the Pauline letters were not written by Paul the Apostle. You live in truth.

FATHER STRONG: You live for truth. You live by truth! How is this religion of atheism in the US Constitution to be recognized in the United States? The atheist takes no accountability for the crimes committed towards the future generations. These are facts!

NANCY of Oregon: It is not right that the Mormons practice polygamy and hold the teenagers in a compound condition having sex with these powerful and aggressive men that they have concubine conditions, conditions of the Children of God, conditions of the concubines of Red China, conditions of Solomon's 700 wives, which as you saw, were Jews who could not accept the Messiah when he came. Jesus Christ. Who came with the savior teachings. And would enact the stoning of Mary Magdalene to punish her for just being alive when she had done nothing to do them to harm them.

NOSTREDAME: In this excerpt, it is written by an angel and that was explained to the typist, that you would not have prejudice towards such a writing. It is you who must have an open mind. As you can see in this long and detailed description of YHVH.

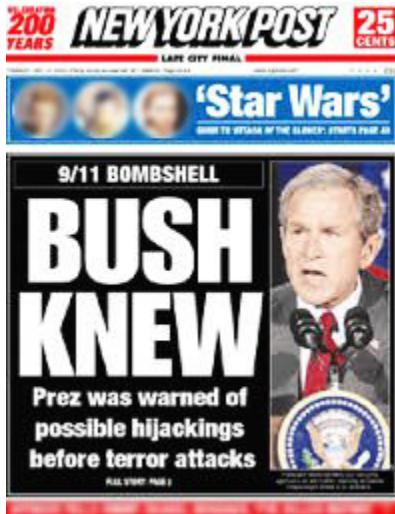

You do not actually see this defining of the YHVH until Malibu Camelot. You in discovering truth would look at the lists, at the definitions no differently, looking for the breaking of the God given rights in judging another church organization.

FATHER MALACHI: You can see when you have write-ups such as this, it is but definition after definition which the Jehovah's Witness writers did. But see how much further it is when the Baptists and Quakers go themselves when they have these rights-of-passage spelled out.

And then you choose—

Does this break the God given rights? If it does as in the cannibalism religion of the Red China and Aztec people, then you go on high alert. You do not give them an inch!

NOSTREDAME: You rid your country of these. You do not honor their religious practice. The Red China populace rejected Christianity and what was there before was cannibalism

and the breaking of the God given rights of the female teenagers. The men covet, the people do not respect private property rights as given by the Ten Commandments.

JESUS CHRIST: What fellowship can ye have with darkness? If a people live by a list of breaking of the God given rights, you would need to go on high alert. You can see that the use of the Islamic whip by the 9-year old is evil.

NANCY of Oregon: You would not accept President George Bush plea for the Americans to absorb the Islamic religion! He on the one hand does this before TV and on the other hand arranges for the sheltering of these bombers in 9/11 at Guantanamo Bay until they were set free by a President.

ARCHANGEL CHAMUEL: The name of this book is *Obedience to Authority*, Stanley Milgram, 1974. The book gives you the detail of the experiment, although without a teaching. You can also read Archangel Michael's teachings, go to howheal.com/vision2014.html, scroll to the date 7-21-14.

It is a heinous and dire prophecy for the United States to compare itself to Red China, to any nation for that matter, is it not? You have not yet understood that for you to own property even, this came from the Ten Commandments, and for you to freely bash the Ten Commandments is not in order as you see the result is shown in the Stanley Milgram experiments. You have a people who know not further than being obligated to have a conscience to vote on election day. They do not know the heaven's computers. They glide along life with beer and football, not considering the backdirect should this nation of freedom, the United States, be lost to countries of tyranny for the lack of religious concern, religious institution, saying: "I do not believe in organized religion." Believe in organized religion! You will rue the day that you did not heed this warning, that you did not create the Sabbath services as Mother Mary and Moshe have shown you, you will regret this time.

Rai of Suern: The 9-yr. old whippings are hatred of the mother. It is furthermore always ending in the veiling of women that the men would be able to freely violate all the women's God given rights, including mutilating their face if they are not veiled. These are conditions that take years to put into law perhaps but it is you who must be more open-minded as to what are the spiritual laws that govern and see that the "higher must go higher and the lower must go lower" and see that you work in harmony in community to eradicate these forces who bear the weapons, who work behind closed doors in intrigue and treachery of the Presidents: "elder and son" and the "fox" described to you by Nostradamus. And thus, you will succeed by being without what is ignorance and hoping this will go away.

As surely as night follows day, you will be met by the computers of heaven.
