Starting To Use Homeopathy

In starting out with homeopathy, it is best to learn a few medicines that you would use over and over again. The 2 medicines that I use are **Belladonna** and

Ledum. Moshe adds **Apis**. These are in 30c potencies.

The **Belladonna** medicine is especially useful for flus and viruses. It is for the fever, it can in a few seconds bring down a high fever. The keynote is “sudden and violent”.

Ledum Palustre is useful for disappointments and hurts. Its keynote is “puncture wounds” It furthermore has the power to remove poisons. This could be from an insect bite to someone terminating your employment.

The **Apis Mellifica** is made from the honey bee. And Moshe used it often for the trauma of the beehive I suppose with the Egyptian slaves. The keynote is “Pains as a bee sting.” This could be a slap from the slave owner. It could be a searing pain that runs through the body as if you had been a slave and a hot iron was put on your skin. I was extremely impressed with the depth and compassion that Moshe had with **Apis**. He used it for the military in all sorts of difficult conditions where they were horribly violated.

MOSHE: You can use it in such conditions as being a Negroid and time and time again being discriminated against with the pain is such a non-caring pain. When you are stung by a bee, you are disoriented, you do not feel you have an identity, and this alienation is different from **Belladonna**.

DEPUTY ANDY: You feel estranged, you feel you are different. Then you would take **Apis** as you need it.

DEPUTY AMOS: It is a compassionate understanding of the Negroids.

Typist: You read from the Nostredame work through Dolores Cannon how other beings from other planets want never to lose the ability to go home. The word “home,” then is something not taught in the schools.

BURNJEH, Physician: So you see, how the estrangement of **Belladonna** makes it a major medicine for earthlings.

MOTHER MARY: I require that the typist have **Belladonna** always on hand, also the military men. You would look at what constitutes not having a sense of well-being.

There are the medicines for the kit (howheal.com/kit.html.) How I have presented the use of homeopathy is using the one keynote. The keynotes that are listed on the website came from Mother Mary and Archangel Raphael. You can learn homeopathy by using the keynote. (howheal.com/keynote.html.)

Besides the one keynote, it is also reading materia medica or the medical books. Read the page on the medicine that describes the home-kit medicine. (howheal.com/boericke.html.) Boericke’s book is sold in the health food stores.

One of the medicines used for unruly children is *Veratrum Album*. It was a main medicine during the pandemics in Europe and has a long history in septic or unsanitary conditions. Here in this passage on *Veratrum Album*, it has the symptom “tearing things.” These medical books are put

together by Hahnemann by having people who took the medicine write down “tearing things”.

Mind- Melancholy, with stupor and mania. Sits in a stupid manner; notices nothing; Sullen indifference. Frenzy of excitement; shrieks, curses. Puerperal mania. Aimless wandering from home. Delusions of impending misfortunes. Mania, with desire to cut and tear things. Attacks of pain, with delirium driving to madness. Cursing, howling all night.

So unruly children make you want to tear your hair out. The violence is the children tearing paper, tearing clothes, stomping toys, thrashing when the parent is holding the child, pulling clothes off the rack at a department store, running their hand on the counter and pushing everything to the floor.

MOTHER MARY: These main medicines, you would read upon in the medical books and pick out the keynotes that seem just to you, that you might use in situations yourself time and time again, as there are more keynotes to a medicine than the one that we have listed.
