Reality Check

The Making Of A Machine

For The Summit
Lighthouse People

Typist: It has come to my attention that “the” 80 darthvators¹ from the ICBM group were assigned to program the people at the Ranch who worked in primarily the Office of Ministry.

SAINT DIANE: This was in addition to the SPP (Suern Persecution Priests) there as opposition to those of normal sanity.

GOD HELIOS: They are then once programmed controlled by astral computers. It was a horrific programming over 9 months.

Typist: A typical programming, to make a criminal over several weeks, would be for you to break the law such as running a red light. If you refuse, then you will have a sharp pain in the neck. This programming was found in those who went to the State penitentiary or jail

You will need to take Aconite that has the keynote “*After a fright. Fear of death*” when you have this sharp pain. It is for sharp pains.

¹ Darthvators are cosmic beings or ascended ones without a soul or conscience. They escaped the second death process that killed the soul but they retained their powers as designed by a group in the false hierarchy.

SAINT DIANE: They used the name of Archangel Michael acting as a jackass to program you. You yourself will not listen to something wrong morally however when it is Archangel Michael speaking to you, you obey.

GOD HELIOS: It is you that must recognize the “jackass” command.

FATHER MALACHI: A command such as, “Only eat with your right hand. Eating with your left hand is evil.” is that you know the word left means sinister. And your morality becomes no longer flexible but a rigid one.

SAINT DIANE: You became extremely rigid in your morality. You would act as those criminals in polygamy groups that think they are doing God’s service to do their killings.

FATHER MALACHI: This is referenced in books on the Mormons who kill people. There is a harshness, a brittleness of morality. Thinking in black and white morality. This comes from the ill treatment of women and teens (aka children) in polygamy.

Typist: You furthermore were trained to not make the call.

JESUS CHRIST: The judgment call. They had a way in some cases, to separate out the soul, to kidnap it. And they through the sex cult, it gave way to licentiousness. Such that you then became fully an automaton—to listen for jackass-Archangel Michael to give you a command.

MOTHER MARY: The Michael decrees are still fine to give if it is not to this being.

Typist: What Father Malachi is teaching you are these *benchmarks*. You learn *benchmarks* such as “what is love” from

him and “what are the demons” from Father Malachi is this *benchmark*

NANCY of Oregon: They practiced duplicity. This high-water mark was not ever taught as a level that you do not descend into.

FATHER MALACHI: You are found to say, “I have a conscience.” “I obey.” “We worship the Messengers.” Judas is— a betrayal of Christ.

NANCY of Oregon: You were not taught to listen to the soul! You were taught strict obedience to the Messengers or Hierarchy. Even criminals have a conscience.

FATHER MALACHI: The conscience is selective then. It is mechanical. “Do not eat with your right hand”, for example.

Typist: A senseless killing to her would result in a big disaster. You might rationalize how eating a white candy mint as rigidly inopportune. And rationalize killing of innocent lightbearers as inopportune. But the rationalization of a innocent lightbearer killing is not acceptable to Mother Mary.

FATHER MALACHI: Here “inopportune” means you say, “everyone has to die anyway.”

You proceed mechanically to rob someone of opportunity. Once you kill one person, the next means nothing to you.

ANDREA of Chicago: The process of leaving the Teachings is one in which is a clear path. You are to come up higher. That path will involve reading the Pearls of Wisdom of Mother Mary and Jesus Christ. And doing the decrees without the black magic as pointed out to you by Alpha. You are to walk the path of the saints righteous and question what is this morality that you see at the Ranch that was corrupted that is

without any longer obeying either the Code of Conduct nor the Ten Commandments.

MOTHER MARY: Anyone who took their drugs, you are not one fresh out of Summit University, you are an opportunist and Level One.

Typist: Some of you are not killers and I will address your concern. It is on the 1:00 o'clock line, the line of witchcraft and voodoo. It is this idea always at the Office of Ministry—that this is the way things are done here, you have to get used to it. We ride a witch’s broom.

FATHER MALACHI: You see the witch’s broom. You see the women riding the broom as in flight. It is you who must see this as witchcraft and voodoo if you stay there in this thinking.

FATHER STRONG: Some on you have stayed saying, “I could not leave, they would kill me.” You stayed. You

continued to believe the witch's broom lie, "Our purpose is the Messengers." Not Christ.

MOTHER MARY: It is safe for you to leave now. The 80 are gone and those particular psychics or SPP holding this organization together.

FATHER MALACHI: You need to question your thoughts, You can take Aconite as needed.
