

Reality Check

The Ten Commandments Nation

This song “I Got the Meat” is sung in New Orleans. It is about the great joy when the family finally has enough money to buy meat. It is so Eagle-like as

you must see that all roads lead to Moshe.

NOSTREDAME: Where there is a nation without the Ten Commandments operating, that nation is evil-ding.

Typist: The Chinese premier says, “To be rich is glorious.”

ANDREA of Chicago: This is not how the Eagle thinks. It is not so. You see this Eagle went and got the meat and the family worked for their skillet. What is “glorious” to the people of the United States is the freedom to follow an economic path of having a set of rules--the Ten Commandments.

NOSTREDAME: The laws are based on the Ten Commandments. The Chinese rejected the Jesuit priests, they rejected Judaism or the Ten Commandments. This Golden book Deuteronomy is the book of the Seventh Seal in *Revelation*.

NANCY of Oregon: The last two Commandments are on property rights, the first Commandment is on the Sabbath. Yet even the last two Commandments are not understood without all Ten Commandment. All roads lead to Moshe.

ANDREA of Chicago: We rely on the oil from the Middle East. It does not mean that we have been absolved from protecting the borders.

NANCY of Oregon: The 9/11 bombers were caught and held at Guantanamo Bay.

ANDREA of Chicago: They were let out of jail, paying them a million dollars each to leave and not to repeat another 9/11. This does not bode well for the average Eagle who wends his way through life, playing by the rules. How is this following the Ten Commandments when all roads lead to Moshe in their day to day strivings?

NANCY of Oregon: Then you have NAFTA. You cannot free trade with a nation that cannibalizes people. “Thou Shall Not Kill” is one of our Commandments. That they come into our country through Boeing jets landing as if test flights and are routinely given dead retiree social security numbers, is not playing by the rules. No country by cosmic law may trade in “free trade” with the United States if they steal, such as the copyrights, your car, your house, they do not pay taxes. This is a Ten Commandment: Thou Shall Not Steal.

Typist: You say that with the copyrights, they got all they wanted, and that issue is over with.

ANDREA of Chicago: This is not true! You see how they will not pay their customs slips to the US Government but are requiring Walmart to empty their shelves to do it, and a judge said that the custom slips were not intended for Walmart or Target to pay, but for the offending nation.

SAINT DIANE: They have no intention except to say, “we own you and we will by our strong heritage steal from you.” They have attacked our customs facilities with weapons of mass destruction, with quarter size bombs, with regular military attacks from their military landing off their cargo ships off the West Coast from China or off the Boeing jets which is their air force.

Typist: The weapons come in cargo units with dragon tails. The problem with this is organized crime.

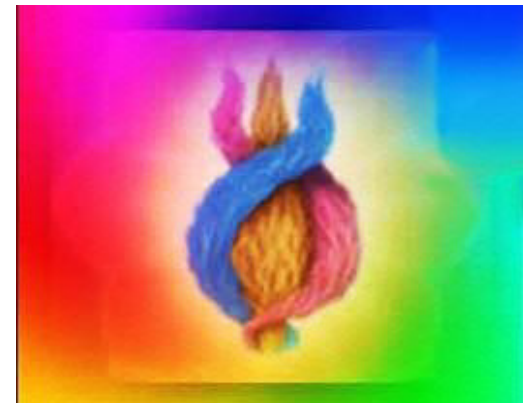

NOSTREDAME: The famine was induced by Mao Tse Tung. The people cannibalized, eating their children. Even Harry Luce of Time-Life magazine who had been to China was astounded at this inhumane treatment everywhere. The Welsh priest was seeking relief supplies out of US Chinatowns, and yet, he himself was forced to leave China as the people were not about to change their heinous ways.

ANDREA of Chicago: They sit around like this.

ANDREA of Chicago: They have not discovered the liberty flame, the flame as you see it here, the Eagles are initiated in their heart at birth. Not elsewhere. They live by Moshe’s commandment, “be fruitful”.

NANCY of Oregon: The family sits around and plots. So to kill a baby girl, they starve the mother to cannibalize the baby to feed herself. In the US, they offer the cannibalized meat of seniors to those working in government housing to win acceptance. The red guard are skilled with the knives, they still

need the Eagles to cooperate in killing seniors without conscience through cannibal meat to desensitize them.

This is the torture of these people called the “Chinese torture chamber.” Anyway it is a machine, this Chinese torture chamber that does not stop. How many times, have they tried to poison the Great Lakes with chemicals. Many times. Again just this last month, again.

ANDREA of Chicago: NAFTA is a free trade of cannibalism at present. The Eagles do have a right not to have this free trade. Korea sends over an ICBM to Hawaii and said this is free trade. The Eagles do not want to accept this free trade. But at present they are forced to as justice is not being served.

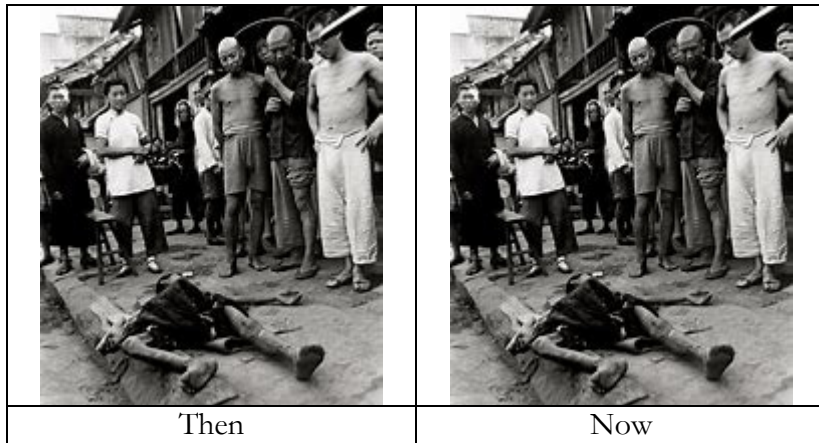

Typist: You might say, “I am a Thomas Jefferson atheist. A Adam Smith economist.” These concepts of money and finance have fooled you into accepting anything that comes across on the TV monitor. The reality is that where you yourself do not express your freedom in “all roads lead to Moshe”, you find yourself in the religion of the airport spy novel.

What we did was we did not watch TV. We sought wisdom in the US. This was at a time when there was no internet. And we sought this higher way of truth that we would personally find the Ten Commandments whether it be through the Quakers or AA.

NANCY of Oregon: It is an extremely long road to in a free nation, to find the path that leads to the high and holiest way! We would drive the 8-16 hours each weekend for decades!

SAINT DIANE: You truly have not an idea of the sacrifice to find freedom and truth.

NANCY of Oregon: And perhaps this song will show you this road is what we have, and isn't that great!

NANCY of Oregon: The Red Guard kill our seniors and rob them 38,000 seniors in Silicon Valley alone) of their money and stock accounts, laundering the money through a separate set of books at the Wall Street stock exchange.

Typist: But we were taught to say to those of faith, perhaps those only having piety and not necessarily mastery (i.e. hypocrites) to say, “Blessed is he who comes in the name of the Lord.”

You need to try to see this. That you do not bring up “separation of Church and State” and such atheistic claims when this cancer is being spread in this nation. You have to set aside your arrogance and pride that you know all there is to know and that you do not need God.

ANDREA of Chicago: When I think of the long road it was to find the Truth in the United States, from Chicago, you see it is no different than a George Fox of the Quakers being persecuted to find freedom. No different than Roger Williams of the Pilgrims at Rhode Island.

GOD SHIVA: What is being said here is not so much going back to the roots of the founding of this nation. It is that you have not understood this as backdirect and if you do not go to the electric chair early, it will be that you go to hell when you go over in death. Supporting this great evil, many of you find yourself through a counterfeit atheism.

Typist: From this song, the Eagles are willing to go poor and without if they can live in a land of opportunity and freedom. The Eagles are willing to forego low prices.

MOTHER MARY: The urgency in your putting away your atheism is that you yourself do not make the backdirect for your aggressive apathy or that you be found as a dead senior.
