Lobelia Inflata
Tobacco

Spends its force mainly upon the pneumogastric nerve, producing a depressed relaxed condition or with oppression of the target organs.

MOTHER MARY: We are not including this medicine in the major list. However you see how important it is when a person goes for bypass surgery for smoking and lives only another 6-9 months.

Mezereum

The surge olive is a part and remains a part of the (main spine) branch.

Bone pains.

BURNJEH, Physician: What you seeing here is the balance of forces on this branch that it acts as one.

Niccolum Metallicum

Suits debilitated, nervous, literary patients, with frequent headaches, dyspepsia and constipation.

Ovininum

Ovinine Ovarian Extract

Ovarian cysts. Climacteric disturbances generally. Suffering following excision of the ovaries.

Plantago Major

Earache, toothache

Rheum Palmatum

Radish

BURNJEH, Physician: It is a widely recognized herb. The plant is boiled and taken monthly.

It is used for antiseptic conditions, in typhoid fever, catarrhal processes. You can think of it as the eucalyptus, the tea tree oil.

MOTHER MARY: We would prefer that you use this than gunpowder [Arsenicum], Pyrogen and such.

Produces diuresis and great increase of urea. Hemorrhages internally and locally.

Ricinus Communis

Castor Oil

Has marked action on gastro-intestinal tract. Languor and weakness.

MOTHER MARY: Yes, it can be used for kidney collapse. This is not the complete medicine for kidney failure requiring kidney dialysis. You also need a mercury. You need a structural medicine such as Hecla Lava.
