

Removing Crimson-and-black-hearts Ritual

Also for removing demons.

By Beloved Archangel Michael

1. Stand and recite this prayer:

I call to beloved Archangel Michael to remove any implants within me. Cut me loose and set me free from all that is less than God's Perfection and my own Divine Plan fulfilled.

2. Get into a horse position that you have a strong stance.
3. Place one hand above the elbow of the other arm.
4. Allow the arm to move side to side.
5. On demons, the angels may be pulling them out, so the body may not be upright but move. However keep the strong horse stance.
6. Allow four minutes for one session. Look in your mail slot to see if you need to repeat the ritual.
