

Q. Subject of Sex and Binding.

ABRHAHAM-EMANZIANDIE: Sex” can mean the word “bind.” Teaching on sex has been limited to procreation, yet sex often is found to be more in power control and in its channeling to be understood as a *sacred* fire that cannot be used for other purpose than holy work.

ANDREA SELESTOW: It is touted as a right in the United States and it is not a right, it is surefire way to head to the trash dumpster.

SAINT DIANE: Freud has not been understood and he has become sex guru.

ABRHAHAM-EMANZIANDIE: Freud’s fixation on sex was that he was a victim of infant child abuse. So he spent his entire lifetime trying to unravel what had happened to him. The theories of Oedipus and mother fixation and such theories took hold without fully understanding his sickness.

Nancy of Oregon: The word of libido indicates that there is a "channeling" of this energy. Erich Fromm taught on libido.

STEVEN ECKL: The sacred fire is the term sex energy or *kundalini*. *Tantra* is where black magicians cause the channeling of the sacred fire through the pingala and sushuma to have an ecstasy and therefore the monk has no need for sex, alas, but what essentially happens, is people with such a concentration end this meditation with black magicians to siphon off the light that is channeled to them through masturbation. This affects not only the men but women, and you see these sexual poses in the mandala paintings.

Nancy of Oregon: In Hindu practice, the kundalini masters burn out their channels through meditation. These require a full time nurse to care for them as the meditator is one who cannot take care of his needs. The channels that the kundalini run along are burned out. Rajneesh himself had his channels burned out and was in need for the sedatives and pain killers.

Samadhi as a goal is confused with sexual states as being synonymous and they are not. Samadhi is best understood as the indifferent state over an injustice which is what was taught as a Perfection by Gautama Buddha called nibana. . The word "nirvana" recorded not by the disciples of Gautama Buddha but by commentators has equated nirvana wrongly to *ecstasy*. Rather the true teaching on nibana or nirvana is passing the initiations of a sense of injustice to understand the Perfection of Indifference and the Perfection of Alms which is also a state of objective Indifference.

ABRHAHAM-EMANZIANDIE: In my writings as Erich Fromm, I wrote of the people who would go to the morgue and have sex with the corpses called necrophilia. I was not able to write about necromancy then. These grave-diggers do this for months and years. An atheist will find himself in reading about the binding sex at the morgue are ones who do not conceive of the error of their ways that they continue this, and it is masturbation-self masturbation to have sex with corpses. There is no person there.

STEVEN ECKL: These cannot know there is a web of Light called antahkarana that is made of and is capable of taking them to the ascension if they would be in toward a binding *correctly* of their sacred fire to holy work.

ABRHAHAM-EMANZIANDIE: In the science of sex-binding, sex is not only for procreation. Binding sex with the spouse in family is to create a oneness of purpose to raise children under a family name. The people who go to the morgue bind themselves with dead bodies is so that they are in control of where the sex energy goes to bind with. The people who masturbate to pornography bind themselves to some person in a photograph and this travels over cyberspace in a draining of the other person as it is a means for black magicians to steal the light of both in such an intercourse.

ARCHANGEL RAPHAEL: You come to understand that you take on the karma of another and in mindlessly having multiple partners, you take on the sewer flow of karma from other people who passes his demons to you in this way. You find yourself carrying that person's karma. Have their demons. The prostitutes consider that you are forever tied to them, and ask you to perform other work for them on call.

ABRHAHAM-EMANZIANDIE: The binding to demons is no different than drugs.

FATHER MALACHI: Those who become fully demon-possessed will speak to you about their "spouse" which is a demon. You can bind to objects, bind to the fall of another as the witches and warlocks do. They can use hair or clothing of another to practice voodoo sex. At the witches' covens they suck on goat penis and say, "I never make a mistake. And if I am found, I will go and kill the person, as I make no mistakes." The cult of sex is their power, calling it nature-worship to worship oneself when it is a power of the covens to direct people in a profound way deep in the psyche which the witches have found to be true in the controlling of others that is an Absolute power in such power imbalance. .

FATHER STRONG: There are aliens who seek the sexual binding as they are able to find you to kidnap you on to doing what they seek as you are their slave through the masturbation with them. The command you through psychic voices to go here or there. They ask you questions, and you automatically answer.

ARCHANGEL RAPHAEL: Masturbation binding must be healed both as a "mentation and emotional emptiness."

Nancy of Oregon: Masturbation is a sin. The sin is absolute, and you should understand the sin is an absolutely a sin, there is no compromise in your understanding. What you masturbate to, you bind to.

ANDREA SELESTOW: It is not as you could say: a little candy bar will not hurt. Rather, masturbation is a sin that is a certainty. The sex energy becomes *channeled into a habit* and you find that you now have an aberration is short order. The great sin is as if you had

the house wired with light switches in wrong order and the lights do not work. Homosexuality is a great sin. It takes a long time to correct this if at all. You can go to the second death that is not for crimes committed but that you are as a broken toy wired wrongly. It affects how you are the adulterer to live in sin. It is how you keep a mess of your house as you do not truly value the light. You may have noticed that the ones with tubeworm demon patterns also have tramp stupor anteater demon— their spine is not erect. An homosexual has become effeminate, the lesbian acts masculine.

MAHA CHOCHAN: The situation of child abuse requires that the sex dysfunction that is due to child abuse calls for a mundane functioning no different than if you had a stuck toilet. You need to free the toilet to flow. The toilet is needed to function properly. You would not wait until you are out of embodiment to find another body many hundreds of years from now, you attempt to fix the plumbing. The conscious correction of the sexual function as plumbing would not be a binding. You are seeing this condition as a medical one. When you have fallen, it requires a few weeks to heal. All mentation requiring healing is controlled, to cause the healing is to be kept under holy purpose and to not ever lose this sight that for you to have sex, you will marry someone.

ABRHAHAM-EMANZIANDIE: Much of having sex is for power. Sadism, seeking to rape someone is to have power over another no different than to take the wings off of a fly. The sadism, stalking, the raping, the stealing and burglary are to the end of power. It is acting no different than the ones who work in the morgues who bind to power. One can bind to sex itself. Thoughts of power, domination over another, controlling and having people surround you socially, these can motivate one to aggressively seek the binding of sex. It can be to fill emotional emptiness. Where there is a need for identity, children of a collapsed religious organization may find themselves that they must not go into drugs or masturbation as they try to fill the emotional emptiness of not having a Church any longer.

Those with the child abuse will have the co-dependency and they must consciously control these means to fill the emotional emptiness but to seek purposeful and meaningful relationships by having their co-dependency under control. .

The sex as binding is to power, absolute power in Absolute Evil as seen in how the witches and slave drivers and child abusers use this power. The binding caused by the prostitutes, the forced group masturbation is again the power of the binding to nefarious goals. You are not able to leave such organizations easily. You are a pawn in what it is that they require of you to do, your will is given over to another, as you bind to their whores, and you being bound to them are obligated to conform. The masturbation is an absolute sin, as this is gasoline poured into fire where this is done.

On necrophilia, see *Anatomy of Destructiveness* by Erich Fromm.¹
