

# Ascended Masters

The demon "Black egg laying chicken" is a name that comes from the white leghorn chicken. This chicken lays eggs continuously and is nervous and flighty.

These say, read these false reports first before you read the Everlasting Gospel.

In hearing rumors, one is not able to know the truth of them. One must rely on staff or family to tell them as the accursed are not there to defend themselves.

This demon is one that must be seen as one of denying Christ in the truth of the rumors and fiascos concerning others. These are not after the saving of souls but of throwing them off the path. They are not bringers of the gospel or the "good news," they are there to bring the "bad news" that there is no path to eternal life worth seeking as they have reports that will put you to shame should you decide to go on this path. The question before others is, given these rumors they laid as traps, will they make their ascension? Will they turn around and walk back up the mountain. How will they wade through this wrong information when there is not an effort either by these to remove these false reports.

This path is only won through faith. How can a chela know how to balance karma if it not be for the Guru to instruct him daily? How is it possible for the chela to know of evil if it not be the Guru guiding him along the way? These with the demons seek the attention on their own person so they can say, "I told you so." They do not bring people to the feet of Christ to say, "You must seek Christ or the Christ Guru, he will

**tell the way to eternal life. Go find out who is of the Great White Brotherhood. You can ascend following after the Christ path. It is written in Chela and the Path."**

**This demon would have you spread rumors as fact that were fiascos throughout the community. It caused many to leave the teachings. Those remaining in the teachings felt shame at having become associated with the Ascended Masters.**

**This is a great burden on their souls. They feel shame at being called "goos" when it is by a love relationship between the Guru and chela that one can arrive at the ascension. It is a love that has no doubt. One obeys unconditionally and loves unconditionally an El Morya or Saint Germain or Mother Mary. There are no questions asked, there is only "how can I be of help?" that the chelas ask. This love and trust is seared by the spread of these rumors. They are the work of the demon to tear the chela from the Guru.**

**These are of the anti-cult movement who are a continuous stream of innuendo and calling to question each tenet of faith as brainwashing.**

**It is how they can encamp outside the borders of a holy community that they might show their reports to take one old or new from walking the path that is one of a blind belief and uncompromising faith and unconditional love for Archangel or an El Morya or one of the Gurus.**

**In this relationship one gives ones all and on the return current, the Guru gives all. The chela is given such dispensations as to ascend having balanced 50% of karma that saves him thousands of years. The Guru is able to help balance that karma swiftly should the chela work on himself while serving on his staff that is not as easily done elsewhere. These are what these rumors seek to stop in the chela coming to the feet of the Ascended Masters for moving towards his ascension.**

**They deny Christ, spread rumors and they take no responsibility for their actions. Some of these have not come to the Archangel Michael Assignment, they do not take accountability, neither for their association with the Ascended Masters, neither those whom they have hurt in breaking the love ties that chelas had towards an El Morya and the Ascended Masters.**

**These are egg layers. They leave behind their false reports that hatch and become demons of their own. Incoming souls who hear these**

**reports about the Messenger are not able to hear the teachings through her any longer only another. The rumors cannot be substantiated and there is left fear and distrust. It is only possible to make some sense of these reports if one has been an advanced student to know what does it means to be balancing karma at the 50% level, what is Ascended Master prophecy and so on. The incoming student does not know the difference. Thus these rumors are weapons that are as landmines.**
