

Ascended Masters

The demon "Meddling and obnoxious fly" is one that will meddle into another's affairs continuously. It is as one would think of a fly causes one to be obnoxious and disrespectful. He will spy on others. He has jealousy that another has something he does not have.

The mastery of the 5:00 of envy and jealousy is God Wisdom. Thus one would go and learn how to overcome jealousy. From scripture one memorizes the passages or reads from the Pearls of Wisdom and makes a study. The left-handed path is the 9:00 of treachery and intrigue. It is lying to get information, it is setting up a person to say something so they can say, "he said."

The right-handed path is the 1:00 of God Love. The practice of love can be to simply let go of the jealousy. It is to be saying "cancel, cancel, cancel" whenever that person's name or image comes into the mind. This you can see is needed upon the demon's projection to think that a false hierarchy messenger is next to God.
